Goderich, July 11th, 1889

COUNTY CURRENCY.

Items of Interest from over the County.

A Weekly Digest of the County News served up to suit Readers of "The Signal." Price and Postage Extra and Contained from Every Section.

Mr. T. Wallace, of St. Anne's, shipped a car load of eggs by C. P. R. Mr. Wat Sloan, Blyth, has for some time been suffering from a sore foot, the effect of a bad attack of inflammation.

Mr. John A. Wilson, of Sarnia, took second place in the grand aggregate of the Windmill race, on Thursday, Aug. 1st. The year has also won the Knappe cup.

Thos. Ferrow assumed the duties of Postmaster at Brussels on Thursday of last week. Assistant Postmaster, who has given such good satisfaction, will continue to fill the position.

One day lately Mr. Robt. White, of Clinton, was leading a horse to a busy street. The horse was so frightened that he reared and fell on his side, which will lay him up for a while.

Last Sunday P. Scott's mare, Brussels, swam the mill pond followed by her foal. The mother took this means of getting away from other horses in the pasture that were bothering her colt.

We understand that Rev. J. McCoy, of Edmondville, has been elected a unanimous call from a congregation in Clinton, New Brunswick, but we have not learned whether he will accept or not.

On Saturday, July 27th, while Mr. Arthur Stephenson, Clinton, was playing base ball, he had the misfortune to dislocate his knee. The dislocation was reduced without anything more serious than a painful limb.

Rev. J. Ross, B. A., Brussels, is taking a vacation of three weeks and will visit relatives and friends in Clinton, Blyth and other places. There will consequently be no service in Melville church for the next three Sabbaths.

Dr. A. F. McKenzie, who has for nearly a year been practicing in Wingham, decided to find wider scope for the exercise of his professional skill and last week removed to Toronto, where he expects to locate, professionally.

During the thunder storm on Saturday night, the 27th ult., a barn on the old Boyd farm, Blyth, now the property of Mr. A. W. Sloan, was struck by lightning and burned to the ground. The barn was an old log structure, but contained two sleighs, a fanning mill, a top buggy, a roller, several thousand feet of lumber, several small farm implements, and five to seven tons of hay. There was a frame barn about twelve feet from the one burned, but as there was heavy rain they succeeded in saving it.

Messrs W. Best, A. Morrison and J. Berry, Harlock, who have been on a raticating trip through Manitoba, returned Friday, the 26th ult. They give a rather dismal report of the crop prospects out there. Through the Quappelle district there is hardly anything, but in the vicinity of Brandon they are a little better, and about Portage la Prairie they are very good. We understand that Mr. Morrison has rented a large farm out there and intends going back next spring.

The other day the inner combination of Farran & Tisdall's vault, Clinton, became unworkable, and it was necessary to secure the assistance of a couple of safe-experts from Toronto, to get the safe open. When the men came up, they found it would be necessary to drill a quarter inch hole in the door, which was composed of iron and chilled steel, being about 2 1/2 inches thick. A pressure of several tons on the drill easily sent it through the iron, but not so the chilled steel, as it took thirteen hours' steady drilling to cut through about an inch and a quarter thickness. Burglars would stand a very poor show with a door of this kind.

The hay crop of McKillop and Grey is first-class and most of it has been housed without getting any rain. The fall wheat is considerably hurt with rust and as a consequence the grain will be small and the straw not so good for feeding, but it is a good average crop. Spring crops are excellent where the land was not so low as to be injured by the long continued rains in June. The root crop is good so far, considering the lateness of the season when the seed was sown. On the whole the outlook for the farmer is good and if no further drawbacks occur and prices are good they will have a successful year and no reason to grumble.

Donald Currie, Morris, sold a three year old bull week before last that brought down the scales at 2050 pounds.

Wm Sample, Morris, is home from Manitoba. He is of the opinion that Huron county cannot be beaten. A number of Morrisites will be back next fall.

Mr W Weir, of the Bayfield road, just outside of Clinton, sold about eighty tons of hay to Mr Morgan, at \$6 per ton, who is packing it and shipping it direct to Toronto.

Boyd Morrison, son of Matthew Morrison, and Albert, of Andrew Morrison, Walton, are spending their vacation at their homes. They are both teaching and are doing well in their profession.

On Friday, July 26th, the infant child of Mrs. F. J. T. Naftel, died, and was buried on the Sunday following in Brussels cemetery. Much sympathy is felt for Mrs. Pierce, as her husband is away in Manitoba.

We regret to learn that Miss Maggie Holmes, of Holmestown, was engaged in picking cherries one day recently, the foil from the tree, fracturing one of her hips and dislocating her shoulder. She will be disabled for some time.

Messrs A. Morrison, Berry and Best, Walton, arrived home from Manitoba on July 26th. They speak highly of the country. Mr Morrison and Mr Best bought 1100 acres of land near Plum creek and will move out in the spring.

On Monday evening of last week Mr. B. Holmes, of Clinton, addressed the young people in connection with Turner's church, taking for his subject, "Errors in life"; his address was practical, and was very much appreciated by all who heard it.

The Baptists of Wingham have now a resident minister after being without such for more than twelve months. On Thursday of last week a free social was held in the basement of their church, in order to introduce the minister to congregation and friends.

J. D. Ronald and wife, of Brussels, are off to Sault Ste. Marie, via Owen Sound and C. P. R. steamer, partially on a business as well as a pleasure trip. No doubt he will see the officials of this growing young city about the state of their fire protection.

All the Brussels pupils who wrote at the recent Entrance Examination, 12 in number, passed successfully. Mary Ross and Mary McLaughlin lead the county with 620 and 610 marks respectively. Alex. Ross took 582. The number of marks obtainable was 735. Principal Shaw is to be congratulated.

On Thursday, the 25th ult., Mrs. Levi Panabaker, con. 12, Grey, went to her reward after a somewhat tedious illness of consumption, in her 39th year. A husband and two little children are left to mourn her early demise. Mrs. Panabaker was a daughter of Thos. Whitfield and was well and favorably known to the people of that section. The funeral took place on Saturday, the interment being made at Brussels cemetery.

Mr George A. Kidd, son of Thomas Kidd, Esq., of Sarnia, and Mr Peter Hayden, a former salesman in Mr Kidd's store, surprised their friends in that town last week by a visit. They are now located in Lincoln, Nebraska. Mr Kidd is manager of the Street Railway in that city, and Mr Hayden is in the grocery and provision business. They are both doing well, and like the country. They say there are over five hundred Canadians in Lincoln, and the meat of them are a credit to the country from which they hail.

The Science Mastership of the Collegiate Institute, Clinton, has been filled by the appointment of Mr J. A. Gillin, B. A., of Orangeville High School, and whose home is in St. Marys. Mr Gillin is an honor graduate of the university of Toronto, in the Department of Natural Science. He took honors in chemistry, biology, mineralogy and geology during his course, and graduated with honors in the special department of biology. He comes to Clinton with the highest recommendations and in every way qualified for his work.

Mr R. Rowlands, of Clinton, who went to Manitoba a couple of months ago, has returned, thoroughly convinced that the Province of Ontario offers just as good inducements and better prospects than can be found in the west—this year at least. He went as far as Banff, which is a watering place, and can never be anything more. Calgary he has not seen, but he has a very high opinion of Winnipeg, he describes as being quiet. In fact, dullness seems to prevail all over. He has concluded to settle down in Toronto.

North American Life Assurance Company

(INCORPORATED BY SPECIAL ACT OF DOMINION PARLIAMENT) HEAD OFFICE, TORONTO, ONT. FULL GOVERNMENT DEPOSIT.

A Vigorous, Prosperous and Progressive Canadian Company

B. MacCORMAC.

Mr. Kaldish was in Bayfield the other day to see about erecting a grist mill, saw mill and sash and door factory. He was wanting the corporation to give him a bonus of \$2,000, and \$3,000 to be paid, without interest, at the end of ten years.

Grey township pupils took a leading place in the Entrance Examination. Jno. Perrie, S. S. No. 1, is credited with 574 marks; Eliza Hall, S. S. No. 6, 508; Evangeline McQuarrie, S. S. No. 4, 418; Lattina McNair, S. S. No. 7, 416; Alex. Perrie, S. S. No. 5, 397; Harvey Hunter, S. S. No. 7, 390.

IF A BODY MEET A BODY

The result is a collision, whether 'coming thro' the rye,' or not. Life is full of collisions. We are constantly colliding with somebody or something. It is the only medicine that 'knocks us off the track' and perhaps disables us for life. Women especially it seems, have to bear the brunt of more collisions and afflictions than mankind. In all cases of nervousness, bearing-down sensations, tenderness, periodical pains, sick headache, congestion, inflammation, or ulceration and all female irregularities and 'wankness,' Dr. Pierce's Favorite Prescription comes to the rescue of women as no other medicine does. It is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money paid for it will be refunded. See guarantee on bottle wrapper.

Copyright, 1888, by WORLD'S DIS. MED. ASS'N.

Dr. PIERCE'S PELLETS

Ask your Druggist for Testimonials.

Totem of Health Co. LONDON, ONT.

GRAPEFUL CO-MORNING. EPPS'S COCOA.

BREAKFAST. 'By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle poisons are floating around us ready to attack wherever there is a weak point. We must escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.' 'Civil Service Gazette.'

Make simply with boiling water or milk. Sold only in packets by grocers, packed thus: JAMES EPPS & CO., Homoeopathic Chemists, London, England.
