

-and still there's power to spare

Last year's Reo was found to have more power than was really necessary. Refinements of construction, recently made, increased that power still more.

In building the new Reo, the Reo engineers might have reduced the power. But no-they had a better idea-they increased the size of the car. And so it's threeand-one-half inches longer-wider, too-a finer, more luxurious car, and still with power to spare. To get the full story of this bigger, better Reo, you need a copy of the Reo Book—just off the press.

REO Sales Company, St. Catharines, Ont.

Sweet, Fresh Silage

down to the last forkful

THE-HYLO-SILO

is perfectly air-tight. No frozen or spoiled ensilage around the walls. Convenient and perfect fitting doors that you can adist without hammer of wrench Made of guaranteed long leaf yellow pine. Our gates are built for strength and endurance. Braced like a steel bridge. It is the gate that serves you best. Easily hung, quickly adjusted, convenient and in every way serviceable. The Peerless is braced like a steel bridge, just as the engineer strengthens the points of strain in a big, mighty bridge, so we have designed braces, stronger than was necessary, to make our gates stiff and rigid. They can't sag—they can't twist -they are great improvements over gates made the old way.

are made of first-class material. Frame-work of 1% inch steel tubing electrically welded together. Peerless pipe braced gates are all filled with heavy No. 9 Open Hearth galvanized steel wire—built for strength and durability—weather proof and stock proof.

Send for free catalog. Ask about our farm and poultry fencing, also our ornamental fence and gates. Agents nearly everywhere. Agents wanted in open territory.
