

RYERSON SCORED STRIKING VICTORY

Size of Majority Surprise Feature of Brantford Voting SECURED 2,529 IN CITY Smoke Given Strong Support In Urban Centers

BRANTFORD, Oct. 30.—The surprise in Brantford riding is not the election of a Conservative, E. E. Ryerson, but in the majority of 2,461 which he rolled up, for 1,500 was the greatest expected. The city gave a majority of 2,529. Mount Pleasant for the first time in history, gave a Conservative majority and Brantford Township as a whole gave Mr. Ryerson a majority of 11. Since W. G. Raymond had 83 in Oakland, the rural sections gave him but 73 majority, where 600 was expected.

Since Confederation only eight men have represented the riding. The record is: 1867-1872, Hon. E. B. Wood; 1872-1886, Hon. W. Patterson; 1886, R. Henry; 1887 (by-election), 1891, C. E. Heyd; 1904-1908, W. F. Cook; 1908-1911, Lloyd Harris; 1911-1921, W. F. Cook; 1921-1925, W. G. Raymond; 1925, Robert E. Ryerson.

STRONG URBAN SUPPORT The urban votes of Paris Town, nine subdivisions in Brantford City and the urban outskirts in Brantford Township gave Franklin Smoke, K.C., his majority against E. E. Ryerson, Progressive. Paris Town rallied around the Paris barrister with a majority of 1,058 and Brantford City gave him 255, while Brantford Township added 179. South Dumfries, Burford and Onondaga, purely rural, all gave majorities to Mr. Ryerson, cutting Mr. Smoke's lead to 84, a rather closer margin than was expected.

TAYLOR-STANFORD Rev. G. Doner, pastor of Gospel Tabernacle, yesterday afternoon at the tabernacle united in marriage Eva Madeline, eldest daughter of Mr. and Mrs. P. E. Stanford, and James Kitchen Taylor, youngest son of Mr. and Mrs. Ed Taylor, Waterford. The young couple will live in Walkerville.

RESTORE BELL HOMESTEAD Greater efforts to have the original Bell homestead here restored as much as possible and as much of the original furniture secured as can be well backed by the Brantford Kiwanis Club. Visitors to the homestead, where Dr. Alexander Graham Bell invented the telephone, should, it was thought, receive impressions of things as they existed when he conceived his great invention. The property is owned by the city and contains some of the original furniture given by the Bell family, a model of the first telephone and several other telephone models.

Check Up the Vote in East Lambton A NOTABLE VICTORY Conservative Member-Elect Receives Many Congratulations

PETROLIA, Oct. 30.—Complete returns of yesterday's election in East Lambton as received and carefully checked over by the Conservative riding headquarters gives J. E. Armstrong, Conservative, a majority of 47. The Progressives conceded the majority of 995 secured by Mr. Fansher, Progressive in 1921, but in the redistribution there was added to the riding of East Lambton the Township of Dawn, which in 1921 gave a Progressive majority of 700. This meant a total of nearly 1,700 to be overcome.

Particularly gratifying to Mr. Armstrong's supporters was the large majority given the Conservative candidate in Petrolia, where his majority was 955 votes over his nearest opponent. A remarkable evidence of confidence in Mr. Armstrong was shown in Dresden, where his majority was 500. Mr. Armstrong was to-day the recipient of scores of messages of congratulations, many from former colleagues in the Commons.

WEEKLY SUNDAY SCHOOL LESSON THE FIGHT AGAINST STRONG DRINK

TEXT: Ephesians vi. 10 to 20. Put on the whole armor of God, that ye may be able to stand against the wiles of the devil.

Finally, my brethren, be strong in the Lord, and in the power of His might. Put on the whole armor of God, that ye may be able to stand against the wiles of the devil. For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. Wherefore, take unto you the whole armor of God, that ye may be able to withstand in the evil day, and having done all, to stand. Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness; And your feet shod with the preparation of the Gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked. And take the helmet of salvation and the sword of the Spirit, which is the Word of God. Praying always with all prayer and supplication in the Spirit, and watching therewith with all perseverance and supplication for all saints; Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness; And your feet shod with the preparation of the Gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked. And take the helmet of salvation and the sword of the Spirit, which is the Word of God. Praying always with all prayer and supplication in the Spirit, and watching therewith with all perseverance and supplication for all saints; Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness; And your feet shod with the preparation of the Gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked. And take the helmet of salvation and the sword of the Spirit, which is the Word of God.

THE FIGHT AGAINST STRONG DRINK

The international Sunday School lesson for November 1st is "The Fight Against Strong Drink" (World's Temperance Sunday)—Ephesians vi. 10-20.

BY WM. E. GILROY, D. D., Editor of The Congregationalist. Though warfare has changed and the warrior armed according to the equipment of Paul's day would need a spray chance against modern weapons, the power of the spiritual forces that Paul symbolized in his description of the ancient soldier standing well armed and prepared has not undergone any change.

Even worldly warfare has altered more in its form and conditions than its essentials. Courage, endurance, equipment, preparedness, watchfulness, care against the arts and wiles of the enemy—all these are as essential for safety and victory as in the days when the first captain led forth his country's armed soldiers in defense or attack.

And if this is true in worldly warfare, how much more true in the spiritual conflict of 1925—the battle against sin and temptation! Here the great forces that battle in behalf of the soul are the powers of the Eternal. God helps men as He always helps of Luther's great hymn: "Glorious is His power and take to themselves the strength that He offers to the weak. PAUL'S EXPERIENCE. Paul in this appeal to others to put on the whole armor of God was speaking from experience. He tells elsewhere how he had been oppressed with his weakness, until he had heard the Lord's voice saying to him, "My strength is made perfect in weakness."

It is probably this experience that is in Paul's mind as he writes from his imprisonment in Rome, contrasting and undaunted, to those in the church at Ephesus, urging them to "be strong in the Lord and in the power of His might." What an expression and what a privilege! Be strong in the Lord! What a refuge for weak and buffeted men! One thinks of Luther's great hymn: "A mighty fortress is our God."

SPRITUAL STRUGGLE. We are engaged in a spiritual struggle. We war not only against outward allurements of evil, but against the very enemies of the soul, against spiritual wickedness in high places. It is spiritual equipment that prevails. It is God against the devil. A true temperance lesson reaches far beyond the evils of drink alone, but how necessary it is to perceive the place of spiritual strength in the fight against strong drink.

We have been fighting drink by law, and at present the whole country is divided over the results of prohibition. Some say that it has been a profound boon, while others see in it an incentive to lawlessness and a deep failure. One thing may be said with confidence: "researching" concerning the results and effects of prohibition, viz.: that there never was any need to "research" for the effects and results of the drink traffic in the pre-prohibition days. They were always apparent and one didn't need to go beneath the surface to find them.

We have been too ready to assume that the law was going to do everything, but the law must be backed up with intelligent action, appealing to the minds and consciences of men, teaching them the evils of strong drink and the strength and beauty of temperance. The fight with evil is never won until day by the National Council of Women, celebrating the first anniversary of the day the delegates turned their attention to the important duty of nominating officers. The elections, which are scheduled for Saturday morning, have assumed exceptional importance in the minds of the delegates due to a recent attack on the present official staff and board, by the report of Mrs. Philip N. Moore, national president, when delegates arose to defend the council from charges formulated by Mrs. Haviland English, now president, and an open debate before the council was impossible and that the council sought communistic ends.

The communistic and inflammatory literature had been circulated at the time of the international council meeting in Washington last May by delegates of the C. P. B. liner. It has been emphatically denied by Mrs. Flo Jamison Miller, corresponding secretary of the council. Mrs. Miller admitted that such literature had been found, originating in a source she did not name, but declared it was quickly removed from the hall.

BLOODSTAINED AXE IS DISCOVERED

Presumably Weapon Used In Quebec Double Murder FOUND NEAR THE SCENE Taken To Montreal For Inspection For Fingerprints

MONTREAL, Oct. 30.—(Canadian Press Dispatch)—A bloodstained axe, presumably that with which Charles Bernard and his wife, Sarah, were murdered last week in their home at Rougemont, Que., and for which detectives have been looking all week. The axe was found in a pile of brush about 200 feet from the house of the murdered couple's house, according to a report received by Dan Lortie, chief of provincial detectives, from Detective Germain, who has been on duty at Rougemont since the discovery of the crime last Monday.

In his report, the detective stated that there were bloodstains on the handle of the axe, but that its head was clean, probably due to the fact that it had been partitioned in the ground. The instrument will be brought to Montreal for close inspection and for possible fingerprints.

FIND DEATH IN MOTOR CRASH WAS ACCIDENTAL

ST. THOMAS, Oct. 30.—A coroner's jury inquest into the death of the city of St. Thomas, which was the result of an "accidental death" in the case of the late Mrs. Lena Torrey, of Brantford. The verdict was in part: "That Mrs. Torrey came to her death as a result of injuries received when the car in which she was riding, driven by her daughter, Miss Jean Torrey, collided with a car driven by Edward Rick, of this city, at the corner of Mary and Curtis streets on October 22. We find no blame attached to Mr. Rick and believe that if Miss Torrey had used proper care in approaching the corner the accident might have been averted. We recommend that the police be given authority to enforce the Motor Vehicle Act in this city."

TRUCKS COLLIDE A minor accident occurred at the corner of King and Talbot streets after 5 o'clock yesterday afternoon, when two trucks collided. One of the trucks, driven by George Storey, 142 Midland street, the rear part damaged and the driver's head was smashed completely. The other car, bearing license number 137-23, suffered slight damage. The accident occurred when the latter car, which was proceeding west on King street, crashed into the rear end of Mr. Storey's truck, which was traveling south on Talbot street.
