### JUNIOR RED CROSS BRANCHES DOUBLED

Now 86 Branches With 2479 Members in Thirteen Counties

The number of Junior Red Cross branches in New Brunswick has more than doubled since the beginning of the school year and the report of the school year and the beginning of the school year and the beginning of the school year.

The report told of the visits of the supervisors to several schools, four teachers' Institutes and the Government in session. Premier Veniot had given assurance of his interest, endorsement and support of the Junior Red Cross, and the Carleton-Victoria Teachers' Institute had passed a resolution endorsing Junior Red Cross.

While at the end of the last school year there were 42 Junior branches in seven counties with a membership of 1,532, there were now 86 Junior branches in 13 counties with a membership of 2,479.

Of the children receiving care, Baby Juliette was now cured and had gone home. Mary would soon be able to walk on crutches and the Juniors were providing the crutches. Junior funds were also to be taken to purchase a special chair for a child attending the newly formed classes in St. John.

The Juniors collected \$180.74 for Japan relief; a gift of \$29.30 came for Mary and Junior funds now totaled \$892.29. As every cent of the Junior funds was spent for children in New Brunswick it was agreed a special account should be opened for these funds.

The Shelia Red Cross sent grateful thanks for the care given Juliette and Miss Grant, of McAdam, wrote to tell of the organization of Junior Red Cross work there through the co-operation of the senior Red Cross, the parents and the teachers.

Well Known Hospital Physician Says These Are Some of the Danger Signals of Exhausted Nerve Force—What To Do

One of the most terrible of all ills is that of nerve force exhaustion, you should at once take steps to enrich your blood. This can be quickly and most effectively accomplished by the free use of Nuxated Iron, which not only increases the activity of the blood making organs, but feeds the blood directly to the brain, nerves and thereby helps to create millions of new red blood cells.

The discovery of organic iron as contained in Nuxated Iron is one of the most valuable red blood making scientific discoveries since the creation of modern medical science, and its effect in helping to create new nerve force and revitalize worn-out, exhausted nerve cells is sometimes most amazing.

Try Nuxated Iron for two weeks and if at the end of that time you have not obtained all and even greater benefits than you expect, the manufacturers will promptly refund your money.

Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind men have been saved if they had cared for their eyes in time.

NOTE: Another prominent Physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in this city by all good druggists.

### Doctor Tells How to Strengthen Eyesight 50 Per Cent. in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me."

A lady who uses it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses.
