

Impure or Bad Blood.

Such symptoms as boils, pimples, blotches, sores, eruptions, rashes, tetter, and nearly all skin diseases are proof that the blood is impure, and if not cleansed these troubles may be followed by severer symptoms, such as Ulcers, Tumors, Abscesses, Old Sores, Scrofula and Cancerous Affections. In Burdock Blood Bitters we have a remedy that has cured the severest forms of bad blood from a common pimple to the worst scrofulous sore. This valuable medicine is purely vegetable, so that the user, while certain of benefit, runs no risk of harm.

One Bottle Cures Boils.

GENTLEMEN,—Some four or five years ago my blood got out of order as the result of an overheat, boils began to appear, and for six months I suffered severely, without finding any medicine that would do me any good. Seeing Burdock Blood Bitters advertised I decided to try a bottle. From the first day I felt the good effects of the medicine, and the one bottle was sufficient to cure me.
