

ENUMERATION BEGINS TODAY

Work of Counting Population of Canada Now in Progress.

Today census enumerators all over Canada are at work counting the population of the Dominion. In Edmonton and Strathcona districts it is expected that between a week and ten days will be occupied in the counting operation. The enumerators will call at each house and will ask an immense range of questions which the person interrogated is by law required to answer truthfully.

Census Commissioner Thibault of Edmonton and Strathcona districts, have each a large staff of men at work but considerable trouble has been experienced owing to a number of enumerators refusing to act. The rates of pay are from \$4 to \$7 per day according to the locality.

From his investigation Commissioner Thibault is of the opinion that Edmonton will show a population of between thirty and thirty-five thousand, while the entire Edmonton district will reach well up to 40,000. G.N. RAILWAY FILES ENORMOUS MORTGAGE

Minneapolis, Minn., May 31.—To provide for estimated financial requirements for a half a century, the Great Northern Railway Company today filed with the Secretary of State a first and refunding mortgage for \$600,000,000. Surpassing in importance any corporate financial plan ever known in the West, and without parallel in any railroad mortgage, the plan is a masterpiece of a life insurance policy.

The plan is based upon a comprehensive analytical study of production, economics and transportation in the territory between Minneapolis and St. Paul and the Pacific Coast.

It takes into account, on estimates of the future, the experience of the past, such necessity for provision ahead as intelligent, conservative judgment has dictated. It is officially stated that the plan does not mean an enormous issue of bonds. More than half the total, or \$300,000,000 is for refunding purposes, and very largely the bonds to be refunded do not mature for ten years. This plan of provision, at this time, for their eventual retirement, and for other future needs, is a move into anticipatory finance that is unparalleled.

The great size of the mortgage is explained by the inclusion in the refunding bonds to be based upon the mortgage of \$600,000,000, of the total of \$222,400,000 Burlington joint four per cent. bonds which will mature in 1921. A comparatively small issue of outstanding bonds of the Minneapolis and St. Paul, Great Northern property, will be in July this year. There are outstanding bonds that mature in 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929 and 1930. These are 4 1/2, 5 and 6 per cent. issues of St. Paul, Minneapolis and Manitoba, Dakota extension, three issues of consolidated mortgage bonds, the Montana extension, Pacific extension, Eastern Montana, Montana Central, and Union Pacific, Minneapolis Western Railway and Northern Pacific, and other issues, the total approximating \$195,000,000.

WEIGHMASTERS SIGNED BLANKS

Winnipeg, May 31.—After considerable fuss and sensation, the market committee of the city council, found that the weighmasters were in the habit of signing blank slips with only the gross weight registered, leaving it to the honesty of the drivers to fill in the correct net and tare. The practice is ordered discontinued. Weighmasters taking tips for sending choice loads of hay to stockmen, and for the trouble of calling at the market, formed the subject of some discussion, and threatened to evolve a scandal.

DEATH CURTAINS THE FESTIVITIES

London, May 31.—The death of King George's great uncle, Prince King of Denmark, is causing modifications in the programme of the coronation entertainments. The Duke of Devonshire's ball at Devonshire house last night, was one of the most brilliant functions of the season. It was to have been attended by King George and Queen Mary, but owing to the death of Prince John the King was not present and the Queen remained only for dinner. The Duke and Duchess of Connaught and several other members of the royal family attended the ball, however.

BEAUMONT LEADS IN FLYING RACE

Rome, May 31.—Andre Beaumont, in the face of insuperable difficulties, made one of the greatest flights today in the history of aviation, and again is the leader in the great Paris-Rome-Turin race. Frey, the German representative, and Roland Garros, who was first to reach Genoa, are now left behind. They are both at Pisa, having met with misfortune on the second stage of the journey.

KING DINED JOCKEY CLUB

London, May 31.—Following the custom of his father, King George tonight dined the members of the Jockey club at Buckingham palace. Sun Star was severely jarred during the race and probably will receive a long rest before he is again sent under colors.

CALGARY MAN GOES TO BISLEY

Ottawa, May 31.—Capt. W. E. Forbes, of the 73rd N. B. regiment, a member of the Canadian Light Infantry, tonight notified Capt. Birdwhistle, secretary of the D. R. A., that he is unable to go to England. Col. Serat, C. M. Hodson, 103rd regiment, Calgary, will take his place on the team. It is rumored that there is a strong probability that Sgt. C. Rufferty, of the G. G. F. G., may also be unable to go on the trip.

ORGANIZING LOCAL BRANCH OF ARCHAEOLOGICAL SOCIETY

(From Friday's Daily.) To organize the Edmonton Society of the Archaeological Institute of America, Department of Canada, a meeting will be held in the McKay building, corner of McLeod and Fourth streets, on Friday evening at eight o'clock. The meeting will be held in the McKay building, corner of McLeod and Fourth streets, on Friday evening at eight o'clock. The meeting will be held in the McKay building, corner of McLeod and Fourth streets, on Friday evening at eight o'clock.

Dr. Eaton has been in Edmonton since Tuesday of this week. He comes to this city from the Pacific coast, where he lectured and organized the local branch of the Archaeological Institute in the United States. The Archaeological Institute of America was founded in Boston in 1879. Its purpose is to promote archaeological research by founding expeditions and by giving lectures under the auspices of its affiliated societies. The plan is based upon a comprehensive analytical study of production, economics and transportation in the territory between Minneapolis and St. Paul and the Pacific Coast.

It takes into account, on estimates of the future, the experience of the past, such necessity for provision ahead as intelligent, conservative judgment has dictated. SCHEME FOR HELPING IMMIGRANTS TO BRING FAMILIES TO CANADA

(From Friday's Daily.) "In one year alone we will have brought enough children to Winnipeg to fill a new school," says a spokesman of the committee of the Edmonton board of trade, which is endeavoring to take any action, it was plain that the idea was entertained favorably, and it will be reported at the next regular meeting of the board. Mr. Fisher undertook to do any office work connected with the project, but demurred when it came to a question of canvassing the town. "You need a large number of men to do the work," he said. "I am willing to put up a bet to be paid to the hospital that I can get a large number of men to do the work." Mr. Fisher undertook to do any office work connected with the project, but demurred when it came to a question of canvassing the town.

These were the arguments put by the committee of Winnipeg business men before the Edmonton board of trade, which is endeavoring to take any action, it was plain that the idea was entertained favorably, and it will be reported at the next regular meeting of the board. Mr. Fisher undertook to do any office work connected with the project, but demurred when it came to a question of canvassing the town.

BRITISH CAPITALISTS WILLING TO INVEST MONEY IN CANADA

(From Saturday's Daily.) Wm. Short, K.C., of the firm of Short, Cross, Biggar & Co., returned to Edmonton this morning from a trip to Europe on which he has been absent since early in January. Mr. Short spent considerable time in London, visited the continent and went as far east as Constantinople, touring France, Italy, Greece, Turkey, Serbia, Germany and the Netherlands.

"In England," said Mr. Short to the Bulletin, "this morning, I found a much keener and more intelligent interest in Canada than when I visited the country several years ago. British capitalists are ready to put enormous sums of money into Canada if good opportunities are presented. The question of reciprocity has been most seriously debated. 'The country is extraordinarily prosperous. All the talk of British manufacturers being ruined is not to be credited. The factories are working to the limit of their capacity. The amount of money capital in England is known only to themselves. They are exceedingly reserved about letting it be known. In fact, I believe, it is being judged from the fact that when 4,000,000 pounds in government bonds was placed on the market by one firm, 22,000,000 pounds was subscribed. The difficulty is that there is more money than there are opportunities of investment. I would say that indications are extremely good for an increased flow of money into Canada from England.'"

SUCCESSFUL SALE HELD AT LACOMBE

Lacombe, May 31.—The third annual bull sale under the auspices of the Alberta Cattle Breeders' Association and the Provincial Department of Agriculture was held here this afternoon. Five hundred people attended the sale, which was held in the new sale pavilion on the Agricultural society's grounds.

The bidding on all animals offered was brisk and in every case good prices were realized. Seventy-one bulls were put up and the average price obtained was \$101 per head. In the Herefords, P. H. Duckett, of Lacombe, holds the honor of obtaining the highest price, a young animal bringing \$105.

MR. MAGRATH WILL NOT COME

Ottawa, May 30.—C. A. Magrath, M.P. for Medicine Hat, left for Edmonton today where he will be one of the Canadian parliamentary contingent. Mr. Magrath's absence from the city is somewhat significant.

MISS BENOIT WILL BE DEPORTED

Quebec, May 31.—Miss Helene Benoit, who accompanied the late Archbishop to Quebec, will be deported on Friday next, sailing by the Empress of Ireland. The official intimation to the fact was made by the local authorities. Informed of the fact yesterday afternoon by one of the doctors of the detention hospital and that it was necessary for her to prepare for her departure, Miss Benoit made less comment about it than she had been expected to do. The council in Winnipeg has decided to send her to the hospital for the night.

FOUR KILLED IN OHIO STORM

Cleveland, May 31.—Four died and a score injured in the toll of a terrific wind and rain storm which swept over Cleveland and vicinity today. Buildings were wrecked, boats in Lake Erie overturned, wire poles broken, trees torn up and windows smashed. The storm was peculiar in its nature, being very destructive in its effects.

CHICAGO PREACHER GOES TO LONDON

Chicago, May 31.—One thousand members of Moody church gathered in front of the Dearborn street station yesterday and sang songs as a farewell to the Rev. A. C. Dixon, former pastor of the church, who started on his way to London England, where he has been called to the Metropolitan tabernacle.

BUILDING PERMITS FOR MAY DOUBLE THOSE OF LAST YEAR

(From Friday's Daily.) The report of the building inspectors department, for the month of May shows that the number and value of the buildings erected during the month was more than double that of the permits issued during the same period last year.

During May of this year two hundred and thirty-eight permits were issued for buildings, the total value of which was \$2,182,552. During the same period in 1910 the number issued was 110, with a total value of \$825,865. A comparison of the figures for the period of January to May inclusive of each year shows a similar increase. During the period from January to May of this year the number of permits issued was 621, with a total value of \$1,822,552. During the same period in 1910 the number issued was 365, with a total value of \$825,865.

THE INVESTIGATION COMMITTEE HAS CONCLUDED HEARING

(From Thursday's Daily.) The investigation committee, which has been holding hearings on the case of the late Archbishop, has concluded its work. The committee has heard all the evidence and has reached a decision. The committee will, when the hearing is concluded, report to itself as the council on the absence of the late Archbishop from the city.
