"CANTON" Account Registers!

Merchants everywhere realize that to be successful, and to get best results from their business, they must do the largest possible volume of business with the least help. This is the reason why so many Computing Scales, Cash Registers, Oil Tanks, Meat Slicers, Cheese Cutters, etc., are being sold. All these specialties are expensive and it pays to buy the best made. Bookkeeping in any business is an expensive proposition. Any system which will make bookkeeping easier and avoid mistakes is of great value. Many Account Registers of various styles have been placed on the market, they have proven very valuable in saving time and avoiding mistakes. It was found however that in order to be of real value, any account register must be kept in a fireproof cabinet.

Table with 3 columns: Size (100 account, 200, 300, 400, 500, 600), Price (118.00, 158.00, 228.00, 298.00, 368.00, 438.00)

To give an idea of the substantial construction of these registers we might state that our 200 Account Register weighs about 265 lbs. This Register was patented November 21st, 1913, and is the last word in fireproof cabinet construction. Any standard pads or sale book can be used. If you are interested in the simplest and safest Account Register on the market, write or wire Nfld. Specialty Co., 2 Prescott Street, Sole Agents. aug3,21,ead
