Headache Causes and a Cure
Blood pressure or congestion—a rushing of blood to the frontal region is the direct cause for all Headaches. To cure instantly and positively, this pressure must be relieved and the blood sent to its proper channels. Dr. Shoop's Twenty Minute Headache Cure never fails—it puts into circulation congested blood which presses and irritates the nerves. In handy tablet form—pleasant to take. Suited for all treatments. For sale and recommended by T. B. TAYLOR.

To all the Principal points in Canada and United States on sale. Baggage checked through to destination. Choice of routes. Parties contemplating taking a trip to the Northwest or British Columbia would consult their own interests by calling at the G. T. R. station and getting rates. D. O'NEIL, Agent. WATFORD.

STRUCK BY A HOT BOLT

Peculiar Accident to an Engineer.

Edward Spencer, chief engineer of the S.S. "Glide," of Montreal, was working around his engine when a hot bolt flew out and burned his arm terribly. It was as if a red-hot spit had been thrust into it. A supply of Zam-Buk balm was speedily obtained and first aid rendered. The famous herbal balm alleviated the pain, and to the surprise of Spencer and all his friends, at the end of a week the wound was completely healed. This is only one of several cases reported recently in which Zam-Buk has been proved a wonderful healer of burns, cuts, bruises, and abrasions. It is equally effective for ulcers, sores, open wounds, scalp sores, and blood-poisoning, no matter how long these have persisted. Mrs. W. E. Taylor, of North Bay, (Ont.), says: "I had a scaly spot about as big as a ten-cent piece on my face. I had it for four years, and hardly a night during that time went by but what I applied cold cream or some ointment or other, but it would always be there, and the warmer the weather the worse it got. I recently applied Zam-Buk, and in about a week's time the spot had disappeared completely."

One of the world's greatest analysts says the healing power of Zam-Buk is due to the rare herbal essences of which it is entirely composed. For rheumatism and sciatica it is also a speedy cure. Its healing influence on the skin is unequalled, and it is so pure that the delicate skin of babies benefits from its application. It cures rashes and eruptions as well as more serious ailments, such as blood poison, ringworm, abscesses, etc. Indeed, as a household balm it is working wonderful cures all over the Dominion. Drugists and stores sell it at fifty cents a box. A sample will be sent by the Zam-Buk Co., Toronto, to all our readers who mail this article with a one cent stamp to pay return postage. Write the name and date of this paper across the article before mailing.

Mr. and Mrs. Kelly Remain.

The county council have re-engaged Mr. and Mrs. A. J. Kelly, respectively as superintendent and matron of the house of refuge, at an increase in salary of \$100 a year each. This action will meet with general approval, as the salaries of the county and municipal officials is about as small as they can with any show of decency be made, and scarcely commensurate with the work demanded.

The county council has also asked their solicitor's advice on the new county council's act with reference to representation, and whether duplicate names on a voters' list will count.—Sarnia Post.

Greatest Female Strengthener on Earth.

Thousands of women are wan, pallid, run-down and dispirited. What they need is that nourishing tonic Ferrozone. Soon they regain these laughing eyes, bright spirits and rosy cheeks. Ferrozone does this and more as Mrs. L. F. Adrianson of Whitney Pier, C. B., testifies. "My daughter was very much run down and had considerable troubles at times. Often I was at a loss to know what to do. I was advised to give her Ferrozone and I did so. Ferrozone cleared up all the trouble, made my daughter healthy and well. Ferrozone gives good appetite, regulates, strengthens. I consider it a medicine every woman should use regularly if she wants to feel her best." Rebuild with Ferrozone, it is the King of all cures. Price 50c per box at all dealers.

Shopping.

Shopping is a form of cruelty indulged by married ladies toward their husbands. It is incipient in young girls, reaches an active condition in brides, and arrives at its most virulent stage between the tenth and the twenty-fifth year of married life.

A small, delicate, slight, nervous, sensitive woman, who would faint away at an empty mouse trap, will go through the shopping district in from two to seven hours and come out refreshed and sustained by an unflinching trust in her husband's credit is good, while that gentleman at the end of forty-five minutes has to be carried home on a stretcher. Some women are born shoppers, others achieve it, but not one of them has it thrust upon her.

Shopping is extensively practiced on week days, beginning on Monday with a rush and ending on Saturday in time for the opera. It promotes industry. Without it married men would have time to rest.—The January Delineator.

WHY BURN YOUR TOES.

Stop using Acid Corn Salves, use Putnam's Painless Extractor; it costs a little more, but it's far the best. Use only Putnam's—25 at all dealers.

Broken down systems, shattered nerves and emaciated forms are rapidly restored by Miller's Compound Iron Pills. T. B. Taylor & Sons.

It will probably be two years before any dividend is declared in the York Loan matter. R. Home Smith, manager of estate department of the National Trust Company, Limited, of Toronto, is authority for the statement. Mr. Smith says that the company expect to complete the classification of the list of shareholders some time in the early part of 1907.

Pleasant as syrup; nothing equals it as a worm medicine; the same is Mother Graves' Worm Exterminator. The greatest worm destroyer of the age.

This is the time of the year when paragraphs appear stating that Mr. S. and So, after much urging on the part of his friends, has consented to stand for public honors. The resistance in almost every case is so severe that enough heat is engendered to precipitate a January thaw.

Miller's Granules are small; children will take them readily. I. E. Taylor & Sons.

Regulations Affecting Agricultural and Horticultural Societies.

The New Act Comes Into Force February 1st, 1907.

As the dates for the annual meetings of the Agricultural and Horticultural Societies are near at hand, our readers will doubtless be interested in learning something of the laws that will govern the procedure of these organizations.

The new laws come into force on Feb. 1st, 1907, but the next annual meetings of these organizations will be held on the dates fixed under the old act, viz., horticultural and township societies on January 9th, and district societies on January 16th, and the usual two weeks notice must be given in local newspapers together with bills posted in places of common resort.

In future societies will no longer be known as "district" and "township" but every society in the township will be placed on the same basis in regard to the receipt of its government grant, and will receive such grant in proportion to its expenditure for agricultural purposes during the past three years, as shown by their sworn annual statement to the department of agriculture. A definition of what may be considered "expenditure for agricultural purposes" is given in the Act.

Societies will be known by the name and place where they held their last annual exhibition unless they prefer some other, then the new name must be determined by the members thereof, and approved by the minister of agriculture.

Under the new law it will not be permissible for horticultural societies to offer prizes for competition at exhibitions held under the auspices of agricultural societies. These last named organizations, however, may use their own funds for the offering of prizes for horticultural exhibits.

Hereafter no prizes can be offered for grade male stock.

Spring stallion and cattle shows shall receive a special grant equal to one-half the sum expended, but such sum shall not exceed \$50. Where seed fairs are held the maximum grant shall be \$25.

Societies investing in horses, cattle, sheep or swine, for the improvement of stock, will receive a grant ranging from \$50 downward, for each registered male animal in these classes.

No society shall be entitled to receive a grant exceeding \$800.

Under the new Act restrictions in regard to the conducting of games of chance have been made more stringent.

The annual meetings to be held in January of district, township and horticultural societies, which for the last time will be convened under the old act, will be made the most important ones in the history of these organizations. All who are interested in making of primal importance the educational features of these societies, and in improving the quality and quantity of the products of the farm, factory and garden, should attend these meetings on Jan. 9th and 16th. Copies of the new Act governing Agricultural societies may be had on application to Mr. J. Lockie Wilson, superintendent of agricultural and horticultural societies, Parliament Building, Ottawa.

A BLENDHEIM man read an ad. on "How to Raise Goats." The answer was "Put them on an elevator." It cost him 50 cents. And yet we claim that education is free in this country.

Your Doctor

Can cure your Cough or Cold, no question about that, but—why go to all the trouble and inconvenience of looking him up, and then of having his prescription filled, when you can step into any drug store in Canada and obtain a bottle of SHILOH'S CURE for a quarter.

Why pay two to five dollars when a twenty-five cent bottle of SHILOH will cure you as quickly?

Why not do as hundreds of thousands of Canadians have done for the past thirty-four years: let SHILOH be your doctor whenever a Cough or Cold appears.

SHILOH will cure you, and all druggists back up this statement with a positive guarantee.

The next time you have a Cough or Cold cure it with

SHILOH
