UNDER PATRIOTISM **GUISE GOVERNMENT** SPEND RECKLESSLY

At Mitchell Hartley Dewart,
M.P.P., Tells South Perth
Liberals Hundreds of Thousands of Dollars Unaccounted For — John Murray Is
President.

[Special to The Advertiser.]
MITCHELL, June 17.—That under the guise of patriotism the Ontario

MITCHELL, June 17.—That under the guise of patriotism the Ontario Government had spent hundreds of thousands of dollars, now listed in unaccounted for funds, was the charge made by Hartley Dewart before the South Perth Liberal Association in annual meeting here this afternoon.

Mr. Dewart, in his masterly manner, reviewed the regime of the present Hearst administration and pointed out the manifold ways in which they had failed to meet the situations which presented themselves. He criticized the arrangement which provided that candidates be returned to the House without any consultation with the people.

The evidence disclosed in the recent investigation of the Ontario temperance act was fully dealt with. Mr. Dewart made it plain that the Liberals were not attacking the act in itself, but the principle in which it was being administered. How the investigation of the Ontario temperance act was fully dealt with. Mr. Dewart made it plain that the Liberals were not attacking the act in itself, but the principle in which it was being administered. Cost of Living.

Mr. Dewart scored the Government for its failure to grapple with the cost of living problem. He expressed the belief that it was still possible to get out any consultation with the people. He predicted that in the two constituencies now open, the voice of the electors would be heard in no uncertain and make them disgorge their profits.

the men who have failed," said Mr. Dewart. In regard to the labor unrest, Mr. Dewart said it was too late for the Government to act and they must answer for their sins. Although the Government announced that a de-

about."

Thousands Unaccounted.

The real reason for the risings of the farmer's movement, he declared, lies in the fact that the Government at Toronto had falled to give any consideration to the interests of the farmer.

"There are hundreds of thousands of dollars in unaccounted for funds," said Mr. Dewart. "Because the people were anxious and ready to sanction the expenditure of money for patriotic purposes, the Government used it as a guise for spending much money which had not been accounted for."

In the soldiers' re-establishment \$500,000 has been spent, and all there is to show for it is 100 returned soldiers located near Kapiskasing in Northern Ontario. The Liberal plan in this connection called for a survey of all the sections of older Ontario and for the lands available for returned soldiers to be tabulated in order that the men as lands available for returned soldiers to be tabulated, in order that the men as be tabulated, in order that the men as they return might be located on farms within their own locality. The policy adopted by W. A. McCutcheon in his survey of the civil service was scored. The Liberals had urged that positions in the civil service be opened to any person who is qualified, but the Government clients to the patronage system. ment clings to the patronage system.

food and rainment of the poor man alone," declared Fred Pardee, M. P. for West Lambton, tonight, in the course of a speech which he concluded by declaring that he intended voting for the McMaster amendment and against the proposals of the budget, because they failed to provide alleviation for the high cost of living and for the present national unrest. The speech of the former chief Liberal Whip, which practically marks his severance from a Government which he supported for the sensibility of the stomach, and so may sensibility of the stomach, and so may plauded throughout by Opposition The United States Dispensatory members, and received with marked makes the following comment regardappreciation by many members on the Government side who have disagreed with the hydget for similar research

any part of the British empire."

Appointing Candidates.
The question of appointing candidates for the Provincial and Federal Houses was next proceeded with. Peter Smith of Downie had been nominated for the Provincial House at the last convention held in 1915. He was on Monday also nominated by the United Farmers of South Perth as their candidate for the Legislature. A letter was read at the meeting today from Mr. Smith, dated February, 1918, in which he withdrew from the Liberal nomination, owing to the changed conditions due to the women voters. This had never been

In the morning the representative of another company manufacturing tweed cloth admitted that his company had last year made a profit of 72 per cent on its capital.

the women voters. This had never been dealt with, as no convention had been held in the interval. As soon as the letter was read it was moved and seconded that the candida-ture of Mr. Smith be confirmed, and that the letter be allowed to lie on the table. Shifting of Responsibility. This was carried without any dissenting Outlined Position.

Mr. Smith, who was present, outlined his position. He declared that in view of the fact that he had been nominated in 1915, and there had not been any election, and in view of his letter to the executive of the association, he felt free to accept the nomination of the United Farmers.

"I always have been a Liberal, and my sympathies are with the Liberals," said Mr. Smith. "Still I am a farmer, and I have been a farmer all my life. I felt therefore that I could not do otherwise than affiliate with the farmers's movement. I felt also in comparing the platforms of the Liberals and the farmers that they are practically the same, except for some minor details. To my mind the Liberals, the farmers, ward veterans, labor men all have but ona aim in view."

Biggest Majority.

declared that the soldier has a right to expect action from the Government, and a courageous grappling with problems to chism the Government, to be shifted to commissions, but expects the Government to be shifted to commissions, but expects the Government to be shifted to commissions, but expects the Government to be shifted to commissions, but expects the Government to be shifted to commissions, but expects the Government to be shifted to commissions, but expects the Government to be shifted to commissions, but expects the Government to take the responsibility, instead of shifting knotty problems to commissions, said Mr. Pardee.

"The dollar bill, through the inflation of prices, is worth no more than 50 cents, and an anomalous position present itself. We have had a minister of the crown (Mr. Rowell) standing in his place and declaring that it is no more possible to reduce the cost of living at the present time than to raise the dead. And yet there has been sitting in all solemnity, engaged in an inquiry into the cost of living, a committee of this House which will report later. Is this merely a piece of camoultages for the poor man alone."

The declared that the soldier has a right to expect the Government. Although Talacis cl to expect action from the Government. aim in view."

Biggest Majority.

Mr. Smith declared that South Perth would pile up the biggest majority it ever had against the Government candidate. He said he intended to stand as the nominee of the farmers, but if elected he would vote as his conscience dictated.

William Forrester, who, it is alleged.

mittee of this House which will report later. Is this merely a piece of camounting something, when as a matter of fact a member of the Government is doing something, when as a matter of fact a member of the Government on his responsibility as such declares that nothing can be done; Would it not be better to call a halt to the commission if such is the case?

"A reason for the unrest in this counting the control of the declared, but for heaven's sake leave the food and the raiment of the poor man alone."

The member for Lambton declared that as the budget did not provide any relief from the cost of living, nor any comfort for the farmer and producer, he would vote for the amendment of the Opposition.

Two More Bolters.

such declares that nothing can be done?
Would it not be better to call a halt to the commission if such is the case?
William Forrester, who, it is alleged, was cheated out of his seat in the lest federal election by the "vote" from overseas, was the only name advanced as candidate for the Federal House.

bank mergers permitted under the present Government. Where there once had been 32 banks, there were now but sixteen. In the matter of money, competition was as much necessary as in connection with any other commodity.

Mr. Pardee criticized the administration of the income tax, which, he feared, was not "sympathetic." The proper way to judge an income tax rate was not by what a man had at first, but by what he had left when taxed. In Canada only 31,000 people had paid income tax so far, and only six and a few ounces is enough to last any drug store. It is very cheap, and a few ounces is enough to last by what he had left when taxed. In Canada only 31,000 people had paid income tax so far, and only six and a half million dollars had been collected. "I have only this to say," declared for the Dominion House, and Peter Smith of Downie Township, for the Ontario Legislature.

DORCHESTER, June 17.—The Oddfellows marched to the Presbyterian Church on Sunday, and Rev. Mr. Mc-Ray preached to a large congregation. Music was given by the choir, and a male quartet rendered fine selections.

PUBLIC NOW TOLD ALL ABOUT TANLAC

Authorities Now Show Just What This Medicine Really Is.

In a recent issue of this paper announcement was made that Tanlac

now has the largest sale of any medi-cine of its kind in the world and that more than twelve million bottles had een sold during the past four years. These are unusual figures, and the of the reader why this phenomenal success and why has this preparation so far outstripped all other medicines of its kind. It is only natural, therefore, that the manufacturers should offer some explanation to satisfy pubic interest.

In the first place. Tanlac is manufactured in one of the largest and most modernly equipped laboratories in this and complies with all national and state pure food and drug laws. Altogether there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began, and some of them have been used and prescribed by leading physicians everywhere, but un- pulleys are used to convey til they were brought together in proper proportion and association as in the Tanlac formula, humanity had not heretofore realized their full value and

In referring to one of the more in portant ingredients of Tanlac, the Encyclopaedia Britannica says: "It has long been the source of the most valuable tonic medicines that have ever been discovered." In referring to others of the general therapeutics, a standard medical text book states that -"they impart general tone and strength to the entire system, including all organs and tissues." This same well-known authority, in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as "a rundown condition," uses the following expression: "It is highly esteemed in loss of

acute diseases.' There are certain other elements in Tanlac which because of their influence upon the appetite, digestion, assimilation and elimination, improve trition and vital activity of all the tissues and organs of the body, and produce the state of general tonicity which

is called health. In discussing another ingredient the Encyclopaedia Britannica says: "It is one of the most efficient of that class of substances which act upon the stomach so as to invigorate digestion and, thereby, increase the general OTTAWA, June 17.— Tax what you nutrition. with the budget for similar reasons.

The Cause of Discontent.

While the speech was being delivered the high cost of living committee of the Commons was engaged upstairs in a cross-examination of a representative of the Dominion Textiles Company, who had admitted on his own showing the common was proven useful."

stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings proper assimilation of the Mr. Pardee was not unmindful of these stratling disclosures when he de-livered his speech. At the outset he effect upon the entire system. Although Tanlac's claims for su-premacy are abundantly supported by

A further reason for unrest was the bank mergers permitted under the present Government. Where there once had been 29 honks, there were now but six

To Arouse Interest in Pulleys

People know vaguely that power, but they don't realize that pulleys can be a source of money wasted.

Yet it is a fact that any metal pulley running on the same load at the same speed costs about \$8.00 per year more to

operate than does a Dodge Wood-Split Pulley.

The light weight, sturdy construction and adhesive surface of the Dodge Wood-Split Pulley insures this greater efficiency.

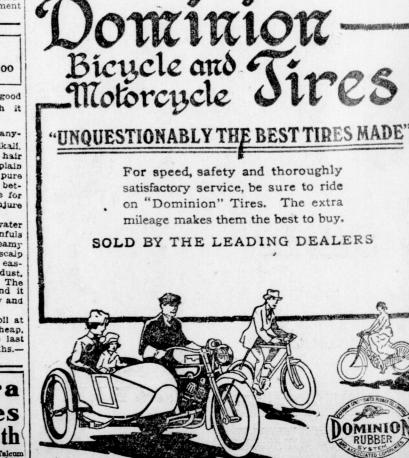

Our local stockers carry standard sizes, and will wire orders for pulleys of special dimensions.
