

no less than \$5,000,000 commodities last year. We, do not, however, worry that score. We have no the warfare of commerce for that of arms. When produced for use instead such considerations lose their inclusive and not exclusive cosmopolitan in our social ambitions. In our inter-rnity we eliminate all social and religious bound. British co-operator seeks no her advantage over his German foreign brother. We see national unselfishness our own advantage: the most effective the average man of serving interest.

giving you information as industrial co-operation in any consider you are not in that reason possibly I am. I give you the information because it directly affects you illustrate the necessity as well advantage of our fundamental fraternity in associated in-

Agricultural Co-operation
co-operation in Britain is y. I attribute that fact to atmosphere of the rural dis-England with its consequent change. Although organized co-operation in Britain is made old it is making great welfare is looked after by Agricultural Organisation Society incorporated as recently as apes similar conditions as d methods as the industrial and works in perfect harmony ne purpose of the one being at the other on every possi-
