

**S. LIQUOR POLICY
LEFT TO PRESIDENT**

Sub-Committee Recommends Substitute for Prohibition Bill.

TO SEIZE ALL SPIRITS

Measure Would Empower Chief Executive to Compensate Distillers.

Washington, June 26.—The administration food control bill passed by the house was re-written today by a sub-committee so as to give President Wilson the power and responsibility of deciding whether the nation shall be "bone dry" during the war, and to place iron and steel and other products, in addition to food and fuel, under government control. These and other changes are so radical that many senators who have been opposing the original bill of legislation, that both sides and opponents tonight pressed passage in the senate by ratification.

As a substitute for the house prohibition sections, which, without modification forbid the manufacture of foodstuffs into liquor, the sub-committee adopted provisions which would prohibit the manufacture, during the war, of all intoxicating beverages, and empower the president to order existing supplies of distilled spirits, but would authorize the president in his discretion to permit the manufacture of malted, fermented and vinous beverages, and to fix their alcoholic content.

As re-written, the sub-committee bill will be considered tomorrow by the agricultural committee, and probably will be reported at once for a discussion without material change.

Senator Smith of Georgia, who is prominent in the bitter fight against the legislation, has announced that his support for the re-drafted measure will be conditional.

Give President Option. For the house prohibition plan, the sub-committee substituted provisions that from and after thirty days from the date of the approval of this act, it shall be unlawful for any person, firm or corporation to use, in the manufacture of any intoxicating liquors, any or all distillable or fermentable or non-perishable feeds, foods or food materials.

"Whenever the president shall find it necessary to conserve the national health, he is empowered to permit the use of such products in the manufacture of vinous liquors."

"Whenever in the judgment of the president the public interest would be subserved thereby, he is empowered to permit the limited use of the materials mentioned in the manufacture of such products."

Another section adopted would authorize the president to take over any or all distillable or fermentable or non-perishable feeds, foods or food materials, and to use them in the manufacture of such products.

It is believed two others were drawn down out of control, but clouds in the view. Our machines returned safely.

**BIG INCREASE SHOWN
IN TRADE OF CANADA**

Gain in Imports Larger, However, Than That in Exports.

Ottawa, June 26.—The total trade for April and May, the first two months of the year, according to figures issued today by Hon. Dr. Reid, amounted to \$48,000,000, compared with \$45,000,000 for the same months of 1916.

Exports for the two months of the year were valued at \$10,719,888 and \$11,497,226 for April and May, respectively, compared with \$10,734,477 for the same months of 1916.

**CONTACTS' CONGRESS ASSURES
GOVERNMENT OF FULL SUPPORT**

Petrograd, June 26.—The Congress of Contacts has passed a resolution expressing full confidence in the provisional government and assuring the government that the Contacts throughout Russia will strongly support its efforts to suppress anarchy and attempts at a counter-revolution.

WEINERT DISQUALIFIED.

Buffalo, June 26.—Charlie Weinert of Newark, N.J., was disqualified for fouling in the second round of a scheduled ten-round boxing match with Fred Fulton of Minneapolis, Minn., here tonight. Weinert, repeatedly cautioned by the referee, continued to hit low, apparently intentionally. The first round had been about even, with both men taking considerable punishment. Fulton weighed 212 pounds, Weinert 192.

**MAJ.-GEN. J. HUGHES
SAILS FOR CANADA**

Inspects Troops in England and France and Leaves With Others.

London, June 26.—Major-General John Hughes has sailed for Canada after a short visit, during which he inspected troops in England and France. Other officers in the party included: Lt.-Col. W. C. Good, G. W. Morritt and L. A. G. Roy, Majors W. L. McWilliams, Montreal Highlanders; S. S. Westmore, G. L. Drew, S. A. Cousins, etc. He has been accompanied by Capt. W. H. Brown, A. A. Fletcher, J. J. Gray, J. P. King and G. C. Campbell of Toronto.

**JURY URGES C.P.R.
TO BUILD BRIDGE**

Required for Safety of Employees Going to and From Yards.

"We find that Frederick Bridges died at his home, 2006 Dundas street, on June 19, as the result of injuries received while crossing the C.P.R. tracks at the C.P.R. yards at West Toronto on the morning of June 19, while returning from his home."

The jury recommended that the C.P.R. be forbidden to cross the overhead bridge built over the tracks at the C.P.R. yards for the use of the employees going to and coming from their work.

Such was the verdict of the jury at the inquest last night at the close of a sitting lasting over four hours. Sarah Bridges, the widow, stated that her husband had returned home after a 24-hour shift on Saturday night, complaining of pain in his abdomen. Thinking that it was some slight disorder of the bowels, she did not worry about it. Her husband, growing worse, suggested that she call a doctor. She telephoned the C.P.R. doctor. So she telephoned, and the doctor said he would run over and see her husband in the morning.

On Monday morning Bridges became worse. When the doctor came he said she husband was suffering from bruised arms and limbs and injured hip. Coroner Bateman: "Did the doctor tell you that your husband's condition was serious?"

Coroner Bateman: "No."

Dr. Clendenen said that he had been surgeon to the C. P. R. at West Toronto for many years, and that he had been to the yard at the time of the accident, where he found Bridges suffering from a fracture of the hip and a dislocation of the shoulder. He had not thought his injuries serious, and had sent him home. When called on June 20, he found Bridges in a worse condition. A slight hemorrhage that the man had had, he said, was regarded as a favorable sign of progress.

Coroner Bateman: "Did you know what internal injuries the man had?"

Dr. Clendenen: "No."

Coroner Bateman: "Do you treat serious cases in the hospital or at home?"

Dr. Clendenen in the hospital.

Dr. W. M. Robinson, pathologist of the General Hospital, who conducted the post-mortem, said that he found blood in the lower bowels, the public bone separated, a broken rib, a fracture of the left hip, and a hole in the bladder. Death was due to shock consequent on his injuries.

In summing up, Coroner Bateman said: "To err is human, but the public expect a reasonable amount of care, especially from surgeons attached to great railway systems."

**TURK CRUISER BRESLAU
BOMBARDS RUSS ISLE**

Hostile Warship Makes Appearance After Eleven Months' Absence.

Petrograd, June 26.—The Turkish Black Sea cruiser Breslau (Midulla) has reappeared in the Black Sea after an absence of eleven months, bombarding our radio stations and lighthouses on the island of Gilest.

The Breslau then disappeared in the Bosphorus, pursued by our ships.

Sgt. Duncan MacNeill of the Canadians Says Dr. Cassell's Tablets Cured His Dyspepsia Completely

Sergeant Duncan MacNeill of the Canadian Expeditionary Force, writing from Europe (his home address is 115 Pleasant street, Halifax, N.S.), says: "For six years I suffered from frequent attacks of dyspepsia, often being in bed for days at a time. When the war broke out I joined the Expeditionary Force and came to England. I had not been long there, however, when my old trouble returned, and had to go to hospital. While in hospital a friend told me of Dr. Cassell's Tablets, and I decided to try them. The first box brought me such pronounced relief that I continued the treatment. To make a long story short, a complete cure was effected."

A free sample of Dr. Cassell's Tablets will be sent to you on receipt of 5 cents for mailing and packing. Address: H. C. Mitchell & Co., Ltd., 10 McCaul street, Toronto.

Dr. Cassell's Tablets are the surest remedy for Dyspepsia, Indigestion, Trouble, Sleeplessness, Anemia, Nervous Affections, Nerve Paralysis, Pimples, Eruptions, etc. They are especially valuable for nursing mothers and during the critical periods of life. Sold by druggists and storekeepers throughout Canada. Price: One tube, 50 cents; six tubes for the price of five. Beware of imitations. The composition of Dr. Cassell's Tablets is known only to the proprietors, and no imitation can ever be the same. Sole Proprietors: Dr. Cassell & Co., Ltd., Manchester, Eng.

**ONLY THREE FAIL
FOR ENLISTMENT**

Practically All Recruits Offering Yesterday Are Enrolled for Service.

OFFICERS GO TO CAMP

British Columbians at Local Aviation Centre to Finish Training in West.

Toronto mobilization centre dealt with 39 recruits yesterday. Only three of the total offering for enlistment were rejected. Twenty-two men were accepted for immediate service with the Canadian expeditionary force and 14 others were placed on the records as medically fit.

The total of recruits offering yesterday was made up entirely of local recruits, as there was no arrival of volunteers from the New York City British mission. The Toronto mobilization centre dealt with 39 recruits yesterday. Only three of the total offering for enlistment were rejected. Twenty-two men were accepted for immediate service with the Canadian expeditionary force and 14 others were placed on the records as medically fit.

Back to the West. It is understood that on the opening of the two big aerodromes now being constructed at Lulu Island, where the Pacific coast headquarters of the Royal Flying Corps is to be located, the British Columbians who have been sent to Toronto for training will be returned to the coast headquarters for completion of their instruction. This will apply to both mechanics and pilots. The present indications are that the Pacific coast Royal Flying Corps plant will be ready for operation on July 17.

Capt. N. P. Godfrey, Capt. Allen Case and Lieut. A. F. White of the 48th Highlanders, C.E.F. service battalion, are going to Camp Borden to attend a staff course for officers. They are Lieut. Wm. S. Hodgins, G. Grant Paulin and J. M. Milnes.

**WESTERN CROPS ARE
REPORTED FAVORABLE**

Most Districts Claim Situation Promising and Weather Conditions Are Better.

Saskatoon, June 26.—Recent rains have decidedly improved crop conditions in the immediate district of Saskatoon. Reports from a dozen nearby points indicate that this district is in a very good position to qualify for rank. Reports of frost damage from widely separated points of the Canadian Pacific Railway were included in the crop report issued today. Generally, however, the reports all emphasize the fact that the crop is in good shape, but they have been having cool weather.

At Abertillery the condition is favorable and very like it was a year ago at this time.

Baleares reports everything in fine shape.

"Very favorable," reports Bulyea, while the western front, made a great deal of rain. Just what is what is wanted.

Frost has occurred at Lussland and Penzance, but the weather is generally favorable.

The entire Cuckin's sub-division reports of damage of any kind and good crops.

Handel has had frost, but the weather is generally favorable.

Reform district reports conditions as favorable.

Wickie, Asquith, Perdue and other towns in that district say crops are fair, but have some frost damage.

Biggar has had some frost damage, but the weather is generally favorable.

No proper estimate of probable yields has been made, but the weather is generally favorable.

KAISER IS BOMBASTIC IN ADDRESSING TROOPS

Conduct of Dragons Should Please Old Fritz in Elysian Fields.

Amsterdam, June 26.—Emperor William on June 21, in reviewing troops on the western front, made a speech in which, according to a Berlin telegram today, he said: "I express to the troops gathered here my fullest appreciation of their good conduct and my firm belief that they, as hitherto, wherever they may be employed, will succeed in gaining the peace for their development."

In conclusion the emperor is quoted as saying: "I am especially delighted to be able once more to congratulate the well tried dragon regiment of Bayreuth of Hohenzollern. When in the late summer of 1916 I saw the Borecki squadron in Rumania, I gave it on the way my order to maintain at all costs the old tradition wherever it might be and to gain fresh laurels in order to economize the expectations of its supreme war lord and accomplished deeds which will please 'Old Fritz' up there in the Elysian fields. May we this up. We shall not let loose our hold until a happy peace is gained."

AMERICAN WOMEN'S LEAGUE

Sydney, Australia, May 31.—American women residing in Australia have organized an American Australian League of Help. One of the objects of the league will be to send comforts to the American forces co-operating with the allies.

**ONTARIO MAN HAS
GAINED 10 POUNDS**

Machinist Was Unable to Do Any Work for Seven Long Months, He Says.

FEELS LIKE A NEW MAN

Now Operates 36-Inch Lathe All Day Without Tiring Since He Took Tanlac.

Hundreds of Canadian people, both men and women, are now taking Tanlac with the most astonishing and gratifying results, and numbers have testified in the past few days to benefits they have derived from its use. Among the number is James Robb, 103 Ontario street, Walkerville, Ont., who has been machinist for the Canadian Bridge Company, one of the largest concerns of its kind in North America, for the past four years.

Mr. Robb is a man of unquestioned integrity, and is highly esteemed by the people of both Walkerville and Windsor. He is also well known as the machinist of Detroit, Michigan, U.S.A., where at one of the Cunningham Drug Stores he first bought Tanlac in relation to his experience with the medicine. Mr. Robb said:

"I have only taken three bottles of Tanlac so far, but have already gained ten pounds in weight, and am now able to operate my thirty-six inch lathe steadily every day. I had suffered from a terrible trouble for over a year, and kept getting worse because nothing did me any good. I had no appetite, and what I did manage to eat failed to give me any nourishment. My liver was sluggish and inactive, black specks would come before my eyes, and I was very dizzy at times. I had intense pain in the pit of my stomach, bloating, and in fact, all the symptoms of catarrh of the stomach, and suffered more than I can describe. I was all broken, and I fell off in weight and simply felt terrible."

"I certainly was in bad shape, and have not been able to do any work for months when I found out about Tanlac. I read so many testimonials given by people who had gotten relief from similar ailments, that I decided to try it. I had a very good result, and I am now in fine shape. My appetite couldn't be better, and I am now able to work without having any pain or distress from it at all. I sleep as sound as a dollar every night, and simply feel like I have been made into a new man. I have already said, I have gained ten pounds in weight, and my strength and energy have increased until I can now work regular every day. Tanlac has done more for me than anything else I ever tried, in fact it is the only thing that has ever helped me. I am telling my friends about it, and am glad to recommend it to everyone, especially those trying to find relief from troubles of the stomach and liver."

Most of the so-called stomach, liver and kidney troubles are due almost entirely to catarrh of the stomach and liver. The constant coughing up of mucus, dull, throbbing headaches, frequent sneezing, watery eyes, pains in the pit of the stomach, sides and kidney region, loss of appetite, and the persistent contracting of hard stools, are characteristic symptoms of this trouble from which so many people suffer.

Tanlac, the powerful reconstructive tonic, was designed to bring about the restoration of the normal condition of the stomach, liver and kidney, and to give you a new, bright, vigorous life, and that means that it lengthens your life, and that is an unmistakable fact.

Tanlac is sold in Toronto by Tamplin's Drug Stores.

**MAJOR F. C. WOLSENDE'S
FUNERAL IN ENGLAND**

Kamloops Forestry Officer Had Been Abroad Only for a Fortnight.

Canadian Associated Press Cable. London, June 26.—The funeral of Major Francis Corrie Wolscenden, of a Canadian forestry battalion, who had been in England for a fortnight, took place in Kamloops, B.C., today.

Major Wolscenden, who had been in England for a fortnight, took place in Kamloops, B.C., today.

**HARVESTING CAUSES
WHEAT TO DECLINE**

Chicago Market Falls One Point Net—New Flour Offered.

Chicago, June 26.—Announcement that harvesting had begun in Kansas acted as a bearish factor today in the wheat market. Prices, also, ready at the close were one cent lower. July, \$2.29, and September, \$1.84. Corn finished 2 1/2 to 3 1/2 down. Oats unchanged to 1/2 to 1/2 down. Provisions at a decline of 3/4 to 1/2.

Several places in Kansas reported that cutting of wheat was in progress, and there were also advices that new wheat from Oklahoma was arriving at St. Louis. Besides, south-western mills were offering new flour in Chicago at much lower prices than old wheat was asking for old flour. In addition, the bear side of the market was favored by reassuring advices from Washington that amendments to the food control bill had been agreed to, which would lessen opposition to the measure. At first the market had shown a temporary disposition to harden, owing apparently to some renewal of uncertainty as to the outcome of food legislation.

Bullish reports that farmers in Kansas were beginning to mail from as soon as it was threshed had also been given early in the day considerable transient notice.

Sultry weather, just the kind to promote the growth of corn, led to aggressive selling of that cereal. At the same time, export demand flattened out, and there was a good deal of talk about the chances that neutral countries might be allowed to take out all of the corn they had in Nebraska, Kansas, Oklahoma and east of the Mississippi. Several places in Kansas reported that cutting of wheat was in progress, and there were also advices that new wheat from Oklahoma was arriving at St. Louis. Besides, south-western mills were offering new flour in Chicago at much lower prices than old wheat was asking for old flour. In addition, the bear side of the market was favored by reassuring advices from Washington that amendments to the food control bill had been agreed to, which would lessen opposition to the measure. At first the market had shown a temporary disposition to harden, owing apparently to some renewal of uncertainty as to the outcome of food legislation.

Provisions weakened in sympathy with the hog market. On the route from the Belgian Relief Commission as a prospective large buyer.

REQUEST FOR BATHING HOUSE

Belleville, June 25.—Amongst the requests of the Belleville, Ontario, city council for the erection of a public bathing house in Victoria Park on the shores of the Bay of Quinte.

KING EXCELS IN SHOOTING

London, June 25.—King George proved his skill as a marksman with the rifle when he visited recently the former home of the Royal Automobile Club, now used as an officers' club. His Majesty had two shots at 25 yards range. Both were bulls' eyes, the first breaking the edge and the second being a dead centre. The King next had shots at a celluloid ball kept on the move by a current of air. He on the move, and he smashed the ball at the third attempt. In shooting at running men crossing the range of a rifle, King George's Majesty knocked over three men in five shots.

WHEN SMUTS STAYS OUT

Canadian Associated Press Cable. London, June 26.—General Smuts does not intend the end of the war cable, and when questions of domestic policy are being discussed. This was elicited from Mr. Bonar Law in the commonsense night.

**GRAND TRUNK RAILWAY SYSTEM
SUMMER TRAIN SERVICE**

Effective Saturday, June 23rd. Train will leave Toronto 1.15 a.m. daily for Muskoka Lakes and North Bay, and daily except Sunday for Lake of Bays, Algonquin Park and Parry Sound.

Train now leaving Toronto 8.05 a.m. for North Bay will run to Muskoka Lakes, only, commencing Monday, June 25th.

Train will leave Toronto 10.15 a.m. daily except Sunday for Fenelon Falls and North Bay.

Train will leave Toronto 10.40 a.m. daily except Sunday for Fenelon Falls and North Bay.

Train will leave Toronto 1.30 p.m. daily except Sunday for Collingwood, Meaford, Algonquin Park, Parry Sound, and intermediate stations, commencing Monday, June 25th.

Train will leave Toronto 3.50 p.m. daily except Sunday for Collingwood, Meaford, Algonquin Park, Parry Sound, and intermediate stations, commencing Monday, June 25th.
