Nearly 500 New Members for Board of Trade.

Surpassing the expectations of the most optimistic member the London Board of Trade Expansion drive has already more than doubled the membership of the old organization.

"Four hundred and sixty-three" was announced as the membership at the luncheon held in the Tecumseh House today. With one team not reporting, names brought in today exceeded the number brought in yesterday. All the teams are confident that tomorrow's list will be much in excess of today's tally. There is no doubt in the mind of any person connected with the drive as to the objective of 800 members being reached before the campaign ends.
