

# WILL SILO FILLING TIME FIND YOU READY?

**SILO FILLING** time will soon be here—and the Canadian Farmer is depending upon the corn crop this year as never before. It is your duty, and it will mean more money in your pocket, to use every effort, to get ALL the FEEDING VALUE out of every stalk of corn.

The most important thing is to silo your corn crop when it possesses the **GREATEST FOOD VALUE**. If you get a Gilson Silo Filler **NOW**—before we are sold out—you will fill your own silo. This means that you will silo your own corn when it is just right for silage. Be independent of the cutter gang. You do not need big power to operate the "Gilson." Your own farm engine—4 h.p. or larger—will do the work.

**WRITE FOR FREE SILO FILLER BOOK TO-DAY.**

It tells the Gilson Story from start to finish—points out the advantages of design, and describes the all-metal construction in such a way that you will understand **WHY** our machines cut and elevate *more* silage with *less* power than **ANY OTHER** Blower Cutter. This is a matter of dollars and cents to you. A Gilson Silo Filler will, in all probability, pay for itself the first season. **BEWARE OF IMITATIONS AND INFRINGEMENTS.**

You need this **SILO FILLER**

It is as much a part of your Farm Equipment as your Binder or Plow.

"My Silo is 40' high, writes FRANK BOLTON, Guelph, Ont., but my 8 h.p. engine which I purchased from you nine years ago operates my 13' ensilage cutter splendidly, sending corn over the top in a steady stream. This outfit is the admiration of all who see it."

JOHN H. MURRAY, Sea View Farm, Cap La Ronde, C.B., N.S., writes: "Enclosed find picture of my 10' Gilson Silo Filler, 6 h.p. Gilson Engine and 3' Gilson Hylo Silo. I filled my silo with oats, peas and vetch, and it is coming out fine and not a bit spoiled. My outfit does splendid work and I am very well pleased with it."

FRED HURTER'S farm at Kitchener, Ont., showing his 8 h.p. Gilson Engine and 13' Gilson ensilage cutter filling his 30' Gilson Hylo Silo.

JACOB N. HART, Ridgeville, Ont., writes, "The enclosed picture shows our 15' Silo Filler and 12 h.p. Gilson Engine hard at work filling our silo. This outfit works beautifully and is as much a part of every farm as a binder or mower."

M. I. ADOLPH, of Gowanstown, Ont., declares that his silo filling outfit "is a source of real satisfaction and profit. I would not want to be without my 10' Gilson Silo Filler, 8 h.p. Gilson Engine and 12x30' Gilson Hylo Silo. I have used it for three seasons, and have had practically no trouble—it was always ready when wanted."
