-Two thousand applications to be placed on the register of voters have been received by Mr. Harvey Combe. The old list contained 5,600 names, but purged of the names of dead and absent men the new list will probably not exceed 5,000.

-A dispatch from Ottawa states that great interest has been aroused at the Federal Capital by the receipt there of a forestry exhibit from British Columbia en route to Paris Exposition. A tree fourteen feet in diameter, grown on Vancouver Island, is being specially commented upon.

-The Minister of Mines is kept busily employed these days in forwarding the mineral exhibit of the province to headquarters for trans-shipment to Paris. Within the past two weeks a large amount of placer gold from Omineca, Teslin and other northern districts has reached here to swell the display of British Columbia's golden wealth.

-A collection of nuggets from the different creeks in Atlin district arrived here and often takes a spin of several miles from the Mainland last night, having been forwarded by the branch of the Merchants' Bank of Halifax there to the present a very pretty sight in the hand-Victoria branch.
