

## Relief for Catarrh Sufferers Now FREE

You Can Now Treat This Trouble in Your Own Home and Get Relief at Once.

How the Remedy for Catarrh Was Discovered.

THIS terrible disease has raged unchecked for years simply because symptoms have been treated while the vicious germs that cause the trouble have been left to circulate in the blood, and bring the disease back as fast as local treatments could relieve it.

C. E. Gauss, who experimented for years on a treatment for Catarrh, found that after perfecting a balm that relieved the nose and throat troubles quickly, he could not prevent the trouble beginning all over again.

On test cases, he could completely remove all signs of Catarrh from nose and throat, but in a few weeks they were back.

Careful experiments and investigations have shown that as the troubles were expelled from the nose and throat, the real cause of the disease was overlooked and in a short time the Catarrh would return stronger than ever. Mr. Gauss has gone way ahead of the ordinary methods of treatment and has provided a remedy that

**Kills the Germs in the Blood** and immediately gives relief to the nose and throat.

He perfected the New Combined Treatment, since admitted to be the logical, safe, scientific method. Since June, of Devon, Penn., says that after trying many other treatments, he used this new method and "My nose is now entirely clear and free and I am not bothered by the disease any more. The New Combined Treatment is worth its weight in gold."

Temporary relief from catarrh may be obtained in other ways, but the New Combined Treatment must inevitably be accepted for permanent results.

Send J. Gauss, Mount Pellet, Tenn., says, "I suffered the pains and distress of catarrh for thirteen years and decided to make trial of the new method. Every method, but by your new method I was completely cured and you cannot imagine the joy that has come over me."

**Trial Treatment FREE**—This new method is so important to the welfare of humanity, so vital to every person suffering from any form of catarrh, that the opportunity is actually given to you to try it, and the opportunity is actually given to you to try it, and the opportunity is actually given to you to try it.

A large trial treatment, with complete, minute directions, will be sent free to any catarrh sufferer. Send no money, take no risks, make no promises. Simply clip, sign and mail the coupon, and the test package of the New Combined Treatment will be sent fully prepaid, together with the valuable book on Catarrh.

**RECENT WEDDINGS**—Lyon-Perkins, Asperance Station, Aug. 12.—A quiet but very pretty wedding took place at the home of the bride's father here today, when Ida A. Perkins was united in marriage to Oscar M. Lyon, of Maine.

The ceremony was performed by Rev. C. A. Bell in the presence of immediate relatives and friends. The room was beautifully decorated in potted ferns and cut flowers, the bride being attired in duchesse palette. Miss Ethel Perkins, of St. John, played the wedding march. The bride was the recipient of many

**Bathing Caps**—Good style and quality, from 50c. to 90c. AT THE ROYAL PHARMACY, 47 King Street

**CHARMING NOVELTY AT NICKEL, STARTING FRIDAY**

"What Happened to Mary" Photo—Novel in Twelve Reels; One Each Week

On Friday of this week a distinct novelty will be inaugurated at the Nickel in the form of a serial novel in motion pictures. This will be the now famous "What Happened to Mary" series which for a year back have delighted motion picture patrons all over the world as well as readers of that popular magazine, The Ladies' World. The McClure Publishing house in New York and the Thomas A. Edison motion picture company collaborated in producing this interesting story in which Mary Fuller, idol of millions of picture fans, plays the leading role.

"What Happened to Mary" is a sweet but adventurous story of a lone girl in a big city, and it is the Nickel's intention to give a thousand foot installment of it each Friday until the series is exhausted. It was impossible to guarantee the regularity of a weekly chapter at previous date because of the split-up condition of the picture service throughout Canada, so the Nickel people have waited a sufficiently long time to guarantee against any breaks in their serial picture.

It will be necessary for persons intending to enjoy the "What Happened to Mary" series to be on hand Friday or Saturday night to get the first of the story. Each week's installment will be a finished picture, but as is the usual thing with serials, it is the Nickel's intention to give a thousand foot installment of it each Friday until the series is exhausted. It was impossible to guarantee the regularity of a weekly chapter at previous date because of the split-up condition of the picture service throughout Canada, so the Nickel people have waited a sufficiently long time to guarantee against any breaks in their serial picture.

**THE CHOCOLATE SOLDIER**

George Bernard Shaw's comedy, Arms and the Man, with its mingling of the time-honored notions of war, heroes, love, courage, and so forth, furnishes a lively background for the blithe and joyous melodies of Oscar Strauss. This colorful emotion—relieving fun, tender every emotion—relieving fun, tender sentiment, anger, sadness, patriotism—all being set to music by the "Chocolate Soldier" which comes to the Opera House August 20, 21, 22, 23.

The Whitney Opera Company is a rarity among such organizations, for stars are unknown in its ranks, but every member is an artist of equal importance. Such names as Lottie Collins, Francis J. Boyle, Harry Ralfeigh, Lella Hughes, Lucille Saunders, George Tallman and Sylvian Langlois add glamor to it, while Signor deNovellis and his orchestra are so well known that mention of them is superfluous. The opera is mounted with a scenic background that is marvellously beautiful, depicting Bulgarian scenes.

**RECENT DEATHS**

Marin Roberts, daughter of the late James Anderson of Burnt Church, N. B., passed away at her home on Sunday, August 10. Miss Anderson was in her nineteenth year, and was much beloved by all who knew her. Her death is deeply regretted.

**DREDGING FATALITY INQUEST**

While there was none of the sensational evidence which was offered at a previous session of the inquest into the death of Ernest Ross, the scowman who was drowned in the Courtenay Bay on July 14, the three witnesses called last night by Coroner Berryman seemed united in testifying that as a general rule only one man went out on the scows of the Norton Griffiths Dredging Company, although there was life-saving apparatus always aboard.

"But," remarked the coroner, after hearing some of the testimony, "what was the use of a life belt in the cabin when there was nobody on board to throw it? The drowning man could not very well climb aboard the boat again and throw it to himself."

William Johnson, William Large and Bartholomew Pelly were the witnesses called. The first was a fireman, the second a foreman on the company's dump heap and the third a regular scowman. The inquest was adjourned until next Monday night.

**KRYPTOK**—Two Pairs of Glasses in One

KRYPTOK lenses for those who wish to see two ways at once. No age indicating lines. Let us supply those better lenses that mean better eyesight for you.

**D. BOYANER**—Optician 23 Dock Street

**We Charge Only a Nominal Fee 25c.** We Make The Best Artificial Teeth in Canada. Crown and Bridge Work a Specialty.

**BOSTON DENTAL PARLORS**—527 Main Street, 245 Union Street, Corner Brussels. Phone 683. DR. J. D. MAHER, Proprietor. Open 9 a. m. until 9 p. m.

**Bathing Caps**—Good style and quality, from 50c. to 90c. AT THE ROYAL PHARMACY, 47 King Street

**THE BEST QUALITY AT A REASONABLE PRICE**

**What is Your Occupation?**

There are many occupations where the eyes are used constantly for close work. With proper lighting and the eyes in good condition, a large amount of this kind of work may be done without injury to the eyes.

But if there is any eye-strain such work in many cases aggravates it very rapidly.

The result is often apparent in the loss of the worker's efficiency. He works more slowly and his work is not up to standard in quality.

But the worst feature is that working under such conditions for any length of time is apt to injure the eyes permanently.

If you are doing close work constantly and find that you do not work with comfort, do not take any risks with your eyes. Have them examined by our skilled opticians, who will give you reliable advice about your eyes.

**L. L. Sharpe & Son**—Jewelers and Opticians 21 King Street St., John, N. B.

**ORONA SOAP AND CLEANER**

**THE ALL-AROUND CLEANER.**—Orona Soap and Cleaner is the greatest all-around cleaner that was ever introduced to the housewife.

## DETECTIVES GET INTO WRONG DEPARTMENT

Embryo Sleuths, Seeking Divorce Evidence, Find Trouble Instead

New York, Aug. 14.—Searching, they said, for divorce evidence, two men, who described themselves later as Jas. B. Varring of 228 Greene avenue, Brooklyn, and Davis Willard of 75 West 119th street, stealthily entered the apartment of Elmer de Sapre, an art editor, on the second floor of 149 West 12th street, early in the morning and were all but out to pieces by the editor and his wife, who they believed, led to the apartment where they expected to find a woman for whom they were in search.

One of the men, climbing a picket fence in front of the house, swung to a drop ladder and started up the fire escape. By mistake, they said in Charles street station, where they were taken and locked up, they had entered a window which they believed led to the apartment where they expected to find a woman for whom they were in search.

De Sapre and his wife also required medical attention.

**NEW BRUNSWICK'S LUMBER KING HAS PASSED AWAY**

(Continued from page 1.)

In the year 1866 Mr. Gibson acquired the mill and lumber holdings of Rankine, Ferguson & Company, on the Nashwaak river, and founded the town of Marysville, named in honor of his wife. He at once began a series of improvements, which resulted in the building up of a town which has since excited the wonder and admiration of every visitor—a town without a peer in the dominion.

Here Mr. Gibson established mills for the manufacture of large and small lumber, also grist mills and brick yards; and as a means of providing employment for the young people of the place, he erected and equipped one of the largest cotton mills in Canada.

**A Great Industry**—Mr. Gibson's timber holdings on the Nashwaak river included a large tract of land which he acquired from the New Brunswick & Nova Scotia Land Company. For forty years he had cut and manufactured on an average 30,000,000 feet of lumber a year, the bulk of which has been shipped to European markets. A force of 1,200 men and nearly 100 horses was employed

to handle this vast quantity of lumber. At the cotton mills 600 hands are employed and the output is shipped to all parts of Canada. A total of twelve hundred million feet of lumber has been cut out on the Nashwaak lands in Mr. Gibson's time, and they are as valuable today as they ever were.

A few years ago, Mr. Gibson, by acquiring property at Blackville, extended his lumbering operations to the Miramichi. The lumber from the mill at Blackville is forwarded to Gibson by rail and taken to St. John in scows for shipment to the old country. The deal made in 1904, when it was purchased by the Dominion government and made part of the Intercolonial system.

Mr. Gibson also built a narrow gauge line of railway from Gibson to Edmundston, 160 miles in length, and disposed of it to the New Brunswick Railway Company, which concern after operating for several years, in turn, disposed of it to the Canadian Pacific.

Mr. Gibson was also one of the incorporators of the Fredericton & St. Mary's Bridge Company, which erected the magnificent steel bridge which spans the St. John river at Fredericton, and which is now the property of the Dominion government. In 1880 Mr. Gibson was one of the syndicate with the late Sir W. P. Howland that offered to construct the Canadian Pacific railway.

**Too Much for One to Handle**—In 1897, owing to the great increase in his business, which made it impossible for one man to attend properly to all its complicated details, Mr. Gibson's vast enterprises were taken over by a stock company, known as the Alexander Gibson Railway & Manufacturing Company, Ltd. Mr. Gibson was appointed president and general manager of the company, and filled the position up to the time of his death, giving it his close personal attention.

He was a man of remarkable energy and it has been many years since he has taken a holiday. He had always been in the enjoyment of perfect health. In religion Mr. Gibson was a devout Methodist and one of the greatest benefactors of his church in the maritime provinces. He built, at his own expense, the magnificent Methodist church at Marysville, and presented it as a free gift to the New Brunswick and P. E. I. Conference. He also paid the minister's salary and supported the church out of his own pocket.

Mr. Gibson's wife, who was Miss Mary Robinson, died seventeen years ago. There are two sons—Alexander Gibson, Jr., ex-M.P., mayor of Marysville, and James Gibson. He also has

three daughters—Mrs. John R. McConnell, Mrs. Charles H. Hatt and Mrs. Frank M. Merritt, all of Marysville. Concerning Mr. Gibson, the late Frank H. Risteen of Fredericton, once wrote: "The spruce tree is king in New Brunswick, but the spruce tree bows its head in homage to Alexander Gibson. Starting in life as the proverbial poor boy, in the village of Lepreau, his career reads like a romance. He employs an army of men in the woods, on the stream and on the river, cutting, driving, saving and shipping nearly 50,000,000 feet of lumber every year. He built the original New Brunswick railway, about 200 miles in length, extending from Gibson to Edmundston, with a branch to Freque lake—all of which is now a part of the great Canadian Pacific railway system. He built in conjunction with Senator Snowball, of Chatham, the Canada Eastern railway, 116 miles in length, from Fredericton to Chatham, besides a branch from Blackville to Indiantown.

"He is a part owner in conjunction with Senator Temple of the handsome steel railroad bridge which spans the river between Fredericton and Gibson. He built at Marysville and has maintained with great success one of the largest cotton mills in Canada. He erected and donated to the New Brunswick Methodist Conference one of the finest churches in the province and has since maintained it entirely at his own expense.

"There is a town of 2,500 inhabitants, owned and controlled by one man more absolutely than the Czar of Russia controls his vast domains; but the reign of this industrial Alexander is a beneficent one; his subjects are contented and law-abiding; and Marysville is in all respects a model community. It is a town that the visitor cannot fail to be repaid for time spent in viewing its thriving factories and peaceful, home-like tenements."

**LYNCHING AT LAURENS, S. C.**—Young Negro Protested to the Last His Innocence of Attack Upon a Young White Woman

Laurens, S. C., Aug. 14.—Protesting his innocence to the last, Richard Puckett, a young negro charged with attacking a young white woman of the community, was taken from the jail here and lynched. His swinging body afterward was perforated with bullets from the revolvers of more than 2,000 men, who composed the mob.

The sheriff declared Puckett had confessed his crime. The negro, just before he was lynched, protested his innocence. The mob overpowered the sheriff and his deputies, breaking down the jail door and tearing to pieces a steel cage in which Puckett was confined.

**NOVELIST'S AFFAIRS IN RECEIVER'S HANDS; "BROKE" IN BRUSSELS**

London, Aug. 14.—William Lequeux, an English Novelist, apparently has reached an awkward situation as regards his finances for his affairs were yesterday placed in the hands of the official receiver on the petition of his wife, who claims \$1,200 arrears under a deed of separation.

Lequeux in a letter to the official receiver expresses regret that he is unable to attend the meeting of creditors, as he is in Brussels, Belgium "without the necessary funds to go to London."

**AFFILIATION OF THE COLLEGE DECIDED ON**

Winnipeg, Aug. 14.—At a meeting of the board of Wesley College (Methodist), last night, it was finally decided to affiliate with Manitoba College (Presbyterian).
