**DR. HARVEY'S VISIT CLOSING TO-MORROW.**

Those who have been enabled to consult Dr. Harvey during his visit to St. John greatly appreciate his thorough command of the ophthalmic science, accurate diagnosis and comparing and sight restoring optical fittings.

He reported a large number of cases with deep seated and damaging defects to the sight, numerous system, mentality and general health and regrets that it has been impossible for him to see all those that called for attention, although his visit was specially extended in an effort to relieve as many eye sufferers as possible.

The summer school at Rothesay which is being held under the auspices of the Church of England, is this year proving very successful. Missionary and Sunday school work are the subjects of discussion. Miss Hamilton of Dartmouth, N. S., supervises the course of instruction in Sunday school work and the work among the girls is under the

**SOUTH AFRICAN FARMERS MAY COME TO CANADA**

(Times Special Correspondence)

London, June 23—An invitation to extend their tour to Canada will be given to the party of South African farmers who will arrive at Southampton from Cape Town on the "Kilfauns Castle" tomorrow.

These men from the Cape are coming for the purpose of making an extensive study of agricultural conditions in Great Britain and some of the countries of Europe.

They are fifty in number; both British and Boer in race and are said to be the most progressive farmers in the South African Union.

Every effort will be made to encourage so representative a body of men to visit the Dominion and become acquainted with its wonderful agricultural development.

**ALBERTA'S PREMIER.**

Hon. A. L. Sifton, a new picture of Alberta's premier, from a very recent photograph.

Under the new regulations every soldier and officer in France receives a special annual bonus of \$40 for every child under sixteen years of age.

**WANT \$50,000 BUILDING**

(Halifax Chronicle)

The Dalhousie students are after \$50,000 to erect a student's building—a building to be built, owned and operated by the students and for the students.

That the first nod for this building will be turned this fall and the building ready Jan. 1, 1915, is the sturdy decision of the students.

The student's building will be a building for the social needs and recreation of Dalhousie students. It will contain a large gymnasium, swimming tank and shower baths. There will also be a room in which to hold debates and another for the dramatic and glee clubs. Then there will be a lunch room with kitchen adjoining, lounging rooms and locker rooms for the various athletic teams.

Thousands of toads about the size of an ordinary house fly literally covered the ground for considerable distance after a heavy rain in Greenville, Pa.
