FIRED AT THE KING.

ATTEMPTED ASSASSINATION IN BRUSSELS.

AN ITALIAN WHO FIRED THE SHOTS CAPTURED.

HE WAS EXPELLED FROM AN ANARCHIST LEAGUE.

Brussels, Nov. 17.—King Leopold of Belgium narrowly escaped assassination today at the hands of an avowed anarchist. His Majesty had been to the cathedral at Brussels, accompanied by members of the royal family and Court officials, to attend a Te Deum in memory of the late Queen Marie Henriette. The royal carriages were passing the Bank of Brussels, in the Rue Royale, when an Italian fired three shots from a revolver. Fortunately no one was hurt, but a bullet passed through the window of the Count d'Outremont, the Grand Marshal of the Court, and grazed the Count's face.

Besides King Leopold there were in the procession the King's brother, the Count of Flanders, and the Countess of Flanders; their son, Prince Albert of Flanders, with the Princess Albert, and Princess Clementine, King Leopold's youngest daughter. Aides-de-camp and ladies of honor were in attendance, several carriages thus forming the procession.

The would-be assassin was immediately arrested, the police finding some difficulty in rescuing him from the crowd, who handed him roughly. As he was placed in a cab infuriated crowds of people surrounded it and attacked the vehicle with knives and sticks. The police had much trouble in forcing a way through the crowd, which shouted alternately "Kill him!" and "Long Live the King!"

The cab was badly hacked with knives. At the police station the man gave the name of Rubino. He is 43 years of age and has a wife and child in London. The police were at first inclined to think that the firing was the work of an imbecile, as Rubino appeared weak-minded, and said his only reason for shooting was exasperation at seeing "so many tired-looking personages occupying such good coaches."

During his interrogation by the police he maintained perfect calm. He stated that he had come from London, where he went on a futile search for work. The police obtained assistance from the Italian Embassy, and was temporarily engaged to watch Anarchists. He was dismissed, however, as the Embassy officials discovered that he sympathized with the Anarchists. Failing to find work, Rubino said he "determined to act," and went to the cathedral with the intention of shooting the King. But he did not fire at his Majesty for fear of hitting intervening soldiers. Then Rubino proceeded to the Rue Royale, where he awaited the procession. The royal carriage containing the King passed before Rubino was able to draw his revolver, hence the shots only hit the carriage following.

Brussels, Nov. 17.—According to some reports Rubino, in the course of his examination before the Magistrate, declared that he selected King Leopold for his attack on account of his Majesty's inhuman conduct towards his daughter, Princess Stephanie, at the time of her mother's death, and he also wished to show to the Anarchists that while they only talked he acted. He would have killed King Edward, he added, but for the strong feeling of the English people in favor of the monarchy.

BOND-HAY CONVENTION.

GREAT INTEREST BEING TAKEN IN NEWFOUNDLAND.

Mr. Chamberlain's Speech is Regarded as Evidence that Canada Must Not Interfere.

St. John's, Nfld., Nov. 17.—Great interest is manifested here in the new Bond-Hay convention. Colonial Secretary Chamberlain's speech in the House of Commons on November 13 is regarded as an evidence that he does not propose to permit Canada to interfere and prevent the ratification of the treaty in the way in which Canada killed the Bond-Blaine convention in 1890. It is believed here that Mr. Chamberlain realizes how Newfoundland has been hampered by France on one side and by Canada on the other, and that he is determined to give her an opportunity to work out her future by a commercial union with the United States.

In the course of the speech referred to in the above despatch, Mr. Chamberlain denied that the Bond-Hay convention prohibited Newfoundland from according preferential duties to its mother country and her colonies; he admitted that if such preferences were made they would also, by in terms of the convention, apply to the chief imports from the United States.

GREAT TEA DRINKERS.

The Maritime Province people use about six pounds of tea per head, or say about thirty pounds per year to an average family. They are also said to be good judges of tea, and this must be a strong recommendation for Red Rose, which is the principal tea used.

TORONTO POLICE FINED.

FOR ATTACKING STUDENTS ON HALLOWE'EN.

Finding of the Police Commissioners.—Some Students Guilty of Outrage—Toronto Medical Students Innocent of Offence.

Toronto, Nov. 17.—The Board of Police Commissioners on Saturday handed out their report of the investigation conducted last week into the conduct of policemen on Halloween, and particularly with reference to the charge made by Dr. Reeve, Dean of the medical faculty of the University of Toronto, that Sgt. Goulding and his squad of mounted men behaved with unwarranted severity in dispersing a body of medical students at the corner of College street and Queen's avenue.

To mark their disapproval of the conduct of Sergeant Goulding and of the example set by his men, the board directed that a fine of seven days' pay be imposed on Sergeant Goulding, and three days' pay each upon Constables Guthrie, Ide and Ward.

As to the case of Constable Miles, the board are of opinion that the complaint against that officer was not proven.

The Board of Commissioners express the hope that as to future Halloween demonstrations, the professors and other heads of educational institutions in Toronto will use their best efforts along the very sensible line introduced by Professor Reeve, with the object of reducing the boisterous and disorderly conduct unfortunately heretofore occurring on this holiday.

A CRUEL EXPERIENCE.

THE SUFFERINGS OF THE ELIGMATE'S SURVIVORS.

Picked Up After Eight of Their Number Had Died From Exhaustion and Exposure.

London, Nov. 17.—The London Daily Mail correspondent at Wellington, N.Z., telegraphs that the eight survivors from the wreck of the British steamer Elgimate, who were rescued on a raft by the British steamer Penguin, went through a dreadful experience. The raft from which they were taken measured only twelve feet long by seven feet wide, and had sixteen persons on it when it left the wreck. The only food on board was two apples. The first apple was consumed on Tuesday, and the second on Wednesday, each being divided into sixteen portions. From Sunday, the day they were wrecked, until Thursday, when they were rescued, the survivors drifted sixty-six miles on the half-submerged raft.

Several attempts were made to land on the Three King's Islands, but without success. Three men died on Monday night through drinking salt water, all of the survivors suffered the tortures of thirst, and four other men and the stewardess died of exhaustion before they were picked up by the Penguin. They had a cruel disappointment on Tuesday night. A steamer was sighted in the distance, and frantic shouts were raised by those on the raft to attract attention. The steamer lowered a boat, which passed within 50 yards of them, but the boat's crew apparently did not see the raft and returned to their vessel. When the Penguin was sighted only one of the survivors was able to stand and all were terribly emaciated.

HON. WM. HARTY'S SALARY.

Mr. M. J. Haney Thinks \$16,000 a Year is Too Much to Pay.

Toronto, Nov. 17.—The well-known railway contractor, Mr. M. J. Haney, seeks the assistance of the Court to prevent increases of salaries being paid to prominent officials of the Canadian Locomotive Company. Saturday, through Mr. Thomas Mulvey, Mr. Haney issued a writ against the Canadian Locomotive Company of Kingston; Hon. William Hartly, President of the company; John J. Hartly, Secretary, and Cornelius Bermingham, General Manager.

At a special meeting of the shareholders of the company, held on July 3 last, resolutions were passed authorizing the salary of Hon. William Hartly, as President of the company, to be increased to \$16,000. The resolutions also provided that these increased salaries were to be paid from the commencement of the present year.

Mr. Haney claims that the meeting at which these resolutions were passed was illegally held, and asks the Court to declare that effect, and also asks for the repayment to the company of any moneys paid under the resolutions.

THE FRENCH STRIKE OVER

THE COMPLETE COLLAPSE OF M. COTTE'S AUTHORITY.

Assumed to the Dictatorship of the Whole Organized Proletariat.—Scene of the Lessons.

Paris, Nov. 17.—The general strike of the French mining workmen is now ended, after six weeks' struggle. The failure of the strike has resulted in the complete collapse of the authority of M. Cotte, Secretary of the National Committee, who a short time ago was believed to wield absolute power over the "whole organized proletariat." Another result of the strike was to disclose to the public that the French miners work under more lucrative and advantageous conditions than most other callings represented in the strike, the most important on record in France, lost heavily in wages. It is regarded by cool-headed political economists, such as Paul Leroy Beaulieu, as a salutary object lesson, showing that a man like M. Cotte, who assumed dictatorial powers over all the workmen of France, was merely a cork that floated harmlessly without any directing force whatever on the stream, until he became lost amid the conflicting currents and whirlpools of Socialist agitation.

BIG BOYCOTT SCHEME.

SCHENECTADY UNIONS PROPOSE TO RUN THE TOWN.

Will Boycott Everybody Who Rides on the Street Cars, Whether Employer or Employee.

Schenectady, N. Y., Nov. 17.—The Executive Committee of the Trades Assembly has been in session all day arranging details of the boycott against the Schenectady Railway Company. The boycott officially goes into effect at midnight, but will actually be enforced at 6 o'clock this morning.

Seventy-one men, one from each union, will watch the cars and will be aided by others if necessary. Every union man found riding on cars will lose his union card, every business man will be warned not to ride again, and will be boycotted if the warning is disregarded; if any employee continues to ride after being warned his employer will be notified to discharge him. There are, it is estimated, 2,500 persons who live at such a distance from the General Electric or Locomotive Works that they are dependent upon the cars. It has also been decided to extend the boycott to the use of gas and electric light, both of which are maintained and controlled by the Schenectady Railway Company. The Trades Assembly has arranged for the importation of 70 carryalls to carry men to and from work. The Trades Assembly officers state positively that it will not tolerate violence of any sort. There are about 250 motormen and conductors employed by the Schenectady Railway Company at \$2.00 a day, and the refusal of the company to compel these men to join a union is the cause of the boycott.

CHASING BURGLARS.

SUNDAY MORNING EXCITEMENT IN AILSA CRAIG.

THEY THREATENED TO SHOOT THE CONSTABLE.

BOOTY RECOVERED, BUT THE THIEVES GOT AWAY.

Ailsa Craig, Nov. 17.—Three daring burglaries were committed yesterday morning between 4 and 5 o'clock. The perpetrators were three unknown men, supposed to be tramps. C. R. Watcher's jewellery store was entered and \$100 worth of goods taken, while ready-made clothing, hats, etc., were stolen from White & May's dry goods establishment. They also broke into the Queen's Hotel and extracted about \$2 in silver from the till and carried away considerable of the bottled liquor. They were discovered at White & May's store, and word was sent to Constable Prieley, who was soon on the scene. He overtook them on the railway track just east of the town, but they turned on him and threatened to shoot him. The odds were too great against him and the men got away. He succeeded, however, in obtaining the clothing and liquor. Citizens and constables are now scouring the country in search of them. Up to the present no trace of them has been found.

MGR. ZALESKI DECLINES.

DOES NOT CARE TO COME TO THIS COUNTRY.

The Appointment of an Apostolic Delegate Has Been Suspended—Mgr. Sbarretti is Favored.

Rome, Nov. 17.—The appointment of an Apostolic Delegate in Canada to succeed Archbishop Falconio, made Papal Delegate to the United States, has been suspended. Mgr. Zaleski, who was designated for the position, said the cold climate of Canada would be bad for his health, which was injured by his residence of ten years in India. The most likely candidate is now said to be Mgr. Sbarretti, who is in Washington awaiting a new appointment. Archbishop Chapelle warmly supports Mgr. Sbarretti.

SAD DEMISE.

A very sad death occurred in St. Joseph's hospital yesterday morning at 9:30 o'clock, when Edith Violet, beloved wife of Frank Hayes, of this city, passed peacefully away into the great beyond. Deceased has been ill for some time, but not until lately has her condition been considered serious. Deceased was a daughter of the late Dr. Winter, of Dresden, and was in the prime of life. Ten years ago she was married to Mr. Hayes, and since that time she has resided in the Maple City. Besides a bereaved husband, she leaves one four-year-old daughter to mourn her loss. Her mother also is living, and was present at her dying bedside. The other members of the family are—Mrs. Charles Bradden, Delaware Ave.; Dr. W. A. Winter, Princeton, Ill.; Roy J. Winter, Poplar street; Harry and Michael Winter, Dresden; Mrs. Pollock, of Dresden, and Mrs. McGee, of Goderich.

The funeral will take place tomorrow afternoon at 2:30, from her late residence, King street, to the Maple Lane Cemetery. Rev. J. Ross will conduct the obsequies.
