J. A. SIMMERS SEEDS, BULBS, PLANTS
LIMITED TORONTO - - ONTARIO

PHOTOGRAPHED IN AUGUST—BLOCK ONE-YEAR PEACH TREES

Herbert Raspberry

This is the heaviest cropper of all Red Raspberries: 200 bushels to the acre is its record.

Cherry Trees

Plant a row of sour cherry trees around your farm, 6 feet clear of fences. Then cultivate both sides of the trees. Each tree will produce \$5 to \$8 worth of fruit per year. We have three grades of cherry trees.

Plums and Pear Trees

The demand for these two fruits is very heavy of late. The Northwest development is absorbing hundreds of carloads of fruit annually. Plant more Plum and Pear trees.

Peach Trees

We still have unsold a few thousand Peach Trees of leading sorts.

Buy a Farm

If you do not own one, buy one, and plant it to fruit. 50% dividends are not unusual in fruit growing. If you own a farm, plant fruit trees: More money in growing fruit than grain or raising stock.
