THROWING THE LACROSSE BALL. At the lacrosse grounds to-morrow aftermoon, just before the game, a trial of
throwing the ball with the lacrosse will
take place between Ross Mackenzie of the
Toronto club and Frank Lally, goal-keeper
of the Shamrocks. The trial is for the championship of Canada and a hardsome candelbra presented by Mrs. E Strachan Cox.

THROWING DOWN THE GAUNTLET.

SIR: -On September 8 we noticed a piece SIR:—On September 8 we noticed a piece in the Toronto Globe signed 'Secretary Acme lacrosse club, Toronto,' saying they would play us, as they were satisfied they could defeat us as easily as we defeated the Unions of Toronto on Sept. 7 in three straight games. In order to give them a chance to do so we challenge them to play a friendly game of lacrosse in St. Kitts on Sept. 21, and we have had no answer as the training of the straining of the second time we have yet. This is the second time we have off-red to play them this year, and they have not sponded. If they want a match so bad as to put it in the papers why don't they play when they are challenged. We will play them any day they wish to name within two weeks. Now let us see if they can do as much playing as they can talking. M. Johnston, secretary Mutual lacrosse club, St. Catharines.

Baton v. Pencil at Baseball.

Goodwill v. Wilkens was finished yesterday afternoon, a verdict being entered for defendant.

Seaton v Toronto was an action to recover damages for an accident on Denison streat. The jury was out from d to 9.30 p. m., when they agreed upon a verdict for plaintiff for \$350.

The Benefit of Insuring. Capt. Blanchard, of Donmount, who was lest, with his son, on the Nellie Sherwood in Georgian bay, was insured in the Etna Life, but the policy had lapsed some years since. He promised to revive it, but em-barked on the fatal voyage without doing so. It is still good for a portion, however, under its non-forfeiting clause. He leaves a widow and several small children.

A Poor Show Poorly Attended. The Grand opera house was but poorly attended last night. A specialty company known as Harry G. Richmond's gave a very indifferent performance and was reseived with commensurate indifference. Harry Richmond himself has had laurels heaped upon him and deservedly so, for Harry is very funny. The company are billed for to-night and to-morrow night, with a matinee.

A Big Difference A close estimate of the attendance of visitors, including day and night, fixes the rumber in round numbers at 25,000.—London Advertiser.

It is estimated, with reasonable accuracy, that fully 33,000 people were assembled at one time on the g ounds.—London Free Press.

The above is in reference to the attendance at the Western fair on Wednesday. The organs ough to have agreed on a figure and their statements would not have looked so ridiculous in the eyes of the public.

Police on Their Muscle. On behalf of the Toronto police, Sergt. Stark asked their brethren of the baton in Hamilton to meet them, in a friendly game of baseball. A startling answer has been received. The Hamilton men not only want to play baseball, but challenge our force to compete in a round of athletic games, from tossing the cabre down to a swimming match. Their proposition will be considered in a day or two, and no doubt Sergt Stark will be able to organize a squad who will accommodate Chief Stewart's muscular men.

He pleaded guilty and elected to be tried pleaded guilty and elected to be tried summarily. At a recent meeting of the wholesal booksellers and stationers of Toronto the question of cash discounts was discussed and the following resolution was passed : That the cash discount to be hereafter allowed by the who cashe bookselling and stationery trades in Ontario be three per cent for payments within 30 days from date of invoice.

This arrangement has been decided upon for the reason that competition has redesed the profits of the trade, and that the money market is now in such a position that cash is not worth the amount hitherto allowed for prompt payments.

The Comet Seen in Toronto. A comet is lurking in the heavens some where at present, but he don't care about exhibiting himself to the vulgar gaze of the general public. Hearing that such a suspicious character was in the neighborhood the chief of police instructed his men to be on the lookout for him. Accordingly the officers on night duty have paid particular attention to the heavens for a week past, but the closest watch failed to week past, but the closest watch failed to discover the whereabouts of the astronomical vagrant until Tuesday morning, when Constable McKee says (and the veracity of a Toronto policeman is unquestionable) he saw him in the eastern sky, a few points south, and near the horizon. The time was 4.30 and as dawn was about breaking the comet did not show up very plainly, but the constable swears it was distinct enough to prove its identity. The officer was kind of afraid to tackle the long-tailed animal himself, so he hurried back to the station for assistance, but in the meantime the comet faded away and has not since been seen.

They have been, and must continue to be, failures We recall one that was organized and conducted by men of commercial integrity and ducted by men of commercial integrity and undoubted honesty. The Difference Between Milk.

A poor woman was seat to jail in
New York for six months for taking a

Conspicuous among the influential men of
the deminion is Mr. J. H. Metcalf, member of parliament from the city of Kingston,
Canada. Coming to a personal matter, we
would mention that Mr. Metcalf was formerly subject to extreme soreness of the chest,
for which, as he himself says, "I could
find do remedy but St. Jacobs Oil, the
Great German Remedy. I would not be
without it for ten times its selling price."

was better for the insured person to have
his money in his own pocket, whilat he
would only pay "mortuary fees" for such
persons as died among the members of the
company. This looks like sound argument, but it is not. At first there was a
high tide of prosperity with the affairs of
his "mutual" company, nearly five thousand persons become we he say a
good thing for the familiar of these was a
divided any intention of the season of its existence;
but in less than ten years the company had
dwindled down to one hundred and fifty.
A friend of ours had been a member when
the number was over 4800, and when we
saw him last there were only 150 lett. He
had paid over \$1400, he told us, in "mortuary fees," and now, for all that expenditure, his family, in case of his death,
would receive less; than \$150. We have
dealt at length with this subject because

Au Actor's Death in London

Guy Linton was an acceptable perfere late industrial fair held in this city will in the variety theatres of America, appearing as an actor and singer in humorou sketches. He went to London a year ago, A baseball match between the reporters and the police is on the tapna. It will be baton against pencil, with the prospects in favor of the former, although the latter will doubtless make its mark.

Bridget Silvey, an old tartar, got six months for drunkenness. So did Alice Friday. James Higgins was put away for the same term. Wm. Clark and James Vanucke each paid \$2 for breaking the cab bylaw. The case of James Walsh against Charles Simmons, for alleged assault, was dismissed.

The Civil Assizes.

Goodwill v. Wilkens was finished yesterand the Times contains the following rewas possible was done for him. He told her that he had earned a few balf pence by selling matches and envelopes. Dr. Scott said that food was given him, but he was too far gone to rally. He had auffered greatly from want of food. The cause of death was destitution and exposure." Linton had considerable talent, but could not conquer his love for alcohol.
