How a Liberal Majority Are Trying to Save Dr. Borden.

the Matter of Emergency Rations-One Scandal Breeds Another.

Ottawa, June 29.—Both minority and jority reports of the Emergency Rations ittee were presented in the House sterday. The report of the Liberal ma-city completely whitewashed the Minister Militia: It relies entirely on the evi-tance of Mr. Muir, of Montreal, coal mer-tant, who swore Hatch told him the Kings and contends that the Devlin food sent to South Africa was equally good, if not bet-ter. It finds the Minister took all necessary precautions, and, as to the cost \$2 a pound, makes allowance for the secret of manufacture. The only blame attached to any one is to the Collector of Customs at Montreal, for passing out the second lot of Devlin's stuff from the United States without immediate payment of duty, and notifying the department. The report concludes that Mr. Monk's charges are not proven, and that their falsity would have been apparent to him had he investigated the

The Legations Were not Found With Admiral Seymour

And Nothing Has Been Heard of Them -The Fighting Which Led to Seymour's Retief.

London, Friday, June 30, 4 a. m .-The casualties of the international force attacking Tien Tsin were the following :- Americans-Killed, 3, and wounded, 2. British-Killed, 2; wounded, 1. Germans-Killed, 15; wounded, 27. Russians-Killed, 10; wounded, 37. The zun fire of the Americans and British is described as beautiful. After the relieving force pushed on to relieve Admiral Seymour, Chinese regulars, under Gen. Nich, says a despatch from Shanghai, again attacked Tien Tsin fiercely and bombarded the foreign settlement with a terrible fire.

Col. Dorward, British, commanded Seymour. American marines participated in the achievement. The admiral was found entrenched and surrounded by immense masses of Chinese, who were driven off by the control of the control Chinese, who were driven off by the His men had made a brilliant resistance, never failing in courage for 15 days of continuous fighting. Deeming it hopeless to attempt to break through the hordes, Admiral Seymour essayed a night retreat toward Tien Tsin, but he came into collision with a strong force of Chippen collision with a strong force of Chinese arriving from the north-west, and could neither advance nor retreat. could neither advance nor retreat. Tsin four days after Admiral Seymour, but they never got in touch with him. Railway communication from Taku to Tien Tsin has been restored and the force is advancing toward Pekin. Fighting was in progress Wednesday in the vicinity of Tsechalin. Large preparations are being made to support and reinforce the Pekin relieving column. Twenty thousand troops of all arms, largely Japanese, have now been landed.

The fate of the members of the legations is still a mystery. If they are alive and unharmed at Pekin, the Chinese Government deserves some credit, Shanghai correspondents think, for restraining the fanatical mob.

The Shanghai correspondent of the Daily Telegraph, wiring at 9.05 p. m. yesterday, says:—It is reported on good Chinese anthority that the Government, alarmed by the foreign military preparations, has issued an edict ordering the peremptory suppression of the Boxers and announcing a decision to protect the legations at all hazards.
