KING OF WILD OAT SEPARATORS

The Owen "New Superior" Wild Oat Separator

With our patented open and blank space sieves it positively separates every wild oat seed, causing them to lie flat, and not up on end.

Patent Adjustable Wind Boards

are provided so that blast is always under control. Can blow out as much or as little as you like, making it a perfect oat cleaner and grader. The lower shoe is fitted with a cleaning rack that is adjustable, never touching the sieve, but just close enough to knock out any grain that gets stuck when going over the sieve. It is movable, working back and forth about two inches in opposite directions to the shoe. By this improvement the capacity is increased about 25 per cent.

It is Strong, Well Built and Bolted--Not Nailed

Our machine is built to clean any kind of grain and do perfect work. What the "NEW SUPERIOR" cannot do no other can do. Exceptionally easy to operate. Sizes 24, 32, and 42 inches wide, with or without bagger. Power attachment, to operate with gasoline engine, if desired.
