All Merchants Can Now Supply You With Better Shoes Because of Neolin

Neolin makes any shoe a better shoe. It was proved before ever a pair of Neolin Soles left the factory. It has since been proved on over a million pairs of shoes—men's, women's, children's—at many prices. No matter for what purpose you buy shoes, they are better with Neolin Soles.

For nearly a year Neolin has been in the hands of Canadian shoe manufacturers, merchants and wearers. It was an instantaneous success. For nine months we have been unable to manufacture enough Neolin to meet the demand. But now the factory has increased the output tremendously.

Some makers have built their shoes on Neolin since its introduction. These firms ordered more than we could supply. Many others wanted Neolin, but could not be supplied. All shoe manufacturers can now secure some Neolin for immediate use on shoes going to the merchants now.

In the same way many merchants up till now have had to do without Neolin. Whatever may be your favorite make of shoes, if the dealer has not got them built on Neolin Soles, he can get them immediately.

Many brands of shoes are sold with Neolin Soles. Many more will add this betterment now. You should be able to secure Neolin anywhere. But we know the shoes listed below have Neolin Soles, and if you will ask for one of these brands you will be offered a wide range to choose from.

Our Forest Products

The state of Canada's trade in timber since the war is a matter of the greatest importance. The figures for the calendar years 1914 and 1915 are given in the bulletin of the Forestry Branch of the department of the interior. The subject is divided in this way: Lumber is dealt with in Bulletin 58A; pulp and pulpwod in 58B; and poles and cross-ties in 58C. Any citizen interested who has not received a copy of any of these bulletins may secure one free by writing to the Director of Forestry, Ottawa.
