LOCAL NEWS

FIRE THIS MORNING.

An alarm was rung in this morning at 10:45 o'clock from Box 86 for a chimney fire in a house belonging to Mrs. Smith at 95 Queen street. The blaze was quickly extinguished and very little damage was reported.

SUNDAY SHOOTING.

The Times is in receipt of complaints about hunting on Sundays going on back of Glen Falls, Brookville and Torryburn. Yesterday the report of guns in that district is said to have been a regular bombardment and the residents would like to have some action taken.

AND THIS IS NOVEMBER.

A few lads were out on Saturday afternoon for a tramp in the woods in Rockwood Park and while strolling along the shore of the big artificial lake one of the boys, Arthur Lewell of Celebration street, captured a large butterfly which he very carefully carried home as a reminder of the very mild weather at this season of the year. The lads also brought home some bunches of pussy willows and moss wood buds.

DOUGLAS AVENUE CHURCH.

The services in the Douglas avenue Christian church yesterday were well attended. The pastor, Rev. William Phillips of Australia, preached both morning and evening. The morning subject was "The House of God" and in the evening the pastor spoke on "The Jewish Bloodshed." There was special music by the choir and several selections by the McEachern male quartette. Alex. Cuthbert presided at the organ and played a very effective organ prelude.

CONDEMN 61 COWS IN HERDS NEAR MONCTON

Moncton, N. B., Nov. 20.—As the result of tuberculosis test being applied by Dominion Government veterinarians to milk herds in the vicinity of Moncton some sixty-one cows have thus far been condemned and sent to Sussex to be slaughtered. The inspection has been going on for a week. Many more herds in the Moncton district have yet to be examined.

TWO MEN AND TWO WOMEN IN COURT CASE

Evidence in Matter of Early Morning Arrests—Comment by the Magistrate.

Harold Winchester, Henry Mitchell, Rebecca Scott and Gertrude Chittick were charged this morning with vagrancy. All pleaded not guilty. Police man Ganter said that about three o'clock on Sunday morning he had heard loud talking in Hanover street and had gone to see what the trouble was. Two other policemen had been with him. They had met the two women in the case closely followed by two men. He had stopped them and asked them where they were going. The women had made no reply but Winchester had said he was going home. He had said he lived in Brussels street and had replied "Prince Edward street." The Chittick woman had been drinking. He did not know any of the accused.

Policeman Downing corroborated the evidence of Policeman Ganter. He said the Scott girl had told him that she was coming from her sister's house. Her sister was sick in the hospital and she had been looking after her. Winchester said he had been walking up Hanover street with Mitchell and they had met the girls coming out of the house. As they all lived in the same street they had started to walk along together when they met the police.

Rebecca Scott said she had been drinking. She had taken her to her sister's house in Hanover street and kept her there until 2.45 when she would stay no longer. As they came out of the alley by the house they met the two men and walked up the street with them.

The magistrate said he had called Commissioner Thornton's attention to the condition of affairs about the city. It was for the chief of Inspector Charles or someone in authority to take some action.

He told the accused that they were liable to nine months in jail and remanded them.

William Williamson, who pleaded guilty to the theft of a keg of horse-shoes from M. E. Agar, was allowed to go this morning on suspended sentence.

Carl Fisher pleaded guilty this morning to vagrancy. He said he came from Moncton and had been here about a month and a half. He had been living with his brother. Detective Power said he had been called into the house of Fisher's sister in Charlotte street some time ago to quell some trouble he had been making. Fisher was remanded for inquiry.

BUY TUG FOR WINTER WORK HERE

The St. John Dry Dock & Shipbuilding Co., Ltd., have purchased the tug Florence from the George Hall Company, of Montreal. The Florence develops 680 horse power and is about the same size as the Margaret Hackett. It will arrive here in about ten days and will be used for towing in the main harbor during the winter season.

SEEKS NEWS HERE OF A MISSING NEW YORK YOUNG MAN

Lester Jerome Strehan Not Heard From in Four Years—May Go by Name of Sullivan.

To the Editor of The Times:

Sir—I wonder if you would assist me in my efforts to locate my brother, who left home November 18, 1919, and has never been heard from since, by inserting a small news item in your paper, in the hope that he may be in your city or nearby at the present time. His name is Lester Jerome Strehan. Name: Lester Jerome Strehan. Age: Was twenty when he left. Will be twenty-four in January. Height: About five feet nine inches. Weight: About 145 lbs. Eyes: Gray. Hair: Light brown, straight. Had a scar on one of his thighs. It is possible that he is going under the name of Sullivan, as that was my mother's name before she married. We do not want him to come home if he would rather stay away; all we do want to know is that he is alive and well. It is very hard on my parents just at this time of the year with Thanksgiving and Christmas coming on, as they are both heart-broken, so anything you may do to help will be greatly appreciated.

Yours very truly,
ANNAMAY STREHAN,
770 Falmouth Pl., Bronx, New York, Nov. 14, 1922.

Another One.

Rev. George Scott, agent of the Children's Aid Society, today received from P. J. Ralph, 32 Charter, Oak Place, news of his son, Grattan, aged fourteen years, missing since September 6, 1919. The boy is five feet two inches in height, weighs about 100 pounds, has blue eyes and light hair. He has on the left hand of his left hand had been injured. He wore a gray-tan suit, striped waist, black stockings, white sneakers, and blue and orange ties. It is intimated that he may be found around carnival shows. His father is ill.

MAJORITY OF COUNCIL BACK UP THE MAYOR

(Continued from page 1.)

Commissioner Frink said there was only one solution of the hydro problem—the acquisition of the property and franchises of the N. B. Power Co. They had submitted proposals for sale and for arbitration which could not be considered, he added.

The Mayor, he said, had declared for making a proposal to the Power Company to purchase at the Supreme Court figures. He said if that proposal had been made when the Mayor assumed office, an answer might have been received this week.

The Power Co., he said must realize that they must move out of the picture. It was clear to him, he said, that the city was going into the electric distribution business. The city should make the proposal to the Power Co., and if they refused the offer the city would then be prepared to go ahead.

The declaration of the people, said the Mayor, was that the city should use the current either by covering the market of the Power Co. or by going into competition with them.

As to how the current would be paid for, the Mayor said that the 1.2 cent rate was based on the 10,000,000 k. w. h., minimum. If the city bought out the Power Co., he felt that 16,000,000 would not be sufficient to meet the demands of the city.

In the city, he said the consumption of light power was about 4,100,000 k. w. h., and outside the city was 800,000 k. w. h. The revenue of the company was about \$500,000. Starting the sale at one-half the company's old prices would net \$250,000, and the cost of the 10,000,000 k. w. h., while distributing only 4,900,000 k. w. h.

He felt that even in competition the city could make up any loss suffered after four years. He thought that any loss in the first year could be taken care of by a loan, the interest on which would be taken care of in the same way. He said that a civic commission would be starting next week which it was expected would be decreased later on.

Mr. Frink's Motion

Commissioner Frink moved that further consideration of the contract be deferred until an offer for the purchase of the property and franchises of the Power Co. had been made and a reply received either acknowledging or rejecting that offer, the basis of the offer to be the finding of the Supreme Court.

He said that the question raised by some people as to what the city was to do with the 10,000,000 k.w.h. was a fact admission on their part that power was at Musquash. He thought as soon as the offer to the Power Co. was rejected or accepted or the matter of distribution could then be attended to.

He thought that the N. B. Power Co. could not be put out of business for a few years anyway.

Commissioner Thornton was of the opinion that the matter might have been added to the motion that the city call for tenders for a distribution system.

Commissioner Wigmore said that this would cause further delay and was in line with propaganda of the N. B. Power Co. He thought if the contract was signed it would be a weapon in the hands of the city in dealing with the Power Company. He said the people declared by their votes that they wanted power at cost as soon as possible. He had received letters from several people and firms in the city cautioning him in dealing with the matter. He said he would have pre-announced the letters more had they made any suggestion as to how the matter might be dealt with.

Commissioner Bullock said it was a matter of competition and the first result of that was the cut in the Power Co. prices. He felt that the city should adopt a stand and stick to it. He felt satisfied that the Power Company would not accept the city's offer and there would be further dickerings. He said if the city was to get into the business on April 1, they should get busy at once.

The Mayor pointed out that delay would be a charge against the cost of light and power to the city. It would increase the time when they could not use the power. He figured the cost at at least \$300 a day unless the city bought out the Power Co.

The Mayor denied that he was reckless in trusting the government. He felt that loss of time furnished an opportunity for the Power Company to plan and operations against the city.

Commissioner Thornton said that there was much talk about the mandate of the people but he felt that the commissioners would be held responsible for any decision made in the matter.

Commissioner Frink said if his motion was voted down he would then move for the calling for tenders for a distribution system.

Regarding the matter of trusting the government, he asked if it was not about time for the government to trust the city.

Commissioner Frink said if the city could not withstand the propaganda of the Power Co., its power must be weak, but he did not think such was the case.

Motion Defeated.

The motion was lost, Commissioners Frink and Thornton voting "Yes" and the Mayor, Commissioners Bullock and Wigmore voting "No."

Commissioner Bullock then moved that plans and specifications be submitted by the Mayor for the erection of a distribution system. Commissioner Thornton seconded the motion.

With the council's permission, Premier Foster said that under the act of the New Brunswick Electric Power Commission was authorized to furnish plans and specifications and estimate of the cost of a distribution system and that information was now on hand in the commission's office. He said the commission could also furnish a prospectus showing the cost to the city of the power for one, two, three or four years, and any other information which the City Council request.

Commissioner Thornton said that the Mayor should take into consideration that the city owned all the poles and wires in the North End of the city. The motion was carried, only the Mayor voting against it.

Adjournment was made until this afternoon.

WANT C. G. M. M. SHIPS TO CARRY WESTERN CATTLE

Manitoba's Minister of Agriculture, Says Representations to be Made to Ottawa.

Winnipeg, Nov. 20.—Hon. Neil Cameron, Minister of Agriculture, announced Saturday that the Provincial Government intends to make representations to the Dominion Government asking that vessels of the Canadian Merchant Marine be placed in service for the purpose of transporting western cattle to Europe.

"The livestock industry in this province is in a very serious state at the present time," Cameron said, "and something will have to be done immediately to remedy it."

Mr. Cameron said that he had held conferences this week with H. H. Arkell, Dominion livestock commissioner, with regard to the situation and expected that the Dominion Government would return to Ottawa a definite policy of relief will be announced by Hon. W. R. Howarth.

NOVEMBER BRIDES

Moore-Macaulay.

A quiet but pretty wedding was solemnized in St. Peter's church at 5.30 o'clock this morning when Rev. Father Moran, C. S. S. R., who was celebrant at nuptial mass, united in marriage Miss Eileen Macaulay, daughter of Mr. and Mrs. James Macaulay, and Andrew T. Moore. The wedding march was played by Professor Deltre and at the offertory "Ave Maria" was sung by Cyril Moore, brother of the groom.

The bride, who was attended by her sister, Miss Lucilla, looked charming in a gown of champagne tulle and fawn ostrich feathers with silver trimmings, ermine fur, and a large picture hat trimmed with ostrich feathers and carried a shower bouquet of roses. The bridesmaid wore a corsage bouquet. The groom was supported by his brother Joseph.

The wedding breakfast was served at the home of the bride's parents, 460 Douglas avenue, after which the bride and groom left on a honeymoon trip. The bride's going away suit was of brown velvet, with pink trimmings and a pan velvet hat trimmed with brown and fawn ostrich feathers.

The popularity of the young couple was attested by the large number of gifts received, which included a handsome electric lamp from the staff of Macaulay Bros., where the bride was employed.

Pitt-Caples.

On Thursday at half-past three o'clock, at the home of Mr. and Mrs. Adino Pitt, Reed's Point, Kings County, a very pretty wedding was solemnized when their son, Douglas, was united in the bonds of holy matrimony to Miss Laura Caples of St. John by the Rev. Mr. Henson, Methodist minister of Long Reach. The bride was given in marriage by W. H. Daniels of Kingston, and entered the drawing room to the strains of Mendelssohn's Wedding March, sweetly played by Mrs. W. H. Daniels on the mandolin. The ceremony was performed under a beautiful arch. The bride was attended by little Miss Alma Daniels as flower girl, carrying a basket of tiny roses. Master James Reed, nephew of the groom, also assisted. The bride looked charming in a gown of fawn colored duvety, with corsage bouquet of bride's roses. After the ceremony about fifty guests adjourned to the dining room, which was artistically decorated for the occasion, and enjoyed a bountiful supper. The presents, which were numerous, consisted of cut glass, linen and silver, and showed the esteem in which the young people are held. The bride's going-away costume was of navy blue tricotine, with hat to correspond. After a short honeymoon trip, Mr. and Mrs. Pitt will reside in Sydney street, St. John. Best wishes are extended to them for their future happiness.

Asbestos Pipe Covering

Cover your Steam Pipes, Boilers and other Heating Apparatus with Asbestos Covering, it will prevent condensation and loss of heat.

We also sell Asbestos Cement or Boiler Lagging for the same purpose. It is mixed like mortar and applied with a trowel.

HOME

One of the most sacred of words; a haven of rest and refreshment; a shelter in time of storm; a character mold where future citizenship is shaped and formed.

What can be more important and far-reaching than the influence of the home?

What can be sweeter than the memory of a home worthy of the name? Poor furniture has no place in a good home. Good furniture doesn't necessarily mean the most expensive; it's mostly a matter of taste and judgment.

It should be not only attractive, but solidly made, substantial, harmonious and a true reflection of the character and ideals of the buyer.

In this store, furniture is not merely furniture; it has a deeper meaning. Every piece must play its part in a harmonious whole; must render a genuine service of utility and satisfaction.

Such furniture is always by far the most economical in the truest sense. Let us think and plan with you in the furnishing of your ideal home. It will be a real pleasure.
