

It's Your Nerves.

It's the Condition of Your Nerves That Either Makes Your Life a Round of Pleasure or a Useless Burden.

To many women life is one round of sickness, weakness and ill health. To attempt even the lightest household duties fatigues them. Many of the symptoms accompanying this state of decline are: a feeling of tiredness, waking, faintness, dizziness, sinking feeling, palpitation of the heart, shortness of breath, loss of appetite, cold hands and feet, pain in the back, circles under the eyes, pain in the back and side and all other accompaniments of a run down and weakened constitution.

All these symptoms and conditions are simply the result of a poor quality and defective circulation of the blood, with a wasting away of the nerve forces.

By feeding the system with

Dr. Ward's

BLOOD AND NERVE PILLS.

You strike at the root of the disease and lay a solid foundation on which to build. Soon the weight increases, the sunken cheeks and flattened busts fill out, the eyes get bright and the thrill of renewed health and strength vibrates through the system.
