Advertise Extensively.

The large spaces used for advertising purposes nown-days as compared with the spaces used a number of years ago are worthy of remark. This is particularly the case in the United States. An instance of a large space advertise ularly the case in the United States. An instance of a large space advertise ularly the case in the United States. An instance of a large space advertise ularly the case in the United States. An instance of a large space advertise ularly the case in the United States. An instance of a large space advertise this flour make good use of the space by putting as few, but as forcedul, words as possible.

The modern idea about advertising is not what it costs, but what it pays. There is no limit to the amount of the portion of the said continued to the profit it will bring.

Royal Household Flour is said to be a perfect flour for bread or pastry; it costs no more money than inferior flours, and wherever it has been tried in makes friends and holds them.

Royal Household Flour is made in Canada. It is quite a distinction for Ganada that she supplies the bread consumed in the Royal Household,
