CHRISTMAS DAY REUNION AT THE FEGAN BOYS' HOME, GEORGE-STREET.

J. W. C. FEGAN, LONDON, ENG., FOUNDER OF FEGAN BOYS' HOME, GEORGE-ST.

MASTER GORDON LIMPERT, 101 HAZELTON-AVE., AGE 16 MONTHS.

From the liveliest City in the State of Missouri to the best City of its size in North America.

JAMES F. GALLAGHER AND HIS DAUGHTER, HELEN FOSTER GALLAGHER.

Mr. Gallagher has recently moved his family from Joplin, Mo., the metropolitan city in the mining district of the southwest, to Toronto. Mr. Gallagher is very emphatic in his statement that Toronto is the best city of its size on the North American continent and he says he is much better qualified to make this statement than Albert Hubbard was in writing testimonials for the proprietor of the Hollenden House Barber Shop of Cleveland, Ohio, to the effect that his is the best Barber Shop in the world.

Mr. Gallagher is the senior member of the firm of James F. Gallagher & Co., Engineers and Brokers of 24 King St. West and Kansas City and Joplin, Mo. He comes to Toronto with one of his partners, David McEwin Bell, a native of Paris, Ont., but for many years a resident of the States and a very able Broker. They are bringing a very able staff of assistants all of whom will make their home in Toronto.

Many of our men in financial circles will remember Mr. Gallagher as an able financial writer, he having written for the highest class of financial papers in the United States, his special articles published in such papers as the Wall St. Journal, the New York Commercial and the Boston News Bureau and the United States Investor commanding important space, while his daily market letters published in the two leading papers in Joplin, Mo., were placed beside the Associated Press letters and although far distant from the fountain head of financial information, his articles were equally as important and interesting.

Mr. Gallagher filled the position of Sec. and Manager of the Kansas Oil Exchange of Kansas City, Mo., and the Joplin Stock Exchange of Joplin, Mo., with credit and resigned the latter position to become President of The Joplin Trust Co., one of the leading Banks of Joplin, Mo.

His knowledge of financial affairs has been acquired by years of study and close application to business and although Mrs. Gallagher and he are well qualified to grace any society, they prefer a quiet home life, yet Mrs. Gallagher manages to keep in close touch with financial affairs and takes as much interest in them as her husband, and although a typical Southern girl, she is much at home here, but she says that is because her Father is an English gentleman of the old school.

We predict a bright future for them in Toronto and a prosperous business for the firm of James F. Gallagher & Co. Mr. Gallagher was asked if his firm intended to become members of either of the Stock Exchanges in Toronto. He said, "While I think the Exchange Brokers here are a splendid body of men I do not think we will make application to become members unless your three Exchanges are consolidated into one strong Exchange, with rules and regulations to protect the investors and speculators and members of the Exchange."

We are advised that on Monday last Mr. and Mrs. Gallagher assisted in increasing the population of Toronto by the birth of a new Canadian daughter, Frances Virginia Gallagher.

'Squantum Billy'

C. K. C. 12306 A. K. C. 152096

DR. W. G. KENDALL, of Boston, Mass., says:

"Billy" is a beautiful mahogany brindle and white, broad in skull, short and broad in muzzle, very cobby in body, and a screw tail so short it can hardly be found.

No Boston Terrier in existence has so straight a back (as you can see by photo). He is young and vigorous and most affectionate. No dog living can excel "Billy" for blood lines.

FEE TEN DOLLARS.
