Jos. Oberhoffner of the Courier Staff Married

A pretty wedding ceremony took place on Wednesday morning, July 9, at St. Mary's church, when Miss Angela Simon, a graduate nurse and daughter of Mr. George Simon of Spring Valley, Sask., became the bride of Mr. Jos. Oberhoffner, Advertising Manager of the Saskatchewan Courier Publ. Co., Ltd., Regina. The bride, who was given away by her father, wore an ivory satin dress, trimmed with pearls, with veil, and wreath of orange blossoms, and carried a bouquet of pink roses. The ceremony was performed by Rev. Father Baening. As bridesmaids attended Miss Julia Simon, a sister of the bride, and Miss Emma Oberhoffner, a sister of the groom; as best-men Mr. Alois Simon, a brother of the bride, and Mr. L. Dutkowski, and as witnesses Mr. and Mrs. Jos. Dutkowski of Regina. After the ceremony in the church, the young couple were gratulated by a host of friends, the ladies of whom used rice and confetti freely. A wedding breakfast was served at the residence 2077 Osler Str., on which the married couple and the nearest relatives took part. Mr. Francis Bilek and Mr. H. Adams rendered a fine programme of music. Mr. Oberhoffner and his young bride left on the same day for Jasper Park and Mount Robson. They will return in a couple of weeks and make their home at 2309 St. John Street.

(The members of the Courier Staff extend their hearty congratulations to the young couple and wish them a bon voyage through life.)

Control of Immigrants

an alien naturalized under the laws of Canada, may be deported at any time, if they come within the new section, which reads as follows:

"41.—(1)—Every person who by word or act in Canada seeks to overthrow by force or violence the government of or constituted law and authority in the United Kingdom of Great Britain and Ireland or Canada, or any of the provinces of Canada, or of the government of any other of His Majesty's dominions, colonies, possessions, or dependencies, or advocates the assassination of any official or any of the said governments, or of any foreign government, or who in Canada defends or suggests the unlawful destruction of property or by word or act creates or attempts to create any riot or public disorder in Canada, or who without lawful authority assumes any powers of government in Canada or in any part thereof, or who by common repute belongs to or is suspected of belonging to any secret society or organization which extorts money from or in any way attempts to control any resident of Canada by force or by threat of bodily harm, or by blackmail, or who is a member of or affiliated with any organization, entertaining or teaching disbelief in or opposition to organized government shall, for the purpose of this Act, be deemed to belong to the prohibited or undesirable classes, and shall be liable to deportation in the manner provided by this Act, and it shall be the duty of any officer becoming cognizant thereof and of the clerk, secretary, or other official of any municipality in Canada wherein any such person may be, forthwith to send a written com-

plaint to the Minister, giving full particulars: Provided, that this section shall not apply to any person who is a British subject, either by reason of birth in Canada, or by reason of naturalization in Canada.

"(2)—Proof that any person belonged to or was within the description of any of the prohibited or undesirable classes within the meaning of this section at any time since the fourth day of May, one thousand nine hundred and ten, shall, for all the purposes of this Act be deemed to establish prima facie that he still belongs to such prohibited or undesirable class or classes."

This drastic clause needs to be considered in connection with the amendment to the naturalization act. On its face it seems to give the preacher of sedition who is a naturalized citizen greater protection than a British-born advocate of revolution enjoys; but by an amendment to the Naturalization Act the naturalization certificate given to an alien can be summarily quashed by the Secretary of State; this brings the alien at once within the operation of the law.

There are three new and very drastic provisions in the added legislation. Deportation by a department board for the offences noted above is provided for; the quashing of certificates of citizenship by the alien-born is authorized; and British citizens by birth, who were not born in Canada, are rendered liable for deportation by participation in revolutionary proceedings. All these provisions are being sharply attacked by many critics as empowering the government to exercise an authority, by administrative process, which it is claimed should not be entrusted to it.

EDITOR'S NOTE.—The above article appeared in the Manitoba Free Press on Friday, July 11. We have reproduced it in order to give our readers an idea of the drastic nature of the provisions of the new Immigration Act recently adopted by Parliament.

ALBERTA SASKATCHEWAN CENTRAL CONVENTION

The above convention was held with the church at Germantown, June 25-29. A large number of delegates and visitors from far and near came together for this occasion. Two hundred and ten automobiles and fifty carriages conveyed the people to the meeting place. On Sunday—the last day of the convention—about eight hundred people assembled. Rev. E. P. Wahl, minister of the church, superintended the work in a very businesslike way and thus added much to the success of the convention.

The church led on by their able Pastor and his wife, did their best to make the assembly worth while. Rev. C. F. Dallmus of Medicine Hat in giving the opening address of the convention, strove the key note of the whole session, basing his text on Isaiah 53, 10 he showed how Christ labored and then received his reward. First work then pay.

The meetings were held three times every day. Each service beginning with a devotional hour. In these meetings the emphasis was laid on the essentiality of maintaining undisturbed communion with God as a necessity for a victorious life.

Music was furnished by the three choirs of the church and also by others. On Sunday the choir from the church at Irvine, under the able leadership of Albert Stelter, rendered a suitable selection and thereby helped to make the occasion more impressive. The massed chorus from the various choirs proved a real success.

It was a great pleasure and honor to have our most esteemed Editor—Rev. G. Fetzner in our midst. In the closing service he depicted in a very clear manner the vision of God as the loving Father caring for suffering humanity.

As a result of this convention three new features were brought

KAISER MAY NOT BE TAKEN TO BRITAIN

LONDON, July 14. — Predictions that the project to bring the former German emperor to trial in England will be abandoned, are growing, in view of the almost unanimous opposition of the press. Virtually all the leading papers, with the exception of the Northcliffe press, are denouncing the plans.

The Northcliffe papers have taken no stand in the matter, but print many letters from prominent persons opposing the trial. The influential weekly reviews all oppose or deride the project of bringing the former emperor from Holland.

Walter Runciman, former member of the cabinet, writes: "Feeling in this country is justifiably bitter against the kaiser. Indeed, it is so bitter that the public might take the law into their own hands and lynch him."

Big Fight For Retention of German Language

WINNIPEG, Man. — The Mennonite school case, which is to decide whether Mennonites will be allowed to retain their present system of education, including the teaching of German, is to be taken to the privy council of the house of lords.

The test case will begin today. Both sides have collected a mass of evidence and no matter what the decision of the local court is, the question will be taken to the final court of appeals of the British empire.

The crown will present evidence to show that in one Mennonite school the only books in use are a Lutheran Bible, printed in German, and some patent medicine almanacs in the same language.

There are nine cases to come up for hearing, each being a charge against a parent for failing to send his child to school. The province takes the ground that the institutions at which certain Mennonite children are taught do not come under classification of schools, according to the act, what is denied by the Mennonites.

HOLLAND'S VEILED PROTEST

PARIS, July 14. — The council of five received today a reply from Holland in answer to the council's note regarding the reported escape from the Island of Wieringen of the former German crown prince. The Dutch note, in what were said to be rather curt terms, pointed out that the rumor of the escape was unfounded and expressed surprise at the warning given by the council.

The Dutch government, the reply added, is conscious of its international obligations and must be left to exercise its sovereignty as it sees fit.

Where Valley and Height Fills Your Soul With Delight

Such is the general opinion of patrons of the Canadian National Railways travelling to the Pacific Coast through beautiful Jasper National Park and in full view of majestic Mount Robson, Mt. Edith Cavell, Mt. Warren and other wonderful sights. The Railway traverses an entirely new section of the Rockies and is replete with magnificent scenery the whole 600 miles through the Mountains. Advantageous features of this route are absence of grades, the highest point reached being only 3600 feet, the lowest altitude crossing the Rockies anywhere on the Continent and of immense benefit to people who are affected by high climbing; then again there is little curvature and a splendid roadbed, which with electric lighted Standard and Tourist Sleepers, Dining Car and Observation Car makes for a most comfortable journey. Summer Tourist fares are now effective to all points on the Pacific Coast from Vancouver, B.C., to San Diego, Cal., and North to Alaska.

Any C.N.R. Agent or District Passenger Agent, C.N.R., Saskatoon, will consider it a pleasure to give information on the trip and describe to you how "Nature glows in grandest glory—along the National's Territory."
