She suffered for years past with a chronic headache, accompanied with a disordered stomach. She was weak and irritable and we thought she was going into a de-cline. For three weeks she has been taking a course of Scott's Sarsaparilla, which was recommended to her by Mr. McGale, Druggist, Mentreal. Her headache is now but a memory, her appetite is good, and she has gained five pounds in weight in twelve days. She is a different woman, and I feel that you, in God's hands, have been the means of restoring her to health. I shall always recommend Scott's Sarsaparilla to suffer-
