PAINTING, TRIMMING AND REPAIRING

Of every description, attended to at shortest notice.

PARTICULAR ATTENTION GIVEN TO REPAIRING.

ENCOURAGE HOME MANUFACTURE. TO WATCHMAKERS, JEWELLERS, AND THE TRADE GENERALLY.

I beg leave to call the attention of the Trade to my unrivalled facilities for manufacturing to order all kinds of FINE JEWELRY, WEDDING, DIAMOND, TABLET, CHASED, SCALE, and STONE RINGS, &c. Having recently enlarged my premises, and procured improved machinery, I intend to show the public that better articles than those imported can be made here for as little as, or less than, they cost in Birmingham or New York. I am aware that some have a preference for imported goods, because they are under the impression that there are no workmen here equal to those of the "old country."—Let me assure them that there is no foundation for such an idea: I can manufacture just as good an article of Jewelry as any that can be imported, and at a lower price.

**Watches, Clocks, Jewelry, Musical Instruments, &c., repaired
in the best manner.**

ALL ORDERS BY MAIL PROMPTLY ATTENDED TO.

I take this opportunity to thank my customers for their patronage during the last seven years, and hope that through the coming winter I shall be favored with many orders from my old patrons, and from all who wish to get good and warranted articles at reasonable prices. In conclusion, I would say, that I will use my best endeavours to merit the esteem and good-will of all my customers. My motto shall be—Excellence, Celerity, and Cheapness.
