

At the General Meeting of the Society held at Windsor, in June, 1852, the usual Grant of £50 stg. towards the salary of Professor of Modern Languages was passed.

As the Foundation Scholarships have been discontinued, owing to a want of funds, the Alumni granted a sum of £20, for prizes, which has been distributed in the following manner, viz :

For the best Classical Scholar in College, . . .	£5
For the best Mathematical Scholar,	£5
For the best Modern Linguist,	£5
For the best general conduct	£5

At the request of the Alumni the Governors have abolished all the oaths heretofore taken by undergraduates on matriculation, except the oath of Allegiance ;—a promise of obedience to the Statutes being required in lieu of them.

The income of the Society from interest on investments (exclusive of the Wm. Cogswell Scholarship fund and the Academy Prize endowment), and from annual subscriptions, is about £200 per annum.

The Committee meet at the Secretary's office on the first Wednesday of every month, at 3 o'clock, P. M., and all members of the Society who may visit Halifax at any of those periods are invited to attend.

Donations, either of land or money, will be thankfully received by the Committee. In order to facilitate the benevolent intentions of any parties, who may feel disposed to assist the Society in their efforts to sustain the College, a form of bequest is given below : "I give, devise, and bequeath to the Incorporated Society called and known as 'The Alumni of King's College, Windsor,' and to their successors and assigns, the sum of — (or my lot of land containing — acres at A. with the appurtenances) for the uses and objects of the said Society ; the receipt of the Treasurer for the time being of such Society, to be a sufficient discharge to my executors."

As many persons are not aware of the moderate amount of the necessary expenses of an Undergraduate at King's College, a table of fees is subjoined.
