Sir,-

I beg to acknowledge receipt of your store return for September quarter, and in connection therewith I beg to point out that the return which you submitted for June quarter showed 69,945 lbs. flour on hand at the south camp, while the return for September quarter shows only 48,760 lbs. of flour as on hand at the beginning of the last mentioned quarter. The discrepancy should be explained.

Your obedient servant,

For Asst. Deputy and Secretary.
