CHEERED FOR THE PRESIDENT.

An Hour's Uproar in the Republican Convention.

Boom Flattened Out and Taft Again the Favorite.

Committee Comes to Decision on Injunction Platform.

Chicago, June 18.—Whether the Republican National Convention will finish its work and reach the point of final adjournment this afternoon or evening, or whether it will extend over into tomorrow, as seems probable, or even longer, was the subject of much speculation today. Two hours of time were gained to begin with over the two preceding days, by fixing the hour of convening at 10 a. m., instead of noon, and an agreement was reached yesterday to the effect that the army of nominating speeches should be curtailed materially, so that only two speeches would be made for each nominee. The committee on resolutions, by continuing its session practically all night, in order to reach, as it did reach, just after 2 a. m., a final vote on the platform, obviated any further recess of the convention on account of unfinished committee work. Still, the explosive nature of the matters still to be acted upon by the convention itself, and the delicate political relationship and adjustments involved in the various aspects of the negotiations to be made, left it entirely possible that the convention might be one of those well planned gatherings at which, when all is well, it ends well, but at which the slipping of a cog in some unexpected place or at some apparently routine moment may precipitate one of those amazing eruptions that mark epochs in political history. There were three major matters left to be disposed of when the convention began the morning session—the nomination for the Presidency, the nomination for the Vice-Presidency, and the adoption of the platform.

ROOSEVELT, The man the Republican convention cheered for.

Attack New York

New York, June 18.—The attack upon New York City by a supposed foreign enemy, which has been so eagerly awaited for several days by the regular and national guard troops engaged in mimic warfare in the forts which guard the city and bay, was begun in earnest to-day. The first onslaught brought partial victory to the invaders, who fell upon Fort Hancock at Sandy Hook by sea and forced that stronghold to capitulate almost before a shot had been fired. Then, with the other fortifications effectually silenced, the "enemy's fleet" started up the channel toward the city in the face of a withering fire from Forts Hamilton and Wadsworth.

CO-OPERATIVE BILL DISCUSSED.

Money Leaders Exacting Two Hundred Per Cent. Marine Department Agents Who Allowed Excessive Charges. No Irregularities at Headquarters—Commander Spain's Bill.

(Special Despatch to the Times.) Ottawa, Ont., June 18.—The Banking and Commerce Committee this morning heard Mr. Alf. Desjardins in support of the Co-operative Bill. Among other things, he stated that the organization of co-operative societies was the only remedy for usury. In spite of the stringent usury law passed a few years ago, money lenders in Ottawa were declared to be exacting two hundred per cent. interest right under the shadow of the law.

(Special Despatch to the Times.) Ottawa, Ont., June 18.—In the House this morning, before the orders of the day, Hon. Mr. Foster protested against what he said were Liberal circulars and a pamphlet of 21 pages, each making charges against him in connection with the insurance Commission's report, being sent broadcast over the country at the public expense. In respect to the circular, he said he understood it was sent out bearing the frank of the Department of Justice. Both circular and pamphlet, he declared, contained statements that were absolute falsehood. He thought it a low down thing for any party to make use of falsehoods in such a manner.

(Special Despatch to the Times.) St. Catharines, June 18.—Miss Margaret McManus, fourth daughter of the late D. McManus, bandmaster of the 19th Regiment Band, and Frank D. ATTACK ON A WATCHMAN.

Edward Dunnett Had Ribs Broken and Other Injuries.

Edward Rock, Robert Hight and William Gray Arrested.

Dunnett Picked Out Rock as Chief Assailant.

Edward Rock, 13 Market Square, Robert Hight, Cathcart street, and William Gray, 51 Catherine street north, three young men well-known in the city, are under lock and key at the Barton street jail on charges of aggravated assault upon Henry Dunnett, an elderly man. The assault was most brutal and the complainant is now at his home, 574 James street north, receiving attention from Dr. T. Coleman, for three broken ribs and sundry cuts and bruises caused by being kicked, it is alleged, by the three men under arrest.

FOR TERCENTENARY.

Arrangement For Boat Trip Is Quite Probable.

Col. Logie received word this morning from Mr. Adam MacKay, manager of the Inland Navigation Company, of the terms upon which the company will transport the officers and men of the 91st Regiment and 13th Regiment to Quebec for the purpose of attending the Tercentenary. Mr. MacKay stated that the 91st could have the use of one of either the Dundee, Dumelin, Glenisla or Doric, but there must be a guarantee of 436 officers and men before the company will take up the proposition. The boats will be supplied in the form of hammocks between decks and the space that is used by these hammocks will be converted into the dining room capable of feeding 400 people at one time.

EARLY CLOSING.

Should Twenty Per Cent. be Charged on Sales After 9.30 p. m.?

St. Catharines, June 18.—The St. Catharines District Trades and Labor Council at its meeting last evening adopted the following resolution: "That we recommend all merchants and business men to close their stores and places of business at 9.30 on Saturday evenings, as we consider that all necessary purchases can be made before that hour. Also that on all sales made after 9.30 an increase of 20 per cent. be charged."

THE MAN IN OVERALLS

If Whitney is bold enough to be honest, and honest enough to be bold, why doesn't he bring in a civil service reform bill? The Foresters apparently think that it is better to be safe than sorry. Unlike some of the other fellows, Major Hodgins had grace enough to plead guilty to having been mistaken. Then again who is the architect of the snailpox hospital? Another question that is open for discussion is who is in charge of the city road night when the Mayor is at the Beach? It looks as if there won't be much of us left after W. A. H. Duff gets through. I like his style, but I hope the Mayor is not going to crawl.

My W. C. A. lady friends are doing very well, thank you. A little more of the beautiful and the thing is done. Is there anybody on behalf of the city inviting the annual convention to meet here next year? Couldn't find a better place. Don't ask the people to vote on too many by-laws at one time or you may lose them all. It's Mr. Duff's intention to lay it all over the city. See him smile. Ald. Gardner might take another look at No. 3 police cells. Whew! Neither of the Socialist candidates has yet asked for a recount. They gracefully accepted defeat, just as if they expected it all along.

Now what redress, if any, have the Transcontinental Railway Commissioners got against Major Hodgins for that hot air yarn of his? If you want an honest, reliable, clean newspaper in your home get the Times. No fakes to bother you or cause bother in the family. In the meantime the Central Prison prisoners are being paid 5 cents an hour by Mrs. Taylor. I hope the School Board will not keep the teachers any longer in suspense than it can help. If heads are to come off, the execution should not be unduly delayed. There are three things that Mr. Barrow cannot be blamed for—the inactivity of the sandweaver, the delay in repairing the Westward steps, and the awful condition of the Jolley Cut. They are making as much noise out of Chicago over the nomination of a Republican candidate for the Presidency as they are over the election of a President. A few bull-eyes with the Ross rifle at Niagara Camp and another Tory scandal will have been punctured. Would any kind of an offer from the Cataract people satisfy the Herald? I'm afraid not. Mr. Barker cannot understand why Major Hodgins withdrew his charges against the Transcontinental Commissioners, even if they were untrue. What difference did that make? Mr. Barker may well ask. The writer overheard a libidinous individual yesterday swear with many oaths that he did not and would not vote for Mr. Hendrie, but that he took his money. Honest, now, I heard this statement made on Prince's Square.

Banker Indicted. Toledo, O., June 18.—Geo. C. TOOK ADVICE FROM FARRAR

And It Cost Elias Fauman \$20 in Police Court.

Toronto Man Accused of Stealing Betting Tickets.

Trio of Alleged Touts From Toronto Arrested Yesterday.

William Price, 147 James street north, went into an ice cream parlor on James street north last night and had his order taken. While waiting to be served he got into a row with Louis Disseau, the proprietor, and was thrown out. He took his revenge by going out into the road and throwing stones through the plate glass windows in the door and snow window. In all about \$75 damage was done to the store, and he was arrested by Constable Hawthorne on a charge of wilful damage, but there is a plea of guilty this morning to the charge of wilful damage, but there is a more serious phase to such charges when the damage amounts to more than \$25, and Price was remanded till Saturday to give the police a chance to look this up. Bail was fixed at \$200.

Taking Ald. Farrar's advice cost Elias Fauman, King and Queen streets, an ice cream parlor keeper, \$20 this morning. Mr. Farrar, the defendant said, told the foreigner that ice cream was a food and that he had a right to sell it on Sundays. Fauman thought this was good enough, and he sold the ice cream on Sundays till Constable Pettit ran across him. Last Sunday he was caught in the act of selling the ice cream and this morning he pleaded guilty and was fined \$20. He was also ordered to discontinue his Sunday selling.

Vincent Moran, 127 Wellington street, Toronto, was charged with picking Max Lippman's pocket of race tickets worth \$20. He was remanded till Saturday. Yesterday afternoon Lippman put up money on several horses in the last race and had the tickets in his pocket. Suddenly he saw Moran just start to run through the crowd. He caught him and called Constable Brannon. The constable brought Moran up to the cells. The case appeared rather weak, as the only thing against Moran was that he started to run when the complainant looked at him. He was held till after the races, however, whether the charge falls through or not.

John McDonald, Pat Doherty and Robert Munn, all giving their addresses as "nil," were captured yesterday afternoon by G. T. R. Detective Brine as they were alighting from a baggage they had hidden into two cars. They were fined \$5 and \$3 costs each or 21 days in jail. The police strongly suspect them of being touts who were locked up in Toronto till the races had left in hope to get enough money to take them to the States.

Thomas Mitchell, Bethel, was going through some funny antics at his boarding house last night, and the proprietor decided to have him locked up for being insane. He was remanded for examination this morning. Thomas Barron, Catherine north, John Thompson, Toronto, and Alfred Parker, O'Reilly street, were each fined \$2 for being drunk.

BATTLEFIELD FUND.

Daughters of Empire Raised a Creditable Amount.

Mrs. P. D. Cramer, Regent of Municipal Chapter, Daughters of the Empire, has made returns to the head office of the order at Toronto of the fund collected in Hamilton by the local order for the Quebec battlefield. The money collected is a very large amount, considering the number of collectors working in this cause, the total being \$189.50. The different chapters of the order contributed as follows: Municipal Chapter, \$13.50; St. Hilas Chapter, \$4; St. Elizabeth Chapter, \$21.25; Exaton Chapter, \$6.50; St. Cecilia Chapter, \$15; Paradesburg Chapter, \$20; total, \$80.25. Collected by private schools: Highfield, per J. H. Collins, \$68.50; Alexandria, per Miss Wood, \$30.35; Locusts, per Mrs. C. H. Wood, \$109.25. Grand total, \$189.50.

A NARROW ESCAPE.

Mrs. Robt. Woods Fell and Broke Her Child's Leg.

Mrs. Woods, West avenue north, met with a painful accident while going home along Wilson street last evening. With her husband and three-year-old child, a freight train was standing on the track at Ferguson Avenue, and the trio walked down some distance, crossing the track at the switch. Mr. Woods picked up the go-cart and Mrs. Woods attempted to carry the child over. Her foot caught in the switch and she fell on the little one. Her ankle was sprained and one of the child's legs was broken. Just as she fell the train began to move down on them, and Mr. Woods had just time enough to pull his wife and child off the tracks.

Dr. Cockburn was called in. The child's leg was so badly swollen that the doctor would not set the broken bone till this morning. Mrs. Woods is the wife of Mr. "Bob" Woods, the well-known tonsorial artist.
