Evening Mercury.

THURSDAY EVENING, JULY 24.

PROSPECTUS OF THE GUELPH EVENING MERCURY

HAVING removed to their new office in THE MERCURY BUILDING, Macdonnell Street, opposite the Great Western Hotel Stables, the publishers have determined, in view of the elections, to issue an
Evening Edition of "The Mercury."

It will appear every afternoon (Sundays excepted) at 5 o'clock, and will be furnished to subscribers in town and country at \$4 a year, paid strictly in advance. Subscriptions will be taken by the quarter. Subscribers in town will be supplied by our own carrier boys, by leaving their names and residence at the office. Single copies 1d, and may be had of the boys on the street, or at M. Sheehan's and T. J. Day's Bookstores.

The Mercury will contain the latest telegraphic news of every thing that transpires of importance from all parts of the country, including the daily despatches by the Atlantic cable, the New York, Montreal, Guelph and other Markets. Special attention will be paid to Local News. Full and impartial reports of all public meetings will be given, due notice will be taken of all public improvements, and everything of an interesting character transpiring in the town or county will be fully recorded in its pages.

General and Miscellaneous news, and reading adapted for the family, carefully selected with a view to their moral bearing on the community, will find their place in THE EVENING MERCURY. The aim of the publishers is to make it a welcome and profitable visitor to every family in town.

Every care and attention will be given to its editorial columns. Besides the ordinary staff arrangements have been made for occasional supply of editorial and other contributions, and correspondence from the most important points. Our prospects under the newly inaugurated Dominion, the agitation of political parties in working out Confederation, and the results that such agitation will lead to, will be discussed in a temperate and impartial spirit. The great principles of Reform, by the exercise of which alone we believe the prosperity of this country will be secured, shall be on all occasions faithfully and earnestly inculcated. At the same time no abuse, no unseemly language, nothing of a personal character, shall mark our discussion of public questions. We shall in short spare no pains or expense to make THE EVENING MERCURY an interesting and reliable newspaper, every respect worthy of public patronage.

TO ADVERTISERS.

As we have already secured a large subscription list, the advertiser will find it a valuable medium for communicating with the public. Advertisements will be inserted at reasonable rates, and a considerable reduction will be made for contracts for a lengthened period.

THE WEEKLY MERCURY.

THE WEEKLY MERCURY has now been enlarged to 40 columns, and each page—thus making it by far the largest weekly newspaper published in Canada, out of Toronto. It contains a third more reading matter than any weekly paper published in the County. It contains a complete weekly summary of all the important news by special and other telegrams, the local and other markets, besides a large quantity of excellent and carefully selected miscellaneous family reading, and weekly instalments of a First-class Story. It is published every Friday morning, and mailed to subscribers, or delivered in town at \$2.50 a year, strictly in advance, otherwise \$2 at the end of the year. No deviation from this rule. THE WEEKLY has now a far larger circulation than any other paper published in Guelph, and it is extensively read in all the surrounding Counties. It is the best advertising medium west of Toronto, as is shown by the very extensive advertising patronage it has enjoyed for more than five years. Advertisements inserted at the usual rates, and a liberal discount made to those who advertise by the year.

Copies of THE WEEKLY MERCURY are also for sale at the Bookstores of M. Sheehan and T. J. Day, Guelph, July 20, 1867.

General News.

It is reported that considerable quantities of coal have lately been discovered in Prince Edward Island.

Six hundred buildings have been erected in the burnt district of Portland since the great fire last year.

About half of the Table Rock, at Niagara, was blown off last evening. A blast of 200 lbs of powder moved the mass of rock. The projecting point was broken off, and the rest settled back again.

Mr. McGee is prosecuting his canvass vigorously in Prescott. He has sent an invitation to Mr. Develin to meet him and the electors of Montreal West some day next week face to face. A lively time is expected.

Sir Wm. Logan and Dr. S. Hunt have been created officers of the Legion of Honour by the French Emperor, in acknowledgement of their services at the Paris Exhibition.

In a recent communication to the U. S. Government, Gen. Sheridan says that in the interior parishes of Louisiana in proportion to their numbers, more of the blacks than whites write their names in registering.

If the Intercolonial Railway passes through Quebec, the people of the "ancient capital" predict that it will sink to the level of such towns as Kingston, Prescott and Brockville. Lots in Pointe Lévis, that were held a few days ago at \$80,000 are now offered at \$10,000 or less.

Railways in India are reported to be quite successful, and according to a report just issued on the operations of last year, the English capitalists who have invested in these roads have reason for encouragement.

Mr. Cartier seems to be by no means certain of his position in Montreal East, and has obtained a nomination for Beauharnois, from a Convention held in that County a few days ago.

Wreckers engaged on the steamer Bohemian, which sank several years ago near Portland, the other day brought to surface a large roll of silk, which was found to be but slightly damaged.

The London Lancet records the death of Sir Steven Love Hammic, Bart., at Plymouth, at the age of ninety years. He was the oldest member of the medical profession in England.

The total destruction by fire of Coulson's Hotel, at Oil Springs, is announced. It has had a very unfortunate history. About this time last year, when it was nearly finished, a hurricane swept away the roof. Again it was finished, but had not been occupied when we are told of its utter annihilation.

The canvass in South Ontario is being vigorously prosecuted by the two candidates—Hon. Mr. Brown and Mr. Gibbs. The latter is strong candidate, but Mr. Brown is certain of being elected.

Mr. George Jackson, ex-M. P. P., and a candidate for the representation of Grey in the House of Commons has found it expedient to retire from the contest. He was a firm supporter of the Coalition, but was utterly repudiated by the people of South Grey. The Reform candidates—Messrs. Dalglissh and Lauder—are daily gaining in strength, and no doubt is now entertained of their triumphant election.

The Charlottetown Islander says of the island colony of Prince Edward—"In fact we are quite prepared to bear from all quarters of the Island, that if the Canadians will give us the \$800,000 for the benefit of the tenantry, and allow the annual rate of eighty cents per head, increasing as its population may increase, the people of the Island will hold up their hands for Confederation."

A large waterspout was observed on the Susquehanna river near Binghampton, N. Y., a few days since. It was about twenty-five feet high, and moved with a loud roaring noise. When it broke the ground for several rods on land was deluged with water.

The Paris Punch has some caricatures of the Yankees in Paris. The best represents one in a private box at the Chamber of Deputies, who says to the junior: "I mean to see everything during the Exhibition. Here are \$50, just hire Mr. Thiers to make a speech now, while I sit here."

The Californians, who are working through their Summit Tunnel in the Sierra, have accomplished a thousand feet of the 1600 since last September. They not only began at both sides, but sunk a shaft in the middle and worked both ways from that.

The Scottish marksmen are again the winners of the International prize at Wimbledon. They scored 1,086; England, 1,048; Ireland, 950. Last year, the numbers were, England, 1,070; Scotland, 1,052. In 1865, Scotland made 1,047, and England 1,029. Next year, the prize must be shot for in Scotland.

The Kingston News says that the Writs will probably be issued on the 5th of August, and the elections will be over by the end of the month. A similar statement was lately made in a leading Maritime paper.

The Rossin House, Toronto, will be opened for the reception of guests on Monday next, under the management of its proprietor, Mr. G. P. Shears, for a number of years proprietor of the Clifton House, Niagara. Everything within the walls is new and of the best description.

Edinburgh has received the noted abolitionist, William Lloyd Garrison, as a public guest, with the freedom of the city, and so verifies afresh that marvellously true saying, "a prophet is not without honour, save in his own country and his own house." He beheld the full fruition of his toil, even during his lifetime, in the freedom of four millions of American slaves. John Stuart Mill has said the finest, perhaps, of all the fine sayings which Mr. Garrison's visit to Edinburgh has called out, because the remark is profoundly philosophical rather than personal. He said "Those who desire to improve mankind, should aim at something difficult and great, regardless of the reproach of Quixotism or fanaticism." Certain it is, at all events, that the triumphant issue of the emancipation project in America has given heart to reformers for tasks intrinsically quite as difficult to work out.

THADDEUS STEVENS' GRAVE.—Several years ago, when the Lancaster Cemetery was incorporated, Mr. Stevens purchased two lots, for which a deed was duly executed. Some years later, in looking over his papers, he noticed for the first time, the clause prohibiting the interment of colored people in the cemetery. He at once reconveyed the lots to the company, with his reasons, and asked that they be put upon the record. A short time ago he purchased a couple of lots in Woodward Hill Cemetery, and when the deeds were handed to him he noticed a similar clause excluding the burial of people of color. The brave old man declared that he could not consent to have his bones laid in a cemetery where any of God's children were excluded for no fault of their own, and he promptly returned the deeds. He then, only a few days ago, selected a lot in "Shreiner's Cemetery," where no such distinction is made among the dead, and there will the dust of the Old Commoner repose—not, we trust, however, until he has seen the great work of reconstructing the nation on an enduring basis of liberty and equal rights, which he has so long and so consistently labored for, triumphantly consummated. History records no instance of sublimer devotion to principle than is exhibited in this incident in the private life of Mr. Stevens.—Lancaster Express.

ONE HUNDRED SHIPS LOST IN THE WHITE SEA.—The London papers publish dispatches from St. Petersburg, dated on the 27th of June, giving accounts from Archangel of the destruction of shipping in the White Sea by the breaking up of the ice, from which it is inferred that the loss has been much greater than was previously reported. More than one hundred ships were lost and the crews were in a desperate position on the coast of Lapland, while some were on the drifting floes of ice. Lord Stanley, British secretary of state for foreign affairs, received a despatch from Sir A. Buchanan, minister at St. Petersburg, confirming the sad news, and stating that he had requested the Russian government to render assistance to the crews drifting on the ice, but it appears there is only one small steamer available at Archangel. Orders have been dispatched from the foreign office to the British consuls at Copenhagen and Stockholm, and to St. Petersburg, with instructions to put themselves in communication with the government authorities of Sweden and other places northward, in order that all immediate assistance should be sent to the shipwrecked crews.

BASE BALL TOURNAMENT.—On the 23rd of next month the "World's Base Ball Tournament" will commence in Detroit and twelve members of the Maple Leaf Base Ball Club of Hamilton have been chosen to take part in it. The nine of the best United States and Canadian Clubs, it is expected will be on the ground.

A paper in Hamilton, Ontario, asserts that a little girl there was driven by hunger to attempt to eat a live rat. She had her teeth firmly clenched in the animal's neck, the paper says, when she was made to desist by two women who were told of the strange occurrence by a playmate of the child.

WEEKLY MERCURY.

In future the Weekly edition of THE MERCURY will be issued every Friday morning. Single copies may be had as usual at the office, or Sheehan's and Day's Bookstores.

ARTILLERY PIC-NIC.—A full muster of the members of the Guelph Artillery Company is requested in the drill shed to-morrow evening to make arrangements for the forthcoming military Pic-Nic.

ACCIDENT.—A young man named Weber was badly injured by his horses running away, near Berlin, and throwing him from the wagon, which passed over his shoulders and the back of his neck. His life is despaired of.

SUICIDE.—An old man named Craig committed suicide in the County of Waterloo last week on account of a tongue-trussing he received from his wife for having made a bad trade of a cow for an old horse.

WATERLOO SALT WELL.—The Chronicle says that the Salt Well in that village has been fully tested, that the brine is just as good as that which is produced at any of the salt regions, but the quantity is not yet sufficient to induce the commencement of manufacture. Measures are at once to be taken to sink the well deeper.

THE ATLANTIC MONTHLY.—The August number of this able and popular Magazine has been received. The contents are. The Guardian Angel, Hospital Memories, Dirge for a Sailor, Up the Edisto, Poor Richard, III, The Growth, Limitation and Tolerations of Shakespeare's Genius, Longfellow's Translation of Dante's Divina Commedia, The Old Story, A Week's Riding, The Little Land of Appenzel, The Lost Genius, Cincinnati, A Lilliput Province. For sale at the Bookstores of Messrs. Day and Sheehan.

OUR YOUNG FOLKS.—This pleasant magazine is to hand. Contents: "Catching away in the Cold," Bird-Catching, About Me, "The Little Maid," Pussy and Emma at Sixteen, Good Old Times, A Midsummer Night, Round the World, The Wild Birdie's Garden, The Sport of Archery, Summer Morning Music, Round the Evening Lamp, Our Letter Box. For sale at the Bookstores of Messrs. Day and Sheehan.

PRESTON MINERAL BATHS.—It will be observed by reference to our advertising columns that Mr. Cornell's Mineral Baths are now open for the accommodation of the public. It is claimed for these waters that they possess superior medicinal quality, that their healing efficacy is not surpassed in America, and as they are near home those who consider that their health would be benefited by hygienic treatment will at once see that it would be an advantage to them in a pecuniary point of view to patronize them.

ILLUSTRATED NEWS.—Mr. Day has on hand a large number of copies of this clever and beautifully illustrated London journal. The engravings are superb, the chief of them being views of different departments of the World's Exhibition, and a very large supplement is appended showing Paris as it is at the present day. The reading matter is such as is indispensable to sustain the reputation of such a paper in such a city and in fact over the world.

GLORIOUSLY MELLOW.—A man named Robinson, a resident of Pritchard, who is often to be seen in town and is always seen proving that he is rather devoted to Bacchus, got combatively drunk Tuesday night and struck one of our respectable townsmen. Robinson lacked physical strength to sustain his pugnacious inclination, for a blow from the gentleman he had attacked stretched him on the sidewalk, hors de combat. After some time he again became troublesome and struck somebody else, when just in the nick of time that order-loving man, the Chief Constable, came along and took Robinson under his fatherly protection. He locked him up for the night and next morning as he had to leave town by the ten o'clock train and neither the police magistrate nor any of the J. P.'s being at hand to try the delinquent, the door was thrown open and he was allowed to go free.

Election Meeting in Nassagaweya.

From our own Correspondent.

On Tuesday 23rd a meeting of the electors of Nassagaweya was held at the Town Hall, and was addressed by the several candidates for Parliamentary honours. Between Mr. White and Mr. Chisholm the contest has become almost personal, and when they meet the audience is treated to an exposure of the sins of omission and commission of both parties during the last fifteen years. It is to be regretted that Mr. Chisholm descends to the retailing of garbled and distorted extracts of private conversations which are neither important nor interesting to the public.

Mr. William Barber, the Reform candidate for Ontario, made his maiden speech as a candidate for Parliament. It was like himself, short and pithy. Mr. Barber is the only candidate for the Local House; he is an old resident of the County, and appears to enjoy the confidence of Conservatives as well as Reformers, and is not likely to meet with any opposition. Mr. Barber is a decided party man, opposed to the principle of coalitions, and when the time comes, and come it will, to decide between Reformers and Coalitionists, Mr. B. will be found with the former. After the address Mr. Lister offered to return expressing confidence in Mr. White and Mr. Barber, and pledged his support of both gentlemen in the coming elections. For Mr. Barber the vote was unanimous; for Mr. White for 23 per cent. Mr. Chisholm not a shadow of a chance. The Arch'd Campbell, Esq., presided at the meeting; there were neither "blisses" nor "bisses," and Mr. Chisholm was allowed to depart with a friendly "bye-bye." Three cheers for the three more for the Reformers, who were wound up the business, and which upon the
