A. O. GRAYDON, city engineer. TRADE IN CANADA.

Summary from R. G. Dun & Co.'s Bulletin.

TORONTO. Aug. 9 .- R. G. Dun & Co.'s Daily Bulletin gives the following statement of failures in the Dominion the past week as compared with previous weeks: Total in Do Ontario. minion. 1894. 1893.

y 19......18 July 12......21 June 21.....

During the last week there has been a slight enlargement of the volume of busiquickening of trade. The falling off in the carnings of railways seems unabated, but the movement of the new crops and fall goods is expected to stimulate railroad treffic and bind it up to normal figures. In tory evidence of improvement as in some other industries. The stock market was on the whole wearied and inactive.

The wool market has been weak and now generally on a parity with the cost of | in German. foreign wool, and values of washed fleeces, 17c, are rapidly tending to that level.

There has been an active speculative movement in wheat with a net advance of 3c on account of unfavorable crop reports. Groceries show a little more activity. The payments maturing Aug. 4 have been met as satisfactorily as generally ex-

pected.

Our foreign trade is still comparatively satisfactory. Rather depressing reports come from the

Northwest, and wherever the crop will be a failure considerable distress will follow. There is an increased demand for money at interior points to move the crops, but the rates continue the same-from 4 to 5 per cent on call loans, and 6 to 7 per cent for commercial paper, Montreal and the east having the benefit of the lower rates.

SHILOHS VITALIZER. Mrs. T. S. Hawkins, Chattanoga, Tenn., says: "Shiloh's Vitalizer 'SAVED MY LIFE.' I consider it the best remedy for a debilitated system I ever used." For Dyspensia. Liver or Kidney trouble it excels, Price 75 cents. Sold by W. T. Strong.

Attention! We have a few red painted veranda rockers left, which we will sell at cost to clear them out, at WM. TRAFFORD'S faulting cashier, is \$65,000. furniture warerooms, 95 and 97 King street.

Train Wreckers Cause a Terrible Calamity Near Lincoln, Neb.

A Train Leaves a Bridge and Eleven People Suffer Death.

Most of Them Burned-Awful Scenes-Heroic Act of a Brakeman-The Train Fell 40 Feet,

LINCOLN, Neb., Aug. 10.-A fearful wreck involving the loss of eleven lives, occurred in the Chicago, Rock Island and Pacific Railroad, where it crosses on a high trestle the tracks of the Union Pacific and the Burlington and Missouri River Railroad, shortly after 10 o'clock last night. All indications point to train wreckers as the cause. The dead are:

C. D. Stannard, conductor, Council Bluffs; leaves family. Wm. Craig, fireman, buried under engine; leaves family.

Ike Depow, engineer, Council Bluffs, buried under engine. Graindealer, of Fairbury, name unknown, burned to death in the wreck.

Five traveling men, names unknown, buried under car and burned to death. Two farmers from Janzen, Neb., en route for South Dakota, burned to death. Injured-Harry Foote, brakeman; C. H.

Cherry, postal clerk; Fred Scott, express messenger. Train No. 8, drawn by engine No. 213, is an accommodation called the "Fort Worth accommodation," and is due to arrive here at 9:40 p.m. Last night it was about ten minutes late and was making up time when it struck the trestle that crossed Salt Lake Creek, about four miles from the city. When it struck the trestle the rails immediately spread and the engine, drawing several cars after it, went thumping along over the ties for 50 feet and then with a

crash FELL FORTY FEET to the bed of the creek. The engine burst and glowing coals spreading ignited the wooden supports and the coaches behind it and in a few minutes the bridge, which was built of timber, was a mass of flames. Coals fell upon the coeches and set them on fire and in five minutes after the first warning the cars, with their load of human freight,

were one mass of flames. Willing hands were there to help, but little could be done. The engine had fallen first. Then the combination car, a smoker and express coach, fell partly on that, and the rear coach falling behind it telescoped that car, thus pinning those that were in the

smoker so that it was IMPOSSIBLE TO SAVE THEM or for them to escape. Col. C. J. Bills and Jay McDowell, Fairbury passengers, and the brakeman, Harry Foote, were the first to extricate themselves from under the rear car. They immediately started to work. After a half-hour's efforts the fourteen occupants of the rear coach were | Fraser, Lake road, Bosanquet. saved. It was heroic work. The flames were scorching in their intensity, but those three men struggled hard to save their fellow sufferers. Rapidly the work of rescue went on until the entire fourteen rear coach passengers, including three women, were rescued and placed upon the bank beside the bridge. The nearest point of connection was the penitentiary, and from there the fast intimation of the wreck and holecoust reached the city. The fire department was notified, but it was impossible to get a steamer over the rough country roads, and no fire apparatus was available. The only thing was to let it

burn. IT WAS HEARTRENDING. The fireman, engineer and conductor lay under a bed of redhot coals burning. Their faces were turned out, and Stannard, whose legs were being consumed by the fierce flames, kept crying for help. He begged for someone to tell his wife and to help. "For God's sake," he cried, "someone come and tell my wife and little ones-do.' Harry Foote tried to help the man, but the fierce flames drove him back. Then he essayed with his broken foot and leg to extend some assistance, but to go near the burning pile meant sure death. Fred Scott, the express messenger. saw him and cried out for help, The brokeman heard him and acted. Crawling up to the burning pile he caught Scott just as the flames commenced to lick up his legs, burning his trousers and shoes completely off. His back was terribly injured where the timbers had fallen upon

him. Had help arrived two minutes later Labrador tomorrow. he would have PERISHED IN THE FLAMES. As soon as Scott could be heard he murmored "Cherry is in there; save him," Although Foote was suffering tortures with his broken leg, he returned to the work of re cue. Crawling up to the burning coach he caught the hand of Cherry, the messenger, who was pinned by the fallen timbers, and by almost superhuman strength succeeded in extricating him just as the curling flames commenced to lap around him. Those who were rescued from the coach finally recovered their composure and tried to help the victims, but THE AWFUL HEAT

drove them away and they could only turn their eyes and cover their ears to shut out the awful sight and sounds. There is only conjecture as to the names of the seven and possibly more who were buried under the debris. The wreck was still burning fiercely at daylight and when the bodies are recovered they will be unrecognizable. Harry Foote, the injured brakeman, advances the theory that the train was maliciously wrecked. According to his story a rail was removed on the bridge and the fish plates and a crow-bar were found in the grass near by. It is said three men were seen in the vicinity of the bridge in the early evening. They tally with the description of three seen in the city during the day, who said they came from Enid, Ok., and the suspicion was aroused that they had a grievance against the Rock Island Company in the territory. All the injured were brought to Lincoln, and the doctors think all will recover. The loss to the railroad company by the wreck is \$30,000.

HE'S ALL RIGHT.

Richard Harrison Had Backache for Scme Years - It Was Due to Ridney Disease-No More Backaches Now.

HALL'S BRIDGE, Ont., Aug. 6 .- Richard

Harrison is well known here and everywhere highly respected. That he has been a sufferer for some years from backache and other kidney troubles was a well known fact that gained much sympathy for him. Lately he has been moving around here as spry as a kitten and in the best of health. All his kidney troubles had disappeared, so he said when questioned, and he further said that the cause of their disappearance was his having used a few boxes of Dodd's Kidney Pills. The reputation of these pills as a specific in all kidney disorders is now firmly established in this part of Ontario.

The Moon and the Wives. I saw the moon bright, full and round, It shed its beams o'er all the ground, And then there came this thought to me Our wives just like that moon should be: Fair, full, all rounded out and bright And by their presence shedding light.

Yes, and they will be it in time of any functional derangements or organic troubles, they take Dr. Pierce's Favorite Prescription. No woman should keep house without it. It is a cure for the 'eomplaints' peculiar to her sex.

Greed cannot measure its wants byits mean If you borrow trouble you must pay heavy interest.
