

Cushion Sole Boots.

If comfort in a Shoe is worth anything, it can be obtained here.

It is a curious fact that nine-tenths of the Men and Women suffer with sore feet. It's also true that nine-tenths of the trouble is caused by the hard insoles not conforming to the foot. We have Comfort Shoes that never fail to bring Comfort to Troubled Feet.

The insoles are covered with fine felted lamb's wool, covered with fine calfskin. The foot settles into it naturally, stops irritation and friction, no breaking-in, easy the first minute.

Try a pair of our Comfort Shoes and you'll be convinced. We've a size and width for every foot that comes.

FOR WOMEN at \$4.25, \$6.50, \$9.50 to \$13.50

WILDE HOLDS CHAMPIONSHIP.

Ringside Coliseum, Toledo, Mar. 12.

Jimmy Wilde, of England, recognized flyweight boxing champion of the world defended his right to the title to-night by decisively outpointing Frankie Mason of Fort Wayne, Ind., American claimant of the title. Throughout the battle the plucky little Briton was the aggressor and carried the fighting in all but one round the fifth, when Mason braced himself and put the Englishman on the defensive. Two of the rounds were even, the fourth and tenth. The ring, which was twenty one feet square, gave the little American plenty of room to jump away from the pressing Britisher. Mason started to bleed from the mouth early in the battle, but he wore a smile of confidence, while Wilde from the time he entered the ring seemed set and determined. Time after time, Mason, when urged on by his enthusiasts, attempted to break through the Britisher's guard, but pluckily the little Briton dodged, feinted, shifted and retaliated with a right and left chasing the American around the ring. After the fight referee Smith declared that never in his life had he seen a young fellow, or any fighter, who was so willing to carry or mix matters as was Wilde.

THREE PERSONS ASPHYXIATED.

TORONTO, March 12.

The dead bodies of John Callicott, manufacturer of an automatic air vent, his wife, and M. Johnson, hydro-electric worker, were found to-day in a house on King Street West. The swollen, discolored condition of the three, indicated that they had been asphyxiated. A small gas jet in a range in the room was open.

TURKS NOT IMPRESSED.

CONSTANTINOPLE, March 12.

Numerous despatches from London and Paris announcing that the Supreme Council has decided to take drastic action at Constantinople to prevent the killing of Christians and to enforce peace terms more radical than were contemplated before the trouble at Marmash, have been received with apparent indifference by the Turks, the only effect being in the designation of a slightly changed cabinet. Allied naval displays in the Bosphorus and British and French naval parades in the streets of Constantinople, are watched indifferently by the public. The Black, Marmora and Aegean Seas are alive with allied warships ready to co-operate with land forces in defense of the Straits and enforcement of the blockade, should such action be taken.

THE SIMS' CHARGES.

WASHINGTON, D.C., March 12.

More shipping was saved by keeping track of German submarines and routing vessels clear of them, than by any other single measure, Rear-Admiral Sims told the Senate Investigating Committee to-day. Admiral Sims' statement was in support of his charge that the Navy Department had "a fundamental misconception" of the problem of defending home waters in keeping American naval forces on this side of the Atlantic rather than giving "whole-hearted and vigorous co-operation" to the Allies.

NEW HUNGARIAN TREATY.

LONDON, March 12.

NEW YORK, March 13.
