ANTIGER.—The Governor isso
on the 27th September, setting
quience of the alarming scarcity
the Island, such stock of the pr
maining in store shall not be exland until forther notice. We
similar state the other day, when
arrived from America Luder
Barbadoes Globe, Oct. 9.

To the great gratification of hi Mr. McLeod arrived here on Si none of the worse for his long c. Vankees. On Tucaday he ret and after settling his affairs in the in December, leave for England he will receive, in the words of a "personal solutium for his two imprisonment, an indemnification tracted term of cruel and arbitrated to the transfer of the transfer of the transfer of the Times, like the Canadian jo on that compensation should be united States—the government on that compensation should be c United States—the government ready clearly admitted that the Mr. McLeod was unjust.

Tonosto. Nov. 12.—Americ meeting of citizons was held at ult., for the purpose of taking in condition of the American citize the British penal colony at Van which Rosswell Chapin acted as course of the proceedings it we number of persons at present treone hundred and ten, of whom the form the State of New-York, three from Michigan one from the State of New-York, three from Michigan one from the British during the revolution Canada, in which they acted as been induced to believe that a 4to be made by the people to esta dence: that in the opinion of persons have done nothing to jut treatment which has been besto which cause to be denied to the terference of our government in the meeting believe it would be the government of the United States to bring the treatment which has been besto the mountain means to induce the to set them at liberty, and to pet their country and friends. Adopted requesting the representative, Mr. Filmore, to urge the jution in the House of Representative, Mr. Filmore, to urge the jution in the House of Representative, Mr. Filmore, to urge the jution in the House of Representative, Mr. Kikas to bring the condean citizens, now prisoners at Vunder the notice of the British gask their liberation. The cooper meeting of Congress, durecting tunied Roads of Congress from the 5 is also earnestly requested.—Mi. Kikasovo, Nov. 13.—We are Board of Works is in full activit Mr. Keefer has for some time in the the works on the River have been entered into for the in Welland Canal, and the work Welland Canal, and the work welland Canal, and the work welland Canal, and the work

ket, and that in favor of meetin
tions to every possible extent,
the radicals have prevailed by a
rity, and that a scene of recrean
soon be looked for in that quarte
the "model Republic"—or inde
government.

The Mississippi debts amoun ANOTHER BEAUTIFUL FEATU government.
The Mississippi debts amoun \$200,000,000, a greater part of English capitalists. Most of or the vicissitudes of the vicissitudes.

\$200.000,000, a greater part english capitalists. Most of on member some of the yicissitut which Mississipp has been the start few years, and which have a share of the embarrassments now thrown. Her speculations yielded nothing; a lamentable of price of colton took place, follostagnation of trade, and a terrible her financial institutions. As an under such circumstance as the contract soon became common, an amount of higation never equation of the picture than all thising monument of the recent enter of the picture than all thising monument of the recent enter of mississippi, was visited by swept away before the terrible colla a single hour the city of Naclanda and hundreds of citizens left will scene of desolation and ruin which we have a start of the mainted, bodies or heaps of fragments, and piles tures of the mouraful and hear The interior of the State was coforests, prairies, crops, and all the surface of the mouraful and hear The interior of the State was coforests, prairies, crops, and all the surface of the earth were approached the first of the contract of the first of the first well the bills of mortality, and the cup of horror, which seemed unfortunate people. Thus vicis cissinde in quick succession, and the cup of horred sufficient palliation for a payment due from the State, the strength of the burden, with the way of smodern Sinancier the beauties of the credit system, but the way of smodern Sinancier the beauties of the credit system, but the way of smodern Sinancier the beauties of the credit system using to develope itself. Their did themselves of the burden, we the back of the General Govern holders of their bonds look to it was too unpopular, however, to for success, and now we press the second of the matter along of the matter and of the matter along of th
