LINIMENT

Shows Remarkable Curative Power of Lydia E. Pink-ham's Vegetable

Compound.

During the months of July, August and September, a majority of the business places have been closed during Wednesday afternoons. The result of these holidays has been ways than one. Many of our country bout the stores being closed on Wednesday afternoon, and they come to town, only to find that it is imre obliged to return home withou intended. In consequence the day is lost, and they are obliged to come nto town on another day, but if they on the first day, then they could de-vote their time to something more profitable. The local customers are also, on many occasions, put to inclosed in the afternoon. Many go to Chatham and elsewhere to do neons and in this way our merchants are losing business, which otherwise they would receive. The Commercial

a large degree, when they arrive in

closing of the stores also gives our town a most quiet appearance, which is one of the last things which we want to convey to the minds of visitors who may happen to be in our midst. It is an inconvenience also to our merchants, who lose a haif day each week, which they could utilize Chesley, Ont.—"Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally I got as weak I could not go up stairs without stooping to rest half way up the stope. I tried two dectors but they did me no good. I saw your medicine advertised in the newspagers and thought I would give it a trial. I took four bottles of the Vegetable Compound and was restored to bealth. I am married, am the mother of two children, and do a hired man's work and emjoy the best of health. I also found Vegetable Compound a great help for my weak back before my babies were born. I recommend it to all my friends who are in need of medicine, and you may print this letter if you wish. I hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually heing published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

Brunswick, and by keeping the wheels of business continually in motion, we will be helping, along business principles, to make it such. we are thoroughly aware of the many merchants we are rather inclined to think that this year
