

Announcement Extraordinary!

DOMINION FAIR

WEATHER permitting there will be over 100,000 admissions to the great DOMINION FAIR to be held from September 5th to September 15th.

It may be of interest to visitors to know that we have assisted largely in boosting St. John by establishing and extensively advertising what are generally conceded to be the finest, best equipped and most up-to-date Dental Offices in Canada.

We were the first to introduce Painless Dentistry into Canada.

We were the first to suggest the examination of School Children's Teeth, which has since been introduced into many Canadian cities.

We engage the most thorough operators and mechanics to be found in England, United States or Canada.

We have revolutionized Dentistry in the Maritime Provinces.

Our Halifax office does the largest Dental business in Nova Scotia.

We have established the most reliable advertising offices in the world. We are in a class by ourselves in the advertising business and have no connection with "Dental Parlors" in any part of this country not bearing our name, viz: "BOSTON DENTAL PARLORS."

We established low fees for Dentistry.

We buy more Dental materials than any Dental Office in Canada. We pay cash for everything and give our patients the benefit.

We do all branches of Dental Work.
