MAIL ORDERS

We solicit out of town orders which
 receive our personal attention. The
 length of time taken to fill orders is
 governed very largely by how busy we
 are in the department of our factory
 in which the particular goods are
 made. While we have exceptional
 facilities for promptly turning out
 goods, it is important to place orders
 as far ahead as possible. Orders are
 filled by us in the rotation in which
 they are received, and customers can
 always depend on our doing everything
 in reason to give prompt despatch.

BELGIAN RELIEF COMMITTEE FORMED

At Meeting Held in Council
 Chambers Last Evening.—
 Cash Needed Now

A meeting of those interested in the Belgian Relief Fund was held in the Council Chambers last evening. His Worship Mayor Andrew presided over a rather small attendance and explained the reason for calling the meeting. He stated that it was estimated that six million dollars would be required to meet the needs of the Belgians, who are in distress from now until the harvest, and contributions in cash were most urgently desired. His Worship read the following letter from Mayor Frink in St. John, N. B., Mayor's Office, St. John, N. B., 31st December, 1914.

A. A. Andrew, Esq., Mayor, Campbellton, N. B.

Your Worship: I have to acknowledge your letter of December 30th and note your remarks concerning a proposal to organize a Local Society for the Belgian Relief. The amount received to date is nearly \$31,000. We have sent to the Belgian Minister in London, \$12,000 in cash, \$9,000 in flour, \$2,000 in dry goods. Some expense was necessitated here owing to the fact that a large amount of clothing, vegetables and many things came in here which had to be looked after; boxing and packing of barrels and sorting, clothing and many other things which entailed expenditure, leaving on hand now about \$6,000. The Belgian Minister writing to me personally, stated that he desired to have cash sent him instead of supplies. However, the Local Committee here have been rather influenced by a report from Halifax sent to them by the American Relief Association of Belgium, that supplies were more to be desired than money. However, I am forced to the conclusion that the Belgian Embassy to Great Britain should be the best judge as to what really is required; as to the amount collected, of course I cannot give any accurate idea. Subscriptions are yet coming along quite freely and I take it that the sympathy of the people has been aroused to a great degree over the sufferings of the Belgian people. These things as a rule exhaust themselves, that is to say, that when the people have contributed as they have done very freely all over the Province, they naturally feel that they have done their part and then the fund gradually comes to a close. Wishing you a Happy New Year, I am,

Yours truly,
 JAMES H. FRINK,
 Mayor.

After discussion by those present, the following committee was appointed to properly organize a local branch of the Belgian Relief Fund, appoint collectors, etc., and take up generally the oversight of the Fund. The following gentlemen compose the committee:—
 Judge McLatchy, John Harquail, Alex. McLachlan, Jas. P. Jardine, Chas. A. Alexander, Dr. Pinaut, W. H. Millar, Jas. W. Patterson, Dan. E. Richards, A. D. McKendrick, A. A. Andrew, Dr. Murray, W. F. Napier, F. E. Blackhall.

BATHURST RETAINS McLELLAN CUP

Defeated Campbellton Rinks in Hard Fought Contest Wednesday 9 Points to Good

Bathurst defeated Campbellton in the McLellan cup series at Bathurst on Wednesday in one of the hardest fought matches ever played on the North Shore.

In the afternoon the rink skipper by Stout won from Wilson by four points. The game was keenly contested and it was up hill work all through. Many brilliant plays were made, and both rinks were in splendid form, but the best rink won out.

In the evening the games were even more scientific, and were witnessed by a large and enthusiastic crowd of spectators, there being many present to cheer for the Campbellton curlers. The Bathurst citizens were free with their applause and when a member of the visiting rink made a clever play it was likewise loudly applauded.

Skip Wran was up against Skip Thibideau, who is acknowledged to be one of the best skips in the Maritime Provinces. It was heavy work for Tom, but nearing the end of the game he seemed to get into his stride and tied his opponent, but the Bathurst skip gradually piled up until he finished with a lead of four.

On the other tee Skip MacKendrick was having the battle of his life with Skip MacKay. He kept the lead on the Bathurst man until the second last end when they tied and in the last end MacKay laid one, thus beating Mac-

HON. JOHN HALL KELLY SECONDS THE REPLY TO SPEECH FROM THRONE

At the Opening of the Legislature Last Week the Hon. Member Delivers Splendid Speech of Special Interest at this Time of War.

At the opening of the Quebec Legislature last week, the motion in answer to the speech of the Throne was seconded by the Honorable John Hall Kelly.

The press of both parties in the province are unanimous in saying that it was one of the best speeches delivered at the opening of Parliament in the Legislature, and was of special interest especially at the present moment, when the Empire is at war. Eleven years ago Hon. Mr. Kelly, when elected as representative of Bonaventure also had the honor of seconding the motion in answer to the speech from the Throne in the Lower House.

The following is an extract of Hon. Mr. Kelly's address.

Accustomed, as we have been, for many long and happy years, of hearing yearly from the representative of the Crown, at the opening of each session,

As the last census has demonstrated, while the growth of the population of this province has been normal, it has been especially healthy and strong, and, in view thereof, in seeking to increase our population, it is most important that we should try to bring to our land men whose ideas and sentiments will be in harmony with those amongst or near whom they are to settle.

From France, England, Ireland and Scotland has this Province drawn in its early history, and from a few scattered families, within a comparatively short period, have sprung up hamlets, villages, towns and cities, wherein the best sentiments and traditions of these various nationalities have been religiously preserved, and in the preservation of which lies the secret of our present and future success.

It is only natural to expect that

HON. JOHN HALL KELLY

of the progress made in art, colonization, education, agriculture and industry, we little dreamt, when the Legislature last prorogued, that when we would be convened again, that this Province, as a part of Canada, and in consequence of the great British Empire, would be participating in one of the most bloody wars with which mankind has afflicted.

from these same countries, after the war, an unprecedented stream of emigration will flow, people seeking elsewhere the fortunes of life. But besides the opportunity that will be afforded us of drawing from the countries to which we have naturally looked in the past, a special opportunity

ICE RACING HELD HERE LAST FRIDAY

Successful Meeting Held Considering Unfavorable Weather.—
 Horse Drops Dead

The horse races held here last Friday were very successful and attracted quite a number of spectators to the track, which was prepared below the wharf. The weather, which was to the mild side, had made the track a little soft, but all the same some good times were made. Three events were brought off the 222. Free-for-all and the Three minutes. The judges were Messrs. Henry Cormier, Azad Landry, Geo. St. Onge, and J. McKenna (New Richmond.) Starter, Andy Barbaric.

Oak Hall Billy, Doyle	2.2.2.
Abbot W., Ellsworth	3.3.3.
Will Be Sure, Jr., Jardine	4.4.4.
Time 1.11 1/2.	

The 3 minute class was very closely contested, Bessie K. and Oak Hall Billy fighting it out neck to neck on the home stretch. Will Be Sure, Jr., seemed to have plenty of speed, but would break badly in scoring. During the scoring in the second heat, Bessie K. broke her hit, but driver Shirley got her stopped, without any damage. In scoring in the 3rd heat of the Free-for-all, Guy Norval died.

will present itself, by which not only will we be benefiting ourselves, but in the grasping of which we will be fulfilling an obligation that is not, not only by this Province, but by the whole world; I refer to that land of heroes, Belgium. A people that has fought as they have fought, a people that has suffered as they have suffered, a people that has the privilege of being subjects of such a noble and kingly King, where ever they may go, the sword over, whether they be rich or poor, will constitute a source of wealth and strength for the country that may be happy enough of having the honor of receiving them. It will be a lucky day for our Province if we can succeed in bringing to our shores some of those thousands of noble sons of Belgium, who today, on the battlefields are dreaming, not of their homes, for they exist no more, but of the future that awaits them in the New World, after the dawn of peace.

There are many vacant farms in the Province that have been temporarily abandoned by the inexperienced, who, answering the call of the cities and of the West, have turned westward, many of whom would gladly return had they sufficient funds to do so, and who would never have left had they known what they know today. To these farms the government is giving special attention, ascertaining the number thereof, their location, condition and value, and I understand
