AND AVOID DISEASE

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, memall the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease. For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it. for no other medicine is like it. Get Hood's Sarsaparilla today. Insist on having Hood's.
