In Most Ulsters

A Man Must Occasionally Come Up for Air!

Most ulsters are so big that they smother you; so big that they wear you out; so cumbersome that you feel like a Navajo Indian in a horse blanket.

Put on one of our New 20th Century Brand or other Ulsters and note the difference. The fabric is heavy, but the Ulster itself is light and comfortable, because it hangs firmly from the collar, and is balanced as a goldsmith's scales.

Liberally hand-tailored in some of the most beautiful plaid-back fabrics. We long to show them to you. Select early for Thanksgiving.
