CAPTAIN EARNEST HILL,
of Portland, Me., who says
he was not able to report for duty
before taking Tanlac. Declares he
feels like a new man now and is on
deck every day ready for work.

"I feel just like a new man since I be-
gan taking Tanlac and I am not only
willing, but I am anxious to tell other
people what this medicine has done for
me," said Captain Ernest H. Hill, Port-
land, Me., recently.

Captain Hill is in command of the
Ben Hur, plying between Portland and
Cape Bay. He has been in the service
for ten years and is held in high regard
as an officer and citizen by all who know
him.

"I have suffered from indigestion and
stomach trouble for the past eight years,"
continued Captain Hill, "and at the time
I started taking Tanlac I was in such a
weakened condition I could hardly stand
up. When I walked I would actually
stagger like a drunken man and, at times,
would have to hold on to something to
keep from falling. After every meal I
would simply suffer torment. My food
would sour and I would swell up so
with gas I could hardly get my breath.
I would also have awful smothering
spells at night and sometimes I would
have to get up to get my breath. Lots
of times I would have to open the win-
dows and doors to let in fresh air, or
go out into the open air in order to get
my breath. I could not find anything to
do me any good and along toward the
last I became so weak and nervous I
could not do my work."

"Five bottles of Tanlac have made a
wonderful change in my condition. It
helped me from the very first dose and
now I feel as good as I did when I was
twenty years old. I sleep fine and have
a fine appetite and just feel like a new
man in every way. I am now able to be
on deck every day ready for duty."
Tanlac is sold in St. John by the Ross
Drug Company and F. W. Muraw, and
by the leading druggist in every town.

**TORONTO HOTEL
TO GIVE PLACE TO
NEW STRUCTURE**

(Canadian Press Despatch).
Toronto, April 13.—The famous old
Bay Tree Hotel and the land it stands
on at the corner of Bay and Adelaide
streets, has been sold by the owner, J.
J. McCaffery, president of the Toronto
Ball Club, to a local syndicate for \$325,000.
It is understood that the present
building will be torn down and replaced
by a million dollar ten story office build-
ing.

**SICK HEADACHES
For Last 10 Years**

Headaches affect all ages and both
sexes alike, but in all cases the treat-
ment should be directed to remove the
cause, for with the cause removed the
headaches vanish for all time.

What is necessary for a permanent
cure is something that will go right to
the seat of the trouble. For this pur-
pose it is impossible to find a better
remedy for headaches of all description
than Burdock Blood Bitters, acting as
it does on every organ of the body to
strengthen, purify and regulate the whole
system.

Mrs. Flora Hall, Dominion, N. S.,
writes:—"I have been troubled with sick
headaches for the last ten years. I had
lost faith in all remedies until recently
a friend of mine advised me to try
Burdock Blood Bitters. This I did, and
found relief in a very short time. I
would now recommend B. B. B. to any-
one who is suffering as I did. I only
took 3 bottles, and am now free from
sick headaches any more."

B. B. B. has been on the market for
over 40 years. Manufactured only by
The T. Milburn Co., Limited, Toronto,
Ont.

**BANGOR WANTS
PLAYGROUNDS**

Will Appeal to City Council
for \$10,000 Grant This
Year.

(Bangor Commercial.)
That Bangor should have a permanent
athletic field, properly constructed and
supervised, and that the matter of an
appropriation to start the work in this
direction should be included in the bud-
get of the city government for the com-
ing municipal year, appears to be the
consensus of opinion of the greater part
of the city's influential and public-spirited
citizens who are discussing daily this
important movement which has the sup-
port of hundreds of fathers and mothers
and several important organizations in-
cluding the chamber of commerce and
the Rotary Club.

The question of an appropriation by
the city to get this work under way will
be one of the important matters to con-
sider before the city government Wednesday
evening when this body meets for the
regular April meeting. Just what figure
the mayor will take has not been de-
termined, but it is quite probable that
it will call for an appropriation of \$10,000
to be included in the budget to be sub-
mitted at a later meeting.

With excellent facilities for athletics,
such as a properly planned field would
offer, there would be many more boys
go out for athletic events than there
are at present. Tournaments such as
are held in many progressive cities and
towns even smaller than Bangor, could
be arranged, and these would bring
many people here every year. Bangor
is so situated in this part of the state
that the activities and interests that
could be introduced here are almost too
many to mention and are beyond
comprehension in value, provided the
proper spirit is shown by those who
now have the power to make the move-
ment a success.

Bass Park, which will revert to the
city after the present lease of the fair
association expires, is an ideal place for
a permanent athletic field and could
easily be made into a regular athletic
field such as are provided in other cities.
The start could be made this year and
every year improvement made until
Bangor has a public field and play-
ground which would be surpassed by
none in any city of this size in the country.

**TESTING TIME COMING
FOR BRITISH LABOR**

J. R. Clynes, M. P., president of the
National Union of General Workers, in
an article on "The Turning Point for
Labor," contributed to the first monthly
number of the Journal issued by that
organization, says: "The testing time
for Labor is coming, and during this
period of increasing power, it has not
been free from misadventures which, if avoid-
ed, would have meant even greater ad-
ditions to its strength."
"It presents the world now with the
greatest organized working-class move-
ment ever known in any country. In
other lands there are forms of working-
class authority, but in none is there a
movement gradually but surely shaping
itself to definite ends, and resting upon
organization and upon conceptions of
policy such as are being developed in
Britain today."

"We cannot visualize either the pres-
ent or the future of Labor without its
history. The minds of the workers are
changing, as surely as methods of manu-
facturing and transport are changing.
We are in the threshold of a new age,
and old standards and judgments will
melt away as we rely upon them to de-
termine the future of our country in
relation to the future claims of
Labor."

Give it without fear.

Mother! You must say "California."

**EASY TO DARKEN
YOUR GRAY HAIR**

Try this! Brush Sage Tea and Sulphur
Compound through your hair, tak-
ing one strand at a time.

When you darken your hair with
Sage Tea and Sulphur, no one can tell
because it's done so naturally, so evenly.
Preparing this mixture, though, at home
is messy and troublesome. At little
cost you can buy at any drug store the
ready-to-use preparation, improved by
the addition of other ingredients called
"Wynth's Sage and Sulphur Compound."
Morning all gray hair disappear, and
after another application or two your
hair becomes beautifully darkened, glossy
and luxuriant.

Gray, faded hair, though no disgrace,
is a sign of old age, and as we all desire
youthful and attractive appearance, let
us get busy at once with Wynth's Sage and
Sulphur Compound and look years
younger.

**TELLS DYSPETICS
WHAT TO EAT**

Avoid Indigestion, Sour Acid
Stomach, Heartburn, Gas
on Stomach, etc.

Indigestion and practically all forms of
stomach trouble, say authorities, are
the nine times out of ten to an ex-
cess of hydrochloric acid in the stomach.
The chronic "acid stomach" is an ex-
ceedingly dangerous and dangerous dis-
eases and sufferers should do either
one of two things:
Either they go on a limited and
often disagreeable diet, avoiding foods
that disagree with them that irritate the
stomach and lead to excess acid secre-
tion or they can eat as they please in
reason and make it a practice to coun-
teract the formation of acid by the use
of a little Bismarck Magnesia at their meals.
There is probably no better, safer or
more reliable stomach antacid than
Bismarck Magnesia and it is widely
used for this purpose. It has no direct
action on the stomach and is not a
digestant. But a teaspoonful of the
powder or a couple of the tablets taken
in a little water with the food will
neutralize the excess acidity which
may be present and prevent its further
formation. This removes the whole
cause of the trouble and the meal digests
naturally and leads to excess acid secre-
tion of persimmon pills or artificial digestants.
Get a few ounces of Bismarck Mag-
nesia from any reliable druggist. Ar-
range for a liquid form or tablet. It never
comes as a liquid form or tablet and in
the liquid form is not a laxative. Try
this plan and eat what you want
at your next meal and eat this it's the
best advice you ever had on "what
to eat."

SAVE THE LITTLE ONES

(Montreal Star)
An urgent plea for the conservation
of infant life was made before the Cana-
dian Women's Club by Dr. Helen Mac-
Murchy, an expert on child life.
There is something radically wrong
when Montreal has one of the highest
infant death rates in the world; while
Westmount has one of the lowest.
Apart from the human aspect of the
infant death rate—the most important,
of course—is the loss to the state itself
by this heavy sacrifice of human life. A
strong light on the pecuniary value of
protecting child life is shown by the
huge sum which has been set aside in
Paris by the state so that wives, in the
humblest walks of life, would have suf-
ficient means properly to care for and
to protect their children.

effects are apparent even after the very
first application, both as to appearance
and the feeling of comfort produced.

The formula is: One ounce powdered
saxatile, dissolved in one-half pint with
hazel. Use daily as a wash lotion. The
solution tends to contract and solidify
the loosened, baggy tissue, smoothing
out the folds, creases and wrinkles, be-
sides having a refining influence on skin

**HANGED FOR
CRIME HE DID
NOT COMMIT**

(Occasional in Halifax Recorder.)
From time to time items appear in
the press stating that it is reported that
a certain available site has been bonded
by parties in the city with a view of
creating a first-class hotel—a Delmonico,
Plaza, or something in that line. We
have some very good hotels; some old
and well established, and some com-
paratively new ones. Of their merits I
will not speak, but go back to the
first hotel or inn advertised in the
town of Halifax in 1793. The new hotel
or inn was named after the eighteenth
century captain of a ship, a place of
business, "The Hart and Crown," and
was kept by Henry O'Brien, on the
Beach, as we know as Water street.

There is a sinister occurrence connected
with the name of Henry O'Brien, which
has been a subject of much interest and
discussion in the town. O'Brien, while
catering to the wants of the
first Madeleine, the tragedy contained
in the records of the general court held
in Halifax before a supreme court was
established in Nova Scotia. On the in-
formation of O'Brien, mine host of the
"Hart and Crown," Harris was arrested
and charged with the theft of a silver
spoon, the identical silver spoon, com-
posed of members of his majesty's council,
and as chief judge, whether Harris had a lawyer to defend
him or not, we do not know. He was
found guilty of the theft of the spoon,
and it being a felony to steal anything
over the value of five shillings, therefore,
according to the law of the eighteenth
century, the penalty was death, which
the unfortunate Harris suffered at the
water where the entrance to the
ferry boat landing now is.

But now the sequel. When Harris was
passing in which the unfortunate man
for which he suffered the death penalty,
was found below a conductor from the
rocks below, where it had been thrown
from the sink and lost from sight by
the ice and snow covering it over. Mr.
Smith also, at the time that the last sur-
vivor of O'Brien's family died in the
poor house, and said that the old in-
habitants pointed to the fact as a judg-
ment on O'Brien and his kin for
having an innocent man executed
for a crime he did not commit.

**FERNHILL DIRECTORS
ORGANIZE FOR
COMING YEAR**

The directors of Fernhill Cemetery
held a special meeting yesterday after-
noon for the purpose of electing officers
of the board and for the transaction of
general business. Colonel E. T. Sturges
was re-elected president, and E. L. Ris-
ing, vice-president, for the ensuing year.
The resignation of G. W. Ketchum from
the directorate was regretfully received
and Thomas Bell was elected to fill the
vacancy. Miss M. O. Magee was re-
appointed secretary and J. P. Clayton,
superintendent. The following were
elected to constitute the executive com-
mittee of the board: President, Colonel
Sturges, His Honor Judge Forbes, Peter
Campbell, H. C. Rankine, George A.
Kimball and J. A. Likely. The lot com-
mittee was elected as follows: Messrs.
E. L. Rising, Colonel Sturges, E. E.
Harrington, C. E. Scammell, R. H. Dock-
rill, A. W. Adams and Thomas Bell.
The selection of a new water for lower
priced lots was referred to the lot com-
mittee and the purchase of two new
lots was authorized. The matter of
neglected lots referred to the incoming
board by the annual meeting was dis-
cussed at length. The most feasible
plans suggested, in the opinion of the
directors were the solicitation of a special
collection from the churches or an ap-
plication for legislation in connection
with the matter.

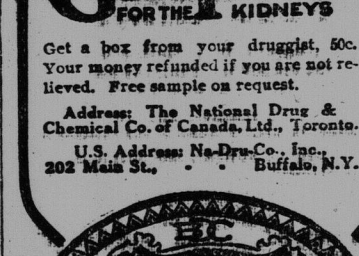

THE RETORT COURTEOUS.

The American papers are recording
the way of Edith Wharton engaging a
parlor maid.

"Of course, marm, you won't expect
me to sweep?"
"Oh, no, indeed."
"Nor answer the door-bell?"
"Certainly not."
"Nor—?"
"No, no," said Mrs. Wharton, inter-
rupting gracefully; "expect none of
these things from my parlor-maid. I
only want her to look at, and for that
you are too plain."

**G. W. V. A. STANDS
BY ACTION OF
ITS DELEGATES**

Messrs. McLeod, Dever and
Brown Explain Their Atti-
tude on the Re-establish-
ment Situation.

The regular meeting of the G. W. V.
A. was held in its hall last evening with
the president, N. P. McLeod, in the
chair. The chief matter before the
meeting was the report of the delegates
to the dominion convention, N. P. Mc-
Leod, J. B. Dever and W. J. Brown.
Among the matters discussed at the
convention were re-establishment, eligi-
bility, political action, land settlement,
state insurance, housing, cost of living,
pensions, immigration, and other topics
of much interest to the returned man
and the country in general.

The question of re-establishment
seemed to be of prime interest to the
meeting. It was explained that the St.
John delegates while they had voted
against the Calgary resolution calling
for an indiscriminate cash bonus to be
given to all returned men, regardless of
previous gratuities received or their pre-
sent need, they had not voted against a
practical form of re-establishment for
returned men.

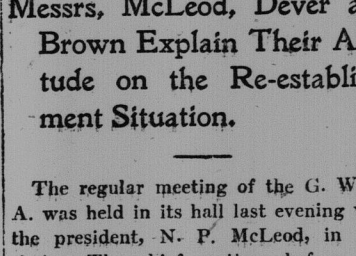

They explained that they stood for
the policy of the dominion executive in
asking for re-establishment where neces-
sary following along the lines of a cash
grant for a definite purpose. The ap-
plicant for the grant must first estab-
lish his requirements before a board, al-
so showing his intentions with regard
to the money received. This would not
serve as a final claim for assistance on
his part or from the country, nor would
it be in the way of a final receipt for
services rendered.

The St. John delegates reported that
the attitude taken by them was borne
out in the stand taken and adopted by
the government when it said that it
would not give an indiscriminate cash
bonus without a proper requirement be-
ing shown.

After the report was received and
adopted, a vote of confidence in the
delegates was passed unanimously with
endorsement of their stand on the
questions brought before the conven-
tion.

MAKING THE GHOST WALK.

A man who was in pressing need
of a few shillings noticed that a new
grave had just been opened in the cem-
tery. He bet a friend that he would
not send from 11 o'clock that evening
until midnight lying in the grave. His
friend accepted the challenge, and went
to the grave so cheerfully that the needy
man became nervous of the outlook. He
then bet another man, who knew nothing
of these proceedings, that he would not
drag a heavy chain round the grave
from 11.30 until 12. A chain was found,
and the dragging was begun. A yell of
terror came from the grave, followed by
a shriek from the chain-dragger. The
two men left the cemetery by different
routes. Both at their very best pace
it was barely 11.31 p. m. They paid.

Rev. F. H. W. Holmes has accepted
a unanimous invitation to remain with
the St. Stephen Methodist church
another year. His salary has been in-
creased to \$1,800.
