WOMAN WEAK AND NERVOUS

Finds Health in Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I suffered with female troubles from the time I came into womanhood until I had taken Lydia E. Pinkham's Vegetable Compound. I would have paid if I overworked or lifted anything heavy, and I would be so weak and nervous and in so much misery that I would be prostrated. A friend told me what your medicine had done for her and I tried it. It made me strong and healthy and our home is now happy with a baby boy. I am very glad that I took Lydia E. Pinkham's Vegetable Compound and so all I can recommend it to Mrs. A. B. BOGAMP, 604 E. Howard Street, Creston, Iowa.

Tons of Roots and Herbs are used annually in the manufacture of Lydia E. Pinkham's Vegetable Compound, which is known from ocean to ocean as the standard remedy for female ills.

For forty years this famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Merit alone could have stood this test of time.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

CHANDLER

Among the following, who were in town this week were J. A. Garrod, travelling superintendent of the Atherthaw Construction Co., H. E. Patterson of Montreal, R. N. LeBlanc of Bonaventure.

A sweet public concert was held at the Chandler Opera House on Thursday, July 30th, given by the Shiga-wake Amateur Theatrical Co. The programme of about twenty items consisted of songs, recitations, dialogue and short plays. The songs rendered by Miss Mauge and Mrs. Journeau were the best applauded of the first half. Mr. Skeff seemed to have caused the most amusement and laughter in the play entitled, "Pat, the Rascal." The most conspicuous item among the recitations was that given by the Rev. Vibert, entitled "Pap-Pa." This was intended to be a young child disturbing Pap Pa's peace at two o'clock in the morning. This item caused so much amusement, that the atmosphere on Friday, throughout Chandler seemed to be the cry of Pap-Pa.

The concert ended at about 11:15 p. m. with the singing of "God Save the King."

Miss Murray of Moncton, N. B., is spending two or three weeks vacation with Mr. and Mrs. Muirgridge.

Miss Lena Kempfer was the guest of her sister, Mrs. A. J. Arnold this week.

Messrs. Smock and Clapperton went on a fishing trip on Tuesday up the North River. Mr. Smock returned with a twenty-six pound salmon, and reported that he had caught it with a single line, and took about one hour to land. This seemed to have amazed the Chandler folk, and many are still wondering as to whether this huge salmon was caught with a silvery hook.

Mr. and Mrs. A. J. Arnold and little son Eugie, accompanied by Miss Lena Kempfer and Mr. Longbotham, motored to New Carlisle on Thursday, and returned the following day. They were favored with lovely weather, and reported having had an enjoyable trip.

Mr. and Mrs. Prouty, Mr. Garrod and Mr. Marven left by train last evening to spend the week end in Gaspe.

The usual service was held on Sunday evening at the St. Lawrence Staff House, Rev. McLeod of New Carlisle exchanging pulpits with Mr. Pugsley. Mr. Dakin, proprietor of the Opera House has added a fine large stage to the rear of the building. Also two appropriate dressing rooms. This has made quite an improvement to the house, and will be very convenient for vaudeville shows.

MARRIAGE

At Campbellton, July 30th, by Rev. J. R. Miller, John L. Wynn to Mrs. Mary Ferguson, both of Campbellton, N. B.

HAPPY MOTHERHOOD

The happiness of motherhood is too often checked because the mother's strength is not equal to her cares, while her unselfish devotion neglects her own health. It is a duty of husband or friend to see that she gets the pure medicinal nourishment in Scott's Emulsion, which is not a drug or stimulant, but nature's concentrated oil-food tonic to enrich and enliven the blood, strengthen the nervous aid the appetite. Physicians everywhere prescribe Scott's Emulsion for overworked, nervous, tired women; it builds up and holds up their strength. Get Scott's at your nearest drug store.

DALHOUSIE

Dalhousie, N. B., Aug. 5th.—Dalhousie has been visited by a fair contingent of strangers this summer and without exception all pronounce our town a most attractive summer resort. Of course there are many things still required to amuse visitors. With time these additions will be made. Those of our own people who spend their holidays at their old homes here all speak highly of the progress the town is making. The new electric light system is very much admired and our new "Star" theatre is the evening attraction of a quiet community.

When the town authorities decided to add the electric light system to our growing town, naturally our Mayor and Aldermen expected the ratepayers to encourage as they did with the water system, and that is to have their homes wired, thereby, giving their families the convenience of modern lighting and at the same time increasing the town incomes from that source. The water system is more than self sustaining and if our people show a progressive spirit this fall in having their places wired, it will not be many months before the electric light system will be self sustaining also, and our town rulers will soon be placed in a position to inaugurate further improvements for the good of the place.

The article published in the August number of Rod and Gun in Canada entitled "The Whalers of Gaspe—Reminiscences of a Trade Now Obsolete" by Margaret Grant MacWhirter, reflects great credit on a former Restigouche girl who received her education in the old Dalhousie Public school. Her references to Whale fishing on the Gaspe Coast brings us back to a more recent fishing enterprise, when porpoises were caught with nets off Carleton Point. Hundreds of people drove to see the large ones landed on Carleton bar.

Mrs. MacWhirter, formerly Miss McNeil, concludes her long article on Whale fishing with the following paragraph: "Several who were once actively employed in the Whaling business are still to be found in Gaspe. In the Autumn of their lives the remembrance of the early days of strenuous labour is still vivid and with great good-will they tell the tales of their whaling days in the Gulf of St. Lawrence and on coasts of the lonely Labrador."

Among the recent visitors to Dalhousie was Miss Marie Roy, of Campbellton. The object of her visit to Dalhousie was to obtain subscriptions for the "Graphic" and to renew subscriptions. She was very successful in both, and Miss Roy made many friends in the shiretown.

Miss Blanche Mercier and Miss Germain Trudelle, (Quebec), who have been visiting in Grand Caspedin, have returned home.

Miss Louise Barthe of Sussex, N. B., spent Wednesday in town, the guest of her parents, Mr. and Mrs. Ant. Barthe.

MILLS WILL NOT CLOSE

Many rumors have been current here, that in the event of a strike taking part in the war, the lumber mills will close here. It has been authoritatively stated that there will be no cessation of the mills, which will run as usual during the summer.

With regard to the lumber situation in the woods however, seems to be some doubt, as highly probable that no lumber will be cut, unless the war clouds measure clear.

VESSELS WILL REMAIN

There are but two vessels in the Restigouche at present, they will remain here, until received if they can be given clearance papers. One of the Norwegian loading at Carleton wharf, Mission Point, and the Russian vessel loading at Carleton wharf. Neither of these could be held here and papers are given the captains orders from the owners to proceed to sea or not. It is another Russian steamer is way here to load at the Carleton wharf.
