PLAIN TALK TO THE GERMANS AT SPA CONFERENCE

Lloyd George Was Spokesman for the Allies
Warning of Intentions if Will of Conquerors is Not Obeyed—Discussion of Matter of War Criminals is Better.

(Associated Press.) Spa, Belgium, July 10.—At the signing of the protocol for speedy disarmament by the Germans yesterday, Premier Lloyd George as spokesman for the Allies, told the Germans: "We do not ask your agreement to the penalties we reserve the right to take in case of non-execution of your engagements. We simply warn you of our intentions. It is notification we have given you, purely and simply, of the measures you may expect if you do not disarm under the conditions specified. To these conditions we ask your acceptance, so as to adopt them with common accord. To sum up, the penalties are for the Allies alone, while we are making disarmament a two-sided matter." He added: "The Allied committee will furnish all the evidence in its possession and I hope the Leipzig court will do its duty."

It is now generally accepted that the conference will proceed rapidly with the other business on its programme. The conference proceeded with a discussion of war criminals, while secretaries drafted the disarmament protocol for signature.

GREEKS SAID TO HAVE OCCUPIED CITY OF BRUSSA

Turks Begin to Realize Seriousness of Situation

Some Fear Greece May Get Constantinople as Further Reward for Military Services to the Allies.

Athens, July 10.—Brussa, an important Asia Minor city, fifty-seven miles southwest of Constantinople, has been occupied by Greek forces, according to reports reaching this city. Mudania, Asia Minor, July 10.—(By the Associated Press.)—Although the Greek army was reported near Brussa, advisers received indicated that up to Wednesday the Greeks had not entered the city.

Constantinople, July 10.—(By the Associated Press.)—Turks are beginning fully to realize the critical situation created by the triumphant Greek advance into Anatolia, and what they regard as a complete rupture of peace negotiations.

There is much speculation among the Turks as to how the entente powers will react with them after the Greeks dominate the Baghdad railway, which now seems inevitable to the people here, although those in the interior of the country still hope that Mustafa Kemal will check the Greek advance. It is feared generally among the better educated Turks that the Greeks will give the mosque of St. Sophia for ever to Constantinople as a further reward for their military successes.

LIEUTENANT IN NEW CONFESSION

Police Say He Now Declares He Framed Up Robbery, Killed Wife and a Man.

Chicago, July 10.—Lieutenant Cartwelder, in a new confession which the state's attorney gave out last night, admitted that he shot and killed his wife to get rid of her and get possession of her money. He admitted, officers said, that he planned a "framed-up" robbery with the man he killed, on the same occasion in the doorway of his home. He was also quoted as saying that he had "fired of married life and decided to return to the easy life of the army." The tragedy occurred on the night of June 21. This was the second alleged confession by the former army lieutenant. In the first he was said to have confessed that he fired the shots which killed his wife and the unidentified stranger. He declared that the shooting of his wife was accidental, and maintained that the stranger whom he killed had attempted to rob him.

ALLEGED TROUBLE IN RANKS OF IRISH CONSTABULARY

Report in Irish Bulletin—Sinn Fein Courts Superseding Crown Tribunals in Power.

Dublin, July 10.—In a Sinn Fein publication "The Irish Bulletin" issued last night, is a story of alleged insubordination among the Irish constabulary and the reported impending impetration of English police, their advent to be accompanied by martial law and other extreme measures.

According to the statements, confirmation of which cannot be obtained, the Royal Irish Constabulary at Listerow, county Kerry, were ordered on June 17 to hand over the barracks to the soldiers. The constabulary refused to do so, and the barracks were taken over by the soldiers. The Sinn Fein courts are superseding the crown tribunals in power.

The story is printed with hints at a few days ago, but when inquiry was made at Dublin Castle the authorities there said they knew nothing of it. Guns and troops are going north from Dublin, but nothing unusual is happening here.

Sinn Fein Courts. Evidence is piling up here which seemingly would indicate that the newly organized Sinn Fein courts rapidly are superseding in power the crown tribunals. A great number of cases on appeal are being withdrawn from the Crown Supreme Court because it is said that the litigants have little confidence in the power of that court. For the same reason, it is alleged, that Unionists are appealing to the Sinn Fein lower courts. One Unionist attorney is credited with saying that it was useless to take a case before the crown court, and that as his client desired "quick action" he took the case to a Sinn Fein tribunal.

Railwaymen dissatisfied for refusing to move trains carrying police or soldiers have put forward a new plea. They contend that they are acting within the board of trade regulations in refusing to carry of "dangerous objects." They threaten action against the railroads for wrongful dismissal.

A letter recently received by the authorities was from a woman to the military officials. It requested that troops be sent to protect loyalists. The woman was held before a Sinn Fein court and fined 100c. This she paid.

MURDER PLOT CASE DISMISSED

Matter of Rich Washington Man and Others Accused by His Divorced Wife.

Washington, July 10.—Charges that Chester A. Snow, seventy-six years old, millionaire patent attorney, and two other persons conspired to bring about the death of Mrs. Addis Hubbard Snow, divorced wife of the patent attorney, were dismissed yesterday by Judge Harrison.

Evidence presented was adjudged by the court to be insufficient to warrant holding for a higher court, the three defendants, who in addition to Snow were Mrs. Ena P. Acker, wife of another patent attorney and Hugh London, a chauffeur. Government officials would not say whether new warrants would be sworn out against any of the defendants. It was said that the case could still be brought before the grand jury regardless of Judge Harrison's action.

HAY CROP AT LEAST A THIRD UNDER LAST YEAR

Report for the Week on Agricultural Conditions in New Brunswick.

The weekly report of agricultural conditions in New Brunswick, as reported by district representatives before the agriculture, Fredericton, is as follows: "The grain crop is reported to be making an excellent growth in all parts of the province. Recent rains have done much to keep this crop growing well. With a few good showers about the time the grain crop is heading out this year will give a crop above the average. On the other hand, the hay crop is light in some districts. It is reported to be only one-half a crop. Summing up the reports from all parts, it would appear that the crop will be at least one-third less than last year. Pastures have not been so good as they usually do, but have improved with the rains. As a result of the poor growth of pasture land, some reports indicate a falling off in milk production as compared with last year.

The reports on the potato crop vary in the different localities. In the northern and eastern counties the crop is doing well. In the main potato growing central counties reports are far from encouraging, the crop in many places being in evidence. It would seem that the yield in these counties will be greatly lessened as a result. "The cut-worm is reported bad in the eastern counties, it being particularly destructive to all garden crops."

SOLD MORE SUGAR AND MADE MORE PROFIT THAN EVER

Ottawa, July 10.—That he had sold more sugar during the last year had made a bigger profit on this commodity than ever before, and that he was entirely satisfied with the prospective regulations of the Board of Commerce with regard to the sale of sugar, which he thought were quite fair, was the outspoken and most unexpected statement made by President B. G. Crabtree, president of the Retail Grocers' Association, at a conference between the newly constituted Board of Commerce and a delegation representative of the various retail trades yesterday afternoon. Mr. Crabtree's remarks were in direct opposition to those of other members of the association.

He is a distant relative of Colonel Theodore Roosevelt on his father's side, and married Anna Eleanor Roosevelt, niece of the late Colonel Roosevelt.

ALARM OVER THE GOAL SITUATION

Letter to U. S. Interstate Commerce Commission About Central Canada's Supply.

Washington, July 10.—Alarm over the present coal situation in the United States because of its possible effect on Canada was expressed in a letter sent to the United States Interstate Commerce Commission yesterday by M. M. Mahoney, secretary of the Canadian war mission. Declaring that central Canada normally is dependent on the United States for 17,000,000 tons of coal annually, Mr. Mahoney wrote: "Our government officials are beginning to fear that we may not get sufficient coal to tide over the winter. Reduced shipments to Canada this year, the letter added, seem to indicate that American producers have neglected the long established Canadian market to take advantage of the European demand."

CRUSHED TO DEATH UNDER LOAD OF HAY

Fourteen-year-old Chatham, Ont., Boy Victim of Tragedy.

Chatham, Ont., July 10.—Harold Mann, the fourteen-year-old son of Mr. and Mrs. William Mann, Colbourne street, died of internal injuries sustained when he was run over by a wagon loaded with hay. The young boy was employed temporarily on the farm of Mr. Hugh of the Young Union, Chatham Township, earning enough money to spend a holiday. He and Mr. Pugh were drawing in a load of hay from the field when Mann, who was near the front of the load, fell to the ground, landing under the horses' feet. The wagon passed over his body, causing internal injuries from which he died before a doctor could be summoned. Mr. Pugh was riding at the rear of the load and did not know of the accident until he saw the boy's body lying in the wagon tracks. The body was brought to Jahnke's morgue. Coroner Dr. R. V. POLES GIVING WAY AGAIN TO THE BOLSHEVIKI

Withdraw from Brest-Litovsk, Vilna and Pivsk
Panic at Vilna is Reported—Wrangel Lands Troops on North Shore of Sea of Azov—The Reds in Persia.

Paris, July 10.—Polish forces are withdrawing from Brest-Litovsk, Vilna and Pivsk, as the result of the great Russian Bolshevik offensive, according to a telegram received by the newspaper "L'Information" this morning.

Evacuation of Brest-Litovsk, Vilna and Pivsk would seem to indicate a general withdrawal of the Polish line to the frontier of that new republic. Latest despatches from Warsaw have shown the Poles to be struggling against the Russian Soviet armies a considerable distance east of Brest-Litovsk, although Pivsk would seem to be threatened by the advance of General Budenny, farther south.

Brest-Litovsk is approximately 120 miles east of Warsaw, and is a strongly fortified town. It is located on the navigable river Bug and is an important railway junction. Pivsk is located on the Pripiet river about ninety-five miles east of Brest-Litovsk. Vilna is the principal city of Lithuania and is about 225 miles northeast of Warsaw.
