TORNADO IN PRINCE EDWARD.

Picton, Ont., June 3.-A tornado of wind and hail, lasting fifteen minutes, passed over the northern portion of this county this afternoon, and apparently expended its force on Cornwall Point and Big Bay, in the Bay of Quinte. Three schooners in Big Bay were completely stripped of their canvas. Cornwall Point is a summer resort on the Bay of Quinte opposite Northport. All the cottages were more or less damaged. One cottage and a large boathouse were blown into the bay and floated away. Crops and early fruit were damaged by the hail.

ELECTRIC RAILWAY JOTTINGS. At the conclusion of the City Council meeting last night, Solicitor Ivey, of the Street Railway Company, waited on the council to ask that a committee be appointed to wait with the company on the County Council, which meets today, with reference to the crossing of the Dundas street bridge. Mr. Ivey said that it would be necessary to secure the consent of the County Council at this session, as the fall meeting would be too late to allow of the completion of the Springbank line. The mayor and No. 1 committee were appointed as a deputation. This move settles beyond question the route which the company intends to take to reach Springbank. The shareholders meet tomorrow to ratify the franchise and to consider the advisability of increasing the stock of the company by \$250,000 or less. SUPPOSED SUICIDE IN YARMOUTH

On Sunday evening Mrs. John Badgley, of South Yarmouth, died suddenly, it is believed as the result of her own act. Deceased was about 22 years of age, and a member of the Society of Friends. Lately a committee of that society had been investigating certain matters relating to her relationship to the church, and the report of the committee was only received by Mrs. Badgley on Sunday afternoon. She read it, expressed her gratification at the kind words it contained and at the satisfactory nature of the report itself. She shortly afterwards went to her bedroom, when her husband followed, arriving just in time to see her taking her hand from her mouth, evidently having swallowed a powder or pill. Mrs. Badgley immediately fell back on the bed, and although a doctor was secured as quickly as possible, she died in the early evening. For some time past the deceased had appeared abstracted, indifferent to her household duties, and at times moody. The poison taken was rough on rats. Dr. Gustin, of St.
