

A NOTHER - WILD - CAT

A disastrous collision! Prices knocked to pieces by dynamite! Values of Ready-Made Clothing pulverized by a cyclone! Gents' Furnishings at confiscation rates. I am determined to reduce my stock of Overcoats if prices will do it and it's the lowest prices that I am holding out as an inducement to the public. I have too many goods, no room for them.

It shows and it blows and the cold stormy weather will no doubt set every intending purchaser seriously thinking of how and where he can buy his winter clothing and buy them of good quality as well as cheap. I wonder what J. J. PHILLIPS has for you at the present time. Here it is first-class goods, best of make, just as good a fit as any tailor-made garment, at prices lower than the lowest, and last, but not least, courteous treatment and always a good fair deal to every one just as advertised.

We have received a second letter from Dr. Hall (which will appear next week) detailing his first experience in Seoul, Corea.

Coal Oil 18c. per gal. at Phil. Witte & Co's.

An Annapolis hotel keeper was fined last week \$20 and \$7 costs for furnishing liquor to a man who drinks to excess, after he had been notified not to do so by the man's family.

Wanted—an active pushing agent for the Reporter in every school section; to whom a liberal commission will be paid. Any person sending us \$4 for 4 new subscribers will be given a free copy for one year for their trouble.

A car load of boots and shoes to arrive this week at Phil. Witte & Co's.

Mrs. Ida M. King, stenographer teacher, has been appointed to the other side of the street, leaving a large class of pupils to complete their lessons by mail. Some of her pupils are already filling situations and other teaching, which speaks well for her ability.

A few overcoats still on hand, which we would like to exchange for green maple wood.—Phil. Witte & Co.

Mrs. Eva Conway, daughter of Crahan Niblock of this village district, has been suffering for some time with a disease of the lungs. Her husband and relatives have the sincere sympathy of the community in this their hour of affliction.

A Chamber fest worth \$16 will be given to the person guessing the nearest to the number of seeds in a squash now on exhibition at A. Store. A square purchase of one pound of coffee entitles the purchaser to one coffee tin.—T. W. Downis, Brockville.

Mrs. Williams & McLaughlin, have decided to have a clearing sale by auction, of their surplus stock before stocktaking, and have rented a middle store of the Downey block, and will have an auction at 2 and 7 p.m. each day, commencing on Tuesday 26th inst., to continue until the whole stock is disposed of. See Advertisers for full particulars.

Mr. Edgar Richardson of Thornhill, near Toronto, has been secured as teacher of commercial subjects and drill by the Athens high school board. He takes the place vacated at the Christmas holidays by R. Young, assistant teacher. Mr. Richardson has had seven years experience in teaching and comes highly recommended by the Educational department, Toronto.

For sale in Athens, a desirable brick residence containing nine rooms, two porches, woodhouse and summer kitchen; well and cistern; situated on the corner of Church and Reid sts., convenient to the high school and Methodist and Baptist Churches; also comfortable home in Reid st. No payment required at time of sale. Terms to suit the purchaser. Apply to G. W. Brown, Owner.

An exchange says:—"A well known and successful farmer, recently past a farm and sold large barn and a small house you may know the man is boss; when you see a fine house and a dilapidated barn, the woman has her own way; and when there is a new house and a good barn, you may take it for granted that the woman and man are equal and work together in harmony."

We see by the Courier published at Blair, Nebraska, that one of the former residents of Athens, Mr. Lewis B. Cameron, has added down in that town as an actioner. We always thought Lewis had "lots of mouth," but if the old which adorns his side, the Courier is correct picture of him as he appears when opening his face, we think he is perfectly capable of selling goods by auction every day in the year.

A New Setting.

A novel case of interest to farmers was tried at Elthorston recently before Judge Cressor. According to the ruling any person purchasing agricultural machinery and paying for it with anything but cash is still responsible in part payment for machinery is a risky transaction unless the agent is known to be responsible.—Ex.

They must have some queer judges in western Ontario, according to the above. We always understood the law to hold the principal responsible for the acts of his agent, and if it is not good law it is good common sense at least.

There is said to be a splendid opening for a harness maker at Delta.

The W. C. T. U. will meet at Mrs. Richard Arnold's on Wednesday afternoon, 27th.

A Democrat Medical Council, in which only boys will take part will be held Wednesday evening, Feb. 2nd. See program later on.

Parties who have promised or wish to pay their subscriptions to the Reporter in wood are requested to bring the same in at once.

Mr. Anson Coleman, of the Delta steam tannery, is advertising for a large quantity of deacon skins, hides, tallow and bark, and will pay cash.

Last Wednesday morning the mercury in the several thermometers at Athens, Brockville claimed 31 below for the same day.

Don't forget that A. James has a first class horse shoe and will give you a first class job at the following prices for cash: Soling shoes, 10c; new shoes, 20c.

John Churchill, lot 1, con. 18, Lansdowne, will offer for sale on Thursday, Feb. 4, at 1 p.m. his live stock, implements and household furniture. D. Downey, auctioneer.

A Vermont editor has invented a new way of stirring up delinquent subscribers. He writes the names of those who are owing him, and they must be dead, since he does not hear from them.

An instance showing the success which attends the method of advertising pursued by Robt. Wright & Co. occurred the other day. A. Adams, an Athens grocer, and asked for "a pair of D. & A. soda biscuits."

Wanted—at the Reporter office, 500 pieces Shumac 3 feet 3 inches long, and from 3 inches in diameter. Must be straight and free from knot or shake. The highest cash price will be paid delivered in any quantities.

The insolvent estate of Wm. J. Earl of Temperance Lake will pay a dividend of 14 cts. on the dollar, on the 27th inst. The estate of A. Adams, an Athens grocer, and asked for "a pair of D. & A. soda biscuits."

A literary entertainment will be given in Greenbush Methodist church on Friday evening, Feb. 5. The names of Mr. Kennedy and Miss Harrison appear on the programme, and this alone should be sufficient to ensure a good attendance. There will be vocal and instrumental solos, and in short, a first-class school and church fund.

John H. Moulton of Delta has purchased the stock of dry goods etc., of A. Parikh & Son of this place and has commenced to remove them to his store in Delta. Mr. Parikh is turning up a monthly business entirely up will in future devote his attention to his banking business and the lumber trade. This new factory at the station will be running the last of this week, and it is proposed to add several new lines of manufacture in the spring.

Last week we were shown by Mr. Geo. Nash the plan of a new building to be erected on the site of the former school house, 44 feet, three stories high, and 100 feet deep. The first flat will be devoted to a fine public hall, having two entrances from the street, and the third will be used as a Masonic hall. It will be a fine structure when completed. All that stays the immediate commencement of operations is the absence of a capital. But it is possible (if not probable) that a syndicate will be formed to provide the requisite cash, and that the building will be erected this year. It is thought that the investment would pay at least 6 per cent, and we believe the owner of the site has already signed his willingness to take a liberal share of stock in the enterprise.

We see it intimated that a taxpayer at Delta intends to test in the courts the legality of the recently adopted by-law giving \$50,000 to the coming carriage company. An Ontario statute prohibits prohibiting municipalities from granting bonuses to established industries. The object clearly is to prevent rival municipalities outbidding each other and manufacturing companies taking advantage of such provision for their own benefit. The existing company at Guntersville, has been established at Brockville using the same men and machinery. How far such an action can be successful may be tested. If such provision for his large family as he could, and started for Brandon. He located 160 acres about twenty miles from that town and for three years has labored to establish a home there. He did not "tire himself out" writing to friends in Athens during his absence, and now speaks with becoming modesty of his quarter-section and his grain in store. But with commendable pride and satisfaction he said, at the close of our brief interview, "I know that when I return to the prairie I have a home that I have my living right there."

At the annual district meeting of L. O. L. of Bear Lodge & Lansdowne, held in Lyndhurst on Jan. 12th, the following officers were elected: Delbert Danby, D. W. Jones, H. F. Metcalf, D. Chapin, A. E. Moulton, D. Res. Sec. Jas. Somerville, D. Fin. Sec. Willis Hollister, D. Treas. Wm. Charlton, D. D. of C. Jas. Hunkins, D. Lecturer.

There were 430 arrests by the police of Brockville during last year—a smaller number than any of the past five years.

Sala Blancher started for Chicago and the western states this morning. "This said—well we will explain when he returns."

Mr. Chas. Powell, of Montreal, is spending a brief vacation with his family at Athens. The eastern metropolis seems to agree with him.

It is reported that Dr. Oronyatska, Supreme Chief Ranger of the Independent Order of Foresters, is likely to be appointed on the prohibitive commission as the representative of the Sons of Temperance.

Women are not only crowding the men out of profitable undertakings, but are also venturing into fields which the sterner sex have not dared to explore. The latest exploit is that of a St. Louis woman who has opened an office for the cure of "edificious" This St. Louis benefactress will have a wide field of operation.

When you see an account of a person "buncoed" you may be assured you have come across the name of somebody who wanted to get something for nothing. In trying to get another man's money he lost his own. Having it in his heart to cheat some body he is cheated. The amount of money he is entitled to would require a chemist's scales to weigh.

George F. Hubbell, teller of the Bank of Ottawa, at Ottawa, has been placed under arrest in his own house, where he is lying ill with grippe, on a charge of embezzling the bank to the extent of about \$7,000. Hubbell, who is a married man with two children, has grown up in the service of the bank since boyhood, and was highly esteemed by his associates. It is said that the cause of his fall was that stumbling block of so many young men, speculation in stocks.

There is a curious diversity of taste among smokers as to the kind of pipe they prefer. Some like the clay pipe best, others prefer the briar, and some must have their pipe well seasoned before they can enjoy it, others again must have a new pipe and throw it away whenever it becomes a little old. But though this diversity of taste among them is curious, it is not at all curious that there is substantial unanimity among them about the kind of tobacco to be used. Expert smokers have proved to them that the "Myrtle Navy" brand of Messrs. Tuckett & Son is the genuine article.

Will you heed the warning. The signal perhaps of the sure approach of that terrible disease Consumption. Ask yourself if you can afford for the sake of saving 50c. to run the risk of doing nothing for \$5. We know from experience that Shiloh's Cure will cure your cough. It never fails.
