alive from the slaughter-house or the  
 yards and premises immediately con-  
 nected therewith.

(2.) Cars conveying such cattle shall be  
 cleansed and disinfected to the satisfac-  
 tion of an inspector immediately after  
 being unloaded.

8. The transit of cattle through the  
 said tract is hereby permitted subject to  
 the following regulations:

(1.) Cattle for transit by rail through  
 the said tract from one part of Canada  
 to another shall, at points where un-  
 loading is necessary, be placed in yards  
 reserved for their exclusive use, and shall  
 not be permitted to come in contact  
 with cattle which have originated within  
 the said tract.

(2.) Cattle imported from the United  
 States into the said tract destined for  
 points in Canada outside thereof may,  
 upon compliance with the quarantine  
 regulations, and with the provisions of  
 the next preceding section hereof, be per-  
 mitted to pass without unnecessary de-  
 lay through the said tract direct to  
 their destination without further re-  
 strictions.

All persons engaged in breeding, ex-  
 porting, dealing in, driving or shipping  
 cattle and all transportation companies  
 are requested to co-operate with this De-  
 partment in enforcing the provisions of  
 this order.

**FALL WHEAT A PAYING CROP.**

Mr. Jas. Fisk, who lives five miles  
 west of Okotoks, Alta., has been very  
 successful with fall wheat. This year he  
 had a splendid field of 40 acres, which  
 would average from 35 to 40 bushels  
 per acre. The sample is large, plump,  
 and of good weight. He believes in  
 deep plowing, followed by frequent and  
 thorough cultivation before sowing.

This year's crop was grown on well-  
 worked breaking. He has over 50 acres  
 seeded to winter wheat for next season,  
 and has prepared some of this year's  
 land with the intention of seeding it to  
 fall wheat, as quickly as it can be got  
 ready. Part of his coming crop will be  
 on summer-fallow, and the balance on  
 fall-plowed stubble. It will be in-  
 teresting and instructive to watch results  
 next summer.

**BOWNESS STOCK FARM.**

The Bowness herd of Shorthorns, owned  
 by the Hon. Wm. Beresford, Calgary,  
 have been exceedingly fortunate in the  
 prize-ring this season at Alberta's leading  
 shows. Both at Calgary and Edmonton,  
 Mr. Beresford's herd won the highest  
 honors going, and his roan bull, Merry  
 Champion (imp.) 84116, a thick-hearted,  
 low-set, good-handling fellow, bred by  
 W. Duthie, won both male championships.  
 The sweepstakes female at Edmonton,  
 and the reserve at Calgary also belongs  
 to the same herd.

Most of our readers know the Bowness  
 Shorthorns through reputation, if no  
 other way. Last Christmas representa-  
 tive illustrations of the stock and build-  
 ings appeared in our special issue, and  
 with these, a descriptive write-up of  
 the herd.

Mr. Beresford is constantly on the  
 outlook to improve his herd by the in-  
 troduction of some of the best Short-  
 horn blood, which can be had. All the  
 stock bulls in use in this large herd are  
 individually of outstanding merit, and  
 back of that possessors of rich breeding.  
 The chief characteristic of the females is  
 their uniformity, and in addition to that  
 they are a compact, smooth lot.

Breeders of live stock who are care-  
 fully and judiciously aiming to improve  
 their herds and flocks are the men who are  
 steadily making improvement in the respec-  
 tive breeds which concern them most. In  
 sending purchases, would look up Mr.  
 Beresford's advertisement, which appears  
 in the Farmers' Advocate. At  
 present, he has a large number of cows  
 and heifers of all the breeding and  
 good individuality to select from.

**FREE HELP FOR MEN**

The only re-  
 medy known  
 to science  
 which will positively cure lost manhood is "RESTORINE."  
 The marvelous German Remedy discovered by Dr. J. Kohr.  
 It is controlled in this country by the Dr. Kohr Medicine  
 Company, a concern which has the highest standing in the  
 medical world. This treatment has cured thousands of men,  
 young and old, when the best known remedies have failed.  
 If you are suffering from diseases of the generative organs such  
 as loss of manhood, exhausting drains, nervous debility, the results  
 of abuse, this remedy can and will cure you to stay cured.  
 The headache, pimples, varicose veins, pain in the back and  
 limbs, memory, disappear completely in the worst cases in  
 from one to five weeks' treatment. We make the honest offer  
 of a complete remedy, treated strictly confidential. FIVE  
 days' treatment sent free with a book of rules for health, diet  
 and advice. Our greatest successes have been those who have  
 failed with other treatments. This remedy is regularly used  
 in the French and German armies, and the soldiers in these  
 countries are models of strength and vitality. Write for  
 sample sent securely sealed in plain wrapper.

Address DR. KOHR MEDICINE CO., P.O. Drawer 2341, Montreal.

**Pandora Range**

A Ventilating Oven that Ventilates.

There is only one practical way of ventilating a range oven, and  
 that way has been adopted in the Pandora—is an actual, positive,  
 working feature, and not a mere talking point.

Fresh air is drawn from the outside through small vents into the  
 oven, while the odors and cooking fumes are forced by the fresh air  
 out through small vents into the smoke flues, and up the chimney.

Puddings, cakes, bread, etc., cooked and baked in a "Pandora"  
 oven are always light, fresh and entirely free from mixed odors and  
 foreign flavors.

Ask your dealer to show you the Pandora Range or write to us  
 for free catalogue before buying any other.

**CHLORO-NAPHTHOLEUM DIP**

**Live Stock Disinfectant**

Is a blessing to the farmer whose stock are troubled with live,  
 mange, itch or other parasitic skin diseases. It is a preventive and  
 cure for hog cholera. Many farmers use it all the time to keep their  
 stock free from disease. Recommended by government experiment  
 stations and prominent breeders all over the Northwest as a

**Sure Cure for Mange.**

No necessity to permit your stock to suffer with this troublesome dis-  
 ease. You are not experimenting with some new, untried remedy  
 when you use Chloro-Naphtholeum Dip. It has been the standard live-  
 stock disinfectant remedy for ten years. Ask for testimonials of farm-  
 ers and stockmen who are using it.

Shipped in concentrated form. Prepared for use by adding water.  
 Sold by dealers in sealed, trade marked cans. 1 gal., \$1.50; 5 gals.,  
 \$6.75; 10 gals., \$12.50. Send for booklet on "Preventive Treatment of  
 Diseases of Stock."
