AGGCLAIMS

Says All Signs Point to a

Repetition of the Sweep

of '78—The Cause

of Prosper-

ity.

MONTREAL, Oct. 15.—(Special.)—The

reception given to the Conservative

leader, R. L. Borden, in Montreal to-

night, was enthusiastic in the extreme.

He spoke in Victoria Hall, West-

mount, and the auditorium was taxed to

its utmost. This was the second time

during the present campaign that

Montreal had the opportunity of greet-

ing Mr. Borden, and if cheers count for

anything, the heart of the residen-

tial section of the metropolis beats in

ison with Conservative doctrines and

principles.

Mr. Borden was accompanied by C. J.

Doherty, Conservative candidate for

St. Ann's division, and Louis Code,

candidate for Hochelaga, in which con-

stituency Westmount is situated.

Turning to the issues before the

country, Mr. Borden said the Liberals,

when not on the defensive, were cry-

ing from the house tops the wonderful

development of Canada. He challeng-

ed one Liberal to point to one single

legislative act of the government which

had increased that prosperity.

He did not notice any world-wide

appreciation of the industrial results

which would overtake Canada if Sir

Wilfrid was defeated on Oct. 26. In a

fine vein of sarcasm Mr. Borden dilat-

ed upon the Liberal boasts that all the

prosperity was due to the present gov-

ernment. This boast was placing at

very low standard the energy of the

Canadians who had taken advantage

of the era of world-wide prosperity.

For twelve years the government

had splendid opportunities for wise

administration. They should have

been able to bring about a better

condition of affairs.

As to the length of sessions during

recent years, Mr. Borden declared it

was due to the incapacity of the gov-

ernment rather than obstruction on the

part of the opposition. If there was

ever organized obstruction, it was on

the part of the "dark lantern brigade"

in the parliamentary committees, aid-

ed and abetted by Sir Wilfrid Laurier.

It was all very well for Sir Wilfrid

Laurier to throw across the floor of

the house the taunt, "Well, you are

there and we are here, and what are

you going to do about it?" Sir Wil-

frid was up against the voice of the

electorate, and such an attitude

would not do.

Position on Tariff.

As to the tariff, Mr. Borden de-

clared the Conservative party believed,

as it did in 1878, in a fair, reasonable

and adequate protection. If Pleiding

wanted to increase his revenue, he

would do so by buying everything

abroad and thereby closing home in-

dustry. No one but an idiot, how-

ever, would ever dream of such a

thing. Yet Mr. Fielding boasted of the

revenues.

The Halifax platform was merely

an adaptation to the needs of 1898. Last

year the government spent \$12,000,000.

Where were the results of such col-

Some Interesting News Notes

About the Campaign in the

Lower Provinces.

MONTREAL, Oct. 15.—(Special.)—The

government calculations made

known here as to the result of polling

on the 26th has been modified up to

date.

They claim they will carry thirty-

four seats in the Province of Ontario,

while they concede fifteen seats to the

Conservatives from this province.

This Quebec estimate is a little more

generous than they would have given

four weeks ago, and is said to have

been caused by the utter break-down

of the Liberal campaign in Yamaska,

where a perfect stampede has taken

place to the Hon. Mr. Outmet, the

ex-M.P., Mr. Gaiadu, who opposed by

a very strong faction of the party, and

when he secured the nomination the

machine appears to have abandoned

him to his fate.

So with the news that a good num-

ber of Liberals are supporting L. P.

Pelletier in Lotbiniere, the concession

in question was revised. It appears

that twelve leading Lotbiniere Lib-

erals came to Sorel the day of the big

eral election and wanted the fed-

eration to withdraw the ex-

co-M.P., Mr. Fortier, as they decided he

was not favorably considered by the

majority of the party.

Sir Wilfrid, however, was annoyed

about something and refused to see

the delegates. (These gentlemen there-

after returned to Lotbiniere furious, and

have thrown themselves into the fight

for M. Pelletier, who stands a splen-

did chance of being returned.

Derauling of Rear Truck Causes a

Serious Accident Half Mile

From Allandale.

BARRIE, Oct. 15.—News was flash-

ed thru this town about 2 p.m. of what

was believed to be a very serious rail-

way accident. The word was that all

local doctors had been summoned to

the scene of the accident.

Fortunately, the accident had not

resulted fatally in any case, though six

or seven were somewhat seriously

injured, the most serious being:

Miss Hotson of Parkhill, arm broken.

Mrs. John Potts of Collingwood, an-

kle hurt.

Mrs. John Wilson of Meaford, arm

and leg hurt, and otherwise unharmed.

Percy Hernant of 123 Wilton-avenue,

Toronto, head hurt.

Drs. Ross and Arnall attended to their

injured.

The train, a mixed train, running at

the rate of 25 miles an hour, left the

track just half a mile north of Allan-

dale, due to the rear truck of the last

coach derauling, and coming up on the

side of the train.

The three coaches went over on their

sides, but the occupants of the rear

coach, however, were the only ones to

suffer seriously.

No blame is attached to the crew in

charge and none were injured except

Suspended Sentence for Wm.

Martin Is Solicited in Or-

NORTH BAY, Oct. 15.—(Special.)—

That Wm. Martin, jr., former tax col-

lector for the town, and accused of

embezzling some \$20,000 of the town

funds, should be set free to continue

in his efforts at restitution, was the

plea made to-day by his counsel, Wm.

White of Pembroke. The crown coun-

sel did not object. Justice Britton re-

versed judgment.

Mr. White after entering a plea of

guilty asked for suspension of sen-

tence. Martin, he said, would devote

his life and energy toward repayment.

Counsel pointed out the many offices

held by accused for years, entailing the

handling of large sums of money, creat-

ing conditions wherein he might easily

become involved unknowingly. All the

property of the accused, of his father

and of his wife, had been turned over

to the town and the town council is

not anxious to send him to prison. No

injury, he said, would result to any-

one and the ends of justice would be

fully served by leniency, which would

restore the accused to his wife and

family and enable him to clear his re-

putation by restitution.

Martin was tax collector while his

father was town treasurer, but the son

transacted the business of both offices,

in addition to being police magistrat-

e and conducting an extensive insur-

ance business and other interests. In

May Hardy and Hammon, auditors, report-

ed a shortage to the town of over

twenty thousand dollars and the ac-

cused entered into an agreement to

satisfy the deficiency. The agreement

was not being carried out in its enti-

rety in the time specified, criminal ac-

tion was begun, and shortly after the

balance of the account specified were

furnished by the accused.

Alexander Stevens was found, guilty

of an offence against a nine-year-old

Galician immigrant girl and sentence

was reserved.

A true bill was found against James

Conroy, a young silverware, knowing

it to be stolen and for purchasing sto-

len ore.

SAULT STE. MARIE, Ont., Oct. 15.

(Special.)—The Sigiilano murder

trial ended this afternoon when the

jury brought in a verdict of man-

slaughter against the prisoner, Achilo

Scigliano. W.G.Hurst, counsel for ac-

cused, made a strong appeal on behalf

of the prisoner, claiming self-defence

and that the prisoner had dealt the blow

with a club, fearing that the life of

his brother Benny was in danger. Jus-

It is not expected that the case
