PREPARE FOR LUMBAGO!

If You Have "Nervine" Handy One Rubbing Will Cure the Pain.

THOUSANDS USE "NERVINE"

The "strike" of lumbago is like a bolt of lightning—you never know when it is coming or where it is going to strike. Probably the one certain thing about lumbago is the fact that it can be cured by Nervine—the only liniment that penetrates deeply enough to reach the congested chords and muscles.

"Years ago I strained my back and suffered considerably with lumbago," writes Dr. P. Millar, a well-known farmer, "until I used Nervine."

"Then lumbago attacked the weak spot, and for days at a time I would have to lie up in bed, unable to move or turn. Liniments, poultices and hot applications failed to bring relief, and I was in despair of ever getting well again. I at last decided to try Nervine. I got five bottles from the drug store and had it rubbed on three times a day. The stiffness and pain left my back quickly, and by continuing Nervine I was completely cured of lumbago."

This is similar testimony to that of nearly five thousand Canadians who have written unsolicited words of praise to the manufacturers of Nervine. Refuse any substitute. Large 25c bottles of Nervine, or five for \$1.00, at all dealers, or The Cataract House Co., Kingston, Ont.

THE GAY MUSICIAN.

Comic Opera Coming to St. John. The demands of the playing public throughout the United States and Canada for an opportunity to see and hear The Gay Musician, Julian Edwards' most successful comic opera, has decided the manager, M. J. Kavanaugh to send out to the larger towns a special production of this sensational success with a cast composed of several sterling artists and a high class singing and dancing chorus. The production is remarkable in many ways. The New York newspapers acclaimed it as a memorable advance in material and form over any native predecessor. Massive scenic environment, lavish costuming and effects will mark the presentation of The Gay Musician, which will open at the Opera House for Thursday, Friday and Saturday, June 6, 7, 8.

English Gardener to Locate Here
A Williams, of Berkshire, England, arrived in the city yesterday and expects to engage in market gardening in this province. He had a long conference with the superintendent of immigration, and was much pleased with the information Mr. Wilmot was able to give him. He will look around the province with a view to determining the best location for a market garden. He is prepared to buy a farm of one suitable for market gardening is available. On the advice of Mr. Wilmot he decided to work for two or three months with a native gardener for the purpose of getting experience of methods of work here.

"SALT RHEUM"

Had It On Hands For Two Years.

ITCHED SO DID NOT KNOW WHAT TO DO.

Tried Three Doctors and Went to Hospital.

All skin diseases are more or less occasioned by a bad state of the blood, and so one can expect to be free from some form or other of skin trouble unless the blood is kept in good shape. All skin diseases can be very easily cured by the use of Burdock Blood Bitters.

This is due to the unrivalled purifying action of Burdock Blood Bitters on the blood, coupled with the thorough manner in which it cleanses and expels the poisons from the body. Mrs. Richard Coutine, White Head, Que., writes: "I have been bothered with salt rheum, on my hands, for two years, and it itched so I did not know what to do. I tried three doctors, and even went to Montreal to the hospital without getting any relief. I was advised to try Burdock Blood Bitters, so I got three bottles, and before I had the second used I found a big change, and now today I am cured."

Burdock Blood Bitters has been on the market for about 35 years and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CITY MARKET

Wholesalers Charged with Forestalling Arraigned Yesterday Morning—Magistrate Will Render Decision Today.

Robert H. Cother, Thomas Foley, James D. Williams and Thomas J. Dean, wholesale victuallers, were in the police court yesterday morning, charged with forestalling in the country market. The actions were the result of the determination of Commissioner McLeellan, Chamberlain Lingley and Deputy Clerk Dunham were present in the interests of the prosecution.

The charge read over to the defendants was to the effect that they purchased produce in the country market for the purpose of reselling the same before the produce had been left standing for sale in the open market, in violation of the provisions of the act prohibiting forestalling. The defendants all admitted purchasing the goods, but pleaded in extenuation that they had no knowledge of the provisions of the act, and that they were exposed for sale when they made the purchases. George A. Henderson, the clerk of the court, conducted the case for the prosecution, and Deputy Clerk Dunham was the only witness examined.

The case against Mr. Cother was taken up first and Deputy Clerk Dunham was the first witness. He testified that on May 25th Mr. Cother had purchased two cases of eggs from Mrs. Baxter before they had been exposed for sale in the open market.

Mr. Cother said he had been doing the same thing for years, and asked why he had not been reported before if the practice was against the law. Mr. Dunham replied that he had only recently received instructions to enforce all the market laws.

The case against Thomas Foley was next taken up. In this case, Deputy Clerk Dunham testified that on May 25th he saw Mr. Foley purchasing a pair of fowl from Mr. Hopper, a farmer, from Kings county. Mr. Hopper arrived in the market about 10:15 a. m., and placed the fowl on the stand for sale about five minutes later. They were exposed for sale about an hour when Mr. Foley made the purchase.

In the case against Thomas J. Dean, Mr. Dunham said Dean was purchasing a pair of fowl from Mr. McGowan, of Black River, after the fowl had been exposed for sale but 20 minutes.

F. E. Williams was in court to represent James D. Williams, who was charged with purchasing a pair of fowl from Mr. McFarlane. He consented to have his case adjudicated upon with the others.

Mr. Dean thought there should be some discrimination made between those doing business in and outside of the city, and that the market outside the market had not an opportunity of ascertaining how long the goods had been exposed.

"About the time the law was passed," said Mr. Dean, "there were only about two meat dealers doing business in the city, and the market. Now there are about 50. Mr. Dean thought that the market should be divided in two sections—wholesale and retail."

Mr. Foley thought it was unfair to the countrymen that they should have to leave their produce exposed for three hours before they could sell to wholesalers.

Mr. Cother said that the middleman was at a disadvantage when he purchased from the countrymen they had no redress. Most of his supplies, Mr. Cother said, he purchased from the country people in the morning, and had them shipped direct to him in the city.

Mr. McLeellan, interrupting, remarked that that mode of business was unlawful.

Mr. Henderson read a section from the English law passed during the reign of Edward VI. touching upon forestalling, in which the penalties for this offence ran all the way from two months to life imprisonment.

Mr. Henderson felt that the local by-laws of both 1897 and 1899 were still in vogue. There was a feeling, he said, that the wholesalers could meet the farmers at the Marsh Bridge and make their purchases. In doing this, however, the wholesalers would leave himself open to a very serious charge.

Timothy Donovan, a West Side butcher, asked permission to make a statement, and, on obtaining the same, complained in a brief speech that the present by-law was a disadvantage to the countrymen, and that the wholesalers and consumer alike. The magistrate felt that Mr. Donovan would do well to leave his arguments to the members of the Common Council. "I am sorry your Honor, that you cut me off in my remarks," said Mr. Donovan, "as there were some details I wanted to touch upon."

The magistrate reserved judgment until this morning at 10 o'clock.

TEMPERANCE MEN

TO EXACT PLEDGES

N. B. Temperance Federation will Ask Every Political Candidate to Support Provincial Prohibition.

At a well attended meeting of the executive of the N. B. Temperance Federation yesterday afternoon, the political situation was thoroughly discussed.

The following resolution, adopted by and being acted upon by the Sunbury county federation, was presented before the meeting by Rev. T. D. Bell, of Ruessagoria, and endorsed by the executive:

"Whereas, The New Brunswick Temperance Federation has since 1907 asked the provincial government three times to repeal the liquor license act by enacting a provincial prohibition bill;

"And whereas, It is known that three hundred and thirty-five men have received licenses to traffic in liquor in the county of Sunbury for the ensuing year, and whereas, as the licensing of any man in any city or county of the province is a serious handicap to prohibition counties, and a gross reflection upon the moral convictions of the temperance people;

"Therefore resolved, that the electors of the county of Sunbury whose names are attached, do urgently request our political provincial representatives to sign the attached declaration, and we do hereby pledge ourselves to support only such candidates as will do so."

"I am seeking to be elected as the representative of Sunbury county, and I am proud to declare that if elected, will use my best influence to introduce or have introduced into the next session of the legislature, a provincial prohibition bill, and will continue to do so from year to year so long as I remain such representative of the local government."

It was decided to communicate with each candidate nominated by both parties throughout the province asking for signatures to a pledge similar to that submitted by the Sunbury county organization.

An organizer for the province was dealt with and provision for the curing of a first class man was considered. Latent sentiment will thus be awakened and the full strength of the N. B. Temperance Federation will be made manifest to look after the financial arrangements for this work.

Each county in the province will, it is thought, be thoroughly organized in the near future and the movement, on a review of the situation, shows a bright outlook.

St. John and Sunbury are already organizing and the issue will be well defined. The federation executive feel very hopeful regarding the situation.

S. Allan Thomas, R. M. Magee, H. W. Rising, F. A. Peters, Misses Jessie Chum, Eunice Macaulay, Misses Haley and Jack, with power to add.

Ordination in Trinity.

In Trinity church on Sunday morning Rev. A. L. Skerry, of Stanley, will be ordained to the priesthood and Lewis Blackall, of Mount Whately, will be made a deacon. The Bishop of Fredericton will conduct the ordination.

PROVINCIAL.

New Lighting System for I. C. R. Trains.

Moncton, May 31.—Comments with the close of time the I. C. R. coaches will be lighted by electricity instead of kerosene as at present Monday will be observed as a holiday in the I. C. R. offices and shops.

Valley Road Contract Awarded.

Fredericton, May 31.—G. H. Tucker, of Brownville, Me., has been awarded the contract for one mile of the St. John Valley Railway just above Springhill. It is a short distance below where Smith and Merritt have their contract.

The York County Ticket.

It is very doubtful if the opposition will nominate a ticket in York county at all. The government ticket will be H. H. F. A. J. K. Jones, J. K. Jones, Mr. Young and Dr. Moorehouse, and their re-election is certain.

Change in Collector.

Shediac, May 31.—Ferdinand Rolland has been appointed collector of customs at Shediac in place of A. M. Leger, who was dismissed for political reasons.

Seriously Ill.

Sackville, May 31.—Daniel Jordan, K. C., stipendiary magistrate of Sackville, is seriously ill, being stricken with paralysis last afternoon. He is about 70 years of age and years ago practiced law in St. John.

GOVERNMENT PROMPT

TO KEEP PROMISES

Chairman of Grain Commission Arrives to Make Good Pledge of Hon. George E. Foster.

An interesting illustration of the way the Borden government has, after the business interests of the people was afforded yesterday when Mr. McGill, chairman of the Grain Commission, arrived in the city to investigate complaints made by the local grain merchants. When Hon. Geo. E. Foster, minister of the department of trade and commerce, spoke before a meeting of the Board of Trade about two weeks ago, H. A. Smith complained that when grain merchants here lived did not always conform to the conditions set forth in the certificate of inspection accompanying them.

In response, Mr. Foster spoke of the extension of the powers of the grain commission, pointed out that an effort was being made to improve the system of inspection, and that the grain had passed the regular points of inspection, and promised to have the commission look into the complaint of the local grain dealers, and consider means of remedying their grievance.

Yesterday the chairman of the commission had a long conference with E. A. Smith, J. T. Knight, Mr. Peters and other grain dealers in the rooms of the local Board of Trade. The local dealers told of the occasions on which they had received grain of a poorer quality than they had ordered, and the question of devising means to prevent this sort of thing in the future was discussed at length.

E. A. Smith when seen after the conference, said representatives of the trade had discussed with Mr. McGill the conditions surrounding the handling of grain, chiefly oats, and considered the disabilities under which dealers in the Maritime Provinces laboured.

It was pointed out that the conditions of corn shipments received from the United States, but as the Canadian government has nothing to do with the standards of American corn, we did not get very far.

SPECIAL FARES FOR KING'S BIRTHDAY.

The usual holiday rates will prevail on the I. C. R. for the King's Birthday, and the first class one way fare tickets are good to return on June 5th. The full summer suburban service, under the new time schedule will be in effect Monday, giving fine opportunities for excursionists to spend the day out of town.

The New C. P. R. Elevator.

Good progress is being made on the crib work for the new C. P. R. elevator at Sand Point. The old houses at Blue Rock will be moved from their present site by the company.

HEAVIEST MAY RAIN

FALL IN MANY YEARS

Four and Seven-tenths Inches Fell During Last Twenty-Four Hours Breaking Records for Past Decade.

Four and seven-tenths inches of rain during twenty-four hours, is the official record for the last two days in St. John, and it has beaten the records for the month of May for some years.

Since the rain has started it has fallen almost incessantly, causing the streets to be in a very muddy condition. Along the river front at Indian town the water has risen considerably, although nothing serious is expected to occur. The heavy rainfall has also caused the different creeks and brooks to rise rapidly with the result that all the low ground around the city is in a state of flood. On the river range the water is knee-deep in places and greatly resembles a lake.

The temperature during the storm has been a trifle cool, it being a little below the average. On the Westmorland Road the rain water carried and into the sewers causing them to choke up with the result that along the side of the road the water is four or five feet deep. As at this place the road is higher than the ground level, it was not flooded to any extent, teams experienced no difficulty in getting through. This pond proved a great attraction to the youngsters of the vicinity yesterday when several of them conceived the idea of building rafts. To this end they raked the I. C. R. tie pile and after much labor succeeded in making a raft. On this they made several trips around the pond and were enjoying themselves immensely until the affair broke up and threw them into the water from which they were rescued more frightened than hurt.

The City Campaign.

A largely attended meeting of the executive of the local government party was held last evening in the rooms of the St. John Conservative Club. The plans for the coming campaign were discussed and committees struck to complete arrangements for the various phases of the work. A number of the meetings will be held next week in the different parts of the city when the candidates will speak. The committee is in communication with Premier Fleming and expects to hold a big meeting here at an early date, at which he will be present and deliver an address.

Police Report.

William Holder has been reported by Sgt. Baxter for having a defective water gutter on his building corner of Peter's wharf, causing water to fall on pedestrians on rainy days. Fred Peters has been reported for having a defective gutter on his building corner of Peter's wharf and Ward street, and allowing a heavy flow of water to fall on pedestrians. James Johnston has been reported by Police-man McCollum for having a water conductor on his building 156 Carman street that is a menace to the public. Police-man Gardiner yesterday reported Alex. Watters, of Elm street, for refusing to stop when ordered by the I. C. R. gateman on Mill street, and also driving over the railway tracks when the gates were down.

Presentation to Rev. H. D. Marr.

At a meeting of the Epworth League of the Portland Methodist church, last evening, the league presented the pastor, Rev. H. D. Marr, with a beautiful gold mounted umbrella. Miss Evelyn Huey made the presentation. Rev. Mr. Marr although taken greatly by surprise thanked the league for their kindness and complimented them on the good work they are doing. Rev. Mr. Marr leaves next week for Calgary where he has accepted a call to the district secretary of the Bible Society mission field of the Province of Alberta.

Leo Owens.

A pretty wedding was solemnized on Thursday evening at the residence of the officiating clergyman, Rev. Miles McCutcheon, when he united in marriage George Lee and Jennie Owens, both of this city. The couple were unattended. The bride was prettily attired in cream. They will make their home in the city.

Dr. A. W. Chase's Nerve Food

Nervous headache is among the most persistent symptoms of an exhausted nervous system. It is greatly in evidence in the spring time, because at this season of the year the blood is usually thin and watery, and the nerves suffer from lack of proper nourishment.

You may feel too tired to drag yourself about your daily work; you may lack energy and ambition; you may suffer from nervous indigestion and loss of appetite; all tell of a run-down nervous system; of the need of restorative treatment, such as Dr. Chase's Nerve Food.

To ward off the ills and weaknesses of spring, to restore the tired brain and exhausted nervous system, to make the pale, weak and emaciated strong, healthy and robust there is no treatment so thoroughly effective as Dr. Chase's Nerve Food.

Mrs. George Bradshaw, Cozy Nook, Harlowe, Ont., writes:—"I am glad to state that I received benefits from Dr. Chase's Nerve Food, which I was troubled for many years, in fact from my early womanhood, with weak, watery blood, and given to drowsy, I suffered untold agonies from nervous sick headaches, dizziness and sinking spells; in fact was a semi-invalid for many years. I tried many kinds of patent medicines and got no help, and tried every new doctor that came along, but all failed to help me. Doctors told me I had no blood, and that my heart and kidneys were diseased, and that I had to many complications there was not much use in doctoring up one or two. Four years ago I took six boxes of Dr. Chase's Nerve Food, and was glad to see I felt better, and then got six more, and they have cured me of my complaints. When I began taking Nerve Food I weighed 110 pounds, and today I weigh 135, and am 45 years old."

Dr. A. W. Chase's Nerve Food

Is the greatest of restoratives. It forms new, rich blood, strengthens the nerves and adds new, firm tissue to the body. You can prove this by noting your increase in weight while using it. Such symptoms as nervous headache, sleeplessness and nervous dyspepsia soon disappear when the depleted nerve cells are revitalized. Fifty cents a box, 6 boxes for \$2.50, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. It is to your interest to refuse substitutes and imitations, for they are almost always a disappointment.

The New Levantine.

New York, May 31.—It is announced that the new liner to replace the Titanic will be named the Britannic, and will be launched in the fall of 1913.

At Blue Rock.

It has been decided by the C. P. R. that the company will remove the buildings which have been torn down on Blue Rock, West End, Tuesday for the excavation work closed on Wednesday, but as yet there has been no decision as to the contract.

Westfield Outing Association.

The Westfield Outing Association has elected the following committee for the season: The house committee includes, F. N. Robertson, convener; M. F. Jarvis, E. A. Leches and George Keefe, with power to add. The tennis committee consists of P. A. Clarke, convener; W. E. Golding,

and
