

TWO CHATHAM SOLDIERS DEAD

Flags at Half-Mast for Howard Vanstone and Clinton Burke—Latter Enlisted in St. John.

Special to The Standard.

Chatham, Nov. 4.—The town flag was at half mast today out of respect for two of our fallen heroes, Howard Vanstone and Clinton Burke. The former is a son of Mr. and Mrs. James Vanstone. He had been reported missing, but afterwards the report was cancelled. A telegram today stated that he had been killed on Sept. 30. This sets all doubt aside.

Clinton Burke enlisted in St. John about a year ago, coming from the States to do so. He could have joined the American forces, but preferred to fight under his own flag. He was about 27 years old and is one of three brothers who answered the call, the others being Albert, now over there, and Walter A., returned hero, who was badly wounded in the head. They are sons of Mr. and Mrs. Edward Burke.

He went overseas with the company of commercial men of the 104th Battalion under Col. Fowler but was returned from England because of physical disability. He was well known throughout the province and was very highly esteemed. He was a son of John Shaughnessy, now a retired customs officer in St. Stephen, and has one brother and two sisters.

The funeral will be held Tuesday morning and will be conducted by Father O'Flaherty of the Church of the Holy Rosary. Very sincere sympathy is extended to the young wife and other relatives of the deceased.

BARK SUNK.

Turks Island, B.W.L. Nov. 4, via Halifax, Nov. 5.—Reporting the capture of their ship in latitude 37.30, longitude 53.30, by a German submarine on October 13, the captain and seven men of the Norwegian bark Stifinder, New York to Freemantle, arrived here last night in a pitiable condition following their twenty-one days' exposure in an open boat with little or no food. A second boat containing the remaining eleven members of the crew became separated from the captain's boat a few days away from the ship.

New York, Nov. 5.—The arrival of the captain and seven men of the Norwegian bark Stifinder at Turks Island accounts for the entire crew of the vessel. The others reached New York last week after being picked up by a United States naval ship. They reported that the crew of a German submarine had abandoned the Stifinder's men to their fate, after having boarded the bark and placed bombs on her.

Had Hacking Cough Couldn't Sleep Nights.

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in an irritated and inflamed condition. Don't neglect the hacking cough. You can get rid of it with a few doses of Dr. Wood's Norway Pine Syrup; the most prompt, pleasant and perfect cough remedy known.

Miss Catherine M. McLean, Craik, Sask., writes: "Last winter I caught a heavy cold and was laid up for some time. I had such a hacking cough I couldn't sleep at night. I didn't think I would get over it. One day a friend dropped in to see me and was surprised to see how bad my cough was. She advised me to try Dr. Wood's Norway Pine Syrup. The next day I sent for a bottle, and I soon got relief, and by the time I had taken two bottles, my cough was all gone, and now I am able to do my work again. I don't think there is anything to equal it."

There are plenty of "pine" preparations on the market trying to live on the reputation of "Dr. Wood's." The genuine is put up in a yellow wrapper, three plus trees the trade mark, price 50c. a bottle. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

MUCH PROGRESS IN THE FIGHTING

Probably Decisive Engagement Being Waged in Two Sections—Dangerous Wedges Being Driven Into German Lines.

Paris, Nov. 5.—A battle which is believed here to be decisive is now going on. It is being waged in two sections. In the north the blow delivered by the British armies of Generals Horne, Byng and Rawlinson and by the French, under General Debeney, is a threat levelled at one of the flanks of the west pocket formed by the German lines from Holland to Metz.

The object of this offensive is to drive dangerous wedges either north of the Sambre in the direction of Mons or south of the river in the direction of Avesnes and Maubeuge. The result may be a compromise retreat of the German armies in Belgium or those still between the Oise and the Aisne.

Excellent results have been realized so far. The Sambre river and canal has been crossed. This was the last line of resistance west of the frontier, which may be soon reached in that region. According to latest information, the Allied advance continues, notwithstanding desperate resistance by the enemy.

The second section of the attack is being conducted by Generals Gouraud and Liggett on the Meuse. This is the great strategic offensive which the Germans have always feared and which they sought to make impossible to storming Verdun in 1916.

HIT HIM AGAIN

The Bad Man of Europe is groggy. The hell-hounds he loosed in Belgium are backing away, cringing, snarling, scared.

We've got him going.

But he lives—4,000,000 strong on the Western front alone—and in his perverted brain lives the ambition to destroy and to enslave.

Now, while his legions totter; while his only hope is to dodge, to retreat, to evade the knockout blow that he knows must fall, now is the time to strike and to put everything we have behind the blow.

If you were planning to buy a \$100 Victory Bond you can surely hit harder. Make it \$200 or \$500.

If you were thinking of a \$500 Bond, can't you strike a \$1,000 blow?

The full weight of Canada's fighting strength must go into that crushing stroke—our great resources, our industries, our agriculture, our fisheries, our surplus wealth, every dollar we can spare, every dollar we can rake and scrape.

For this is the knockout—the blow that must strike the demon down and send his broken war hordes hurtling back across the Rhine.

Hit him again!

HIT HIM AGAIN!!
